Segunda Piel:

Teoría transcultural del arte Adolfo Colombres,2005 El autor pretende elaborar una teoría transdisciplinaria del arte desde la periferia considerando que la estética occidental no ha confrontado sus conceptos y modelos con los de otros pueblos y ha preferido imponerlos como un discurso único que no ha servido generalmente para comprender la producción simbólica ajena sino para oscurecerla para borrar o devaluar los sentidos que los otros habrían construido a lo largo de una historia a menudo milenaria

La interpretación de los sueños Juan Vives Rocabert,2002-01-01 **Miradas sobre la sexualidad en el arte y la literatura del siglo XX en Francia y en España** Juan Vicente Aliaga,2001 **Framing Majismo** Tara Zanardi,2016-03-08 Majismo a cultural phenomenon that embodied the popular aesthetic in Spain from the second half of the eighteenth century served as a vehicle to regain Spanish heritage As expressed in visual representations of popular types participating in traditional customs and wearing garments viewed as historically Spanish majismo conferred on Spanish citizens the pictorial ideal of a shared national character In Framing Majismo Tara Zanardi explores nobles fascination with and appropriation of the practices and types associated with majismo as well as how this connection cultivated the formation of an elite Spanish identity in the late 1700s and aided the Bourbons objective to fashion themselves as the legitimate rulers of Spain In particular the book considers artistic and literary representations of the majo and the maja purportedly native types who embodied and performed uniquely Spanish characteristics Such visual examples of majismo emerge as critical and contentious sites for navigating eighteenth century conceptions of gender national character and noble identity Zanardi also examines how these bodies were contrasted with those regarded as foreign finding that foreign and national bodies were frequently described and depicted in similar ways She isolates and uncovers the nuances of bodily representation ultimately showing how the body and the emergent nation were mutually constructed at a critical historical moment for both

Great Spanish Films Since 1950 Ronald Schwartz, 2008-09-05

When it began modern Spanish cinema was under strict censorship forced to conform to the ideological demands of the Nationalist regime. In 1950 the New Spanish Cinema was born as a protest over General Francisco Franco's policies a new series of directors and films began to move away from the conformist line to offer a bold brand of Spanish realism. In the 1950s and early 1960s filmmakers such as Juan Antonio Bardem Luis García Berlanga and Luis Buñuel expressed a liberal image of Spain to the world in such films as *Muerte de un ciclista* *Death of a Cyclist* *Bienvenido Señor Marshall* *Welcome Mr Marshall* and *Viridiana*. The emergence of new directors continued into the sixties and seventies with Carlos Saura José Luis Borau Víctor Erice and others. After Franco's death in 1975 censorship was abolished and films openly explored such formerly taboo subjects as sexuality drugs the church the army and the Civil War. The Spanish cinema was no longer escapist and entertaining but at long last mirrored the society it depicted. While established directors like Saura Bardem and Berlanga continued to produce distinguished work the new wave of Spanish cinema included brilliant films by the likes of Montxo Armendáriz Tasio Fernando Trueba *First Work* Imanol Uribe *The Death of Mikel* and Pedro Almodóvar *Women on the Verge of a Nervous Breakdown*. In the last couple of decades exciting works by established filmmakers and newcomers alike continue to be produced including Alejandro Amenábar's *Thesis* José Luis García's *The Grandfather* and Almodóvar's *Talk to Her* and *Volver*. In *Great Spanish Films Since 1950* Ronald Schwartz presents a compendium of outstanding Spanish films from the pre-Francoist era through the Spanish New Wave of the 80s and 90s and into the present day. Schwartz provides background plot and commentaries of key films from six decades of Spanish cinema. In addition to identifying
