The Seersucker Whipsaw Ross Thomas, 2013-04-23 From the Edgar Award winning author A highly readable novel of political adventure a cracking good story and the Africa mentality is fascinating Kirkus Reviews Clinton Shartelle doesn't seem like a good choice to run a political campaign in Albertia For one thing he's American and Albertia is a small coastal republic in Africa about to be cut loose from the English Crown For another Shartelle is Southern and fiercely proud of it and his ideas about racial politics veer unpredictably from progressive to rigidly old fashioned But Shartelle is the best and the political future of Albertia is too important to be left to anyone else If history is any indication this first fair election will probably be the country's last Rich natural resources make it attractive to businessmen on both sides of the Atlantic opening Albertia up to political corruption For his part Shartelle is hired to make sure that a British industrialist's favored candidate wins the presidency But the opposition is backed by the CIA for whom murder is just another political tool **Subject Catalog** Library of Congress, 1965 *The Clique*, 1981
