CMH website [Seize the High Ground](#) James Walker, Lewis Bernstein, Sharon Lang, 2005-10-01 As the Army's newest major command, one might assume that the U.S. Army Space Missile Defense Command (USASMDC) would not have a significant historical record. However, USASMDC and its predecessor organizations have spent many decades since 1957 focusing on issues, experiments with missile defense, space-based communications, sensor technologies. This updated volume provides the history of the U.S. Army's activities in space missile defense. It builds upon the material presented in *Strategic Defense Four Decades of Progress* published by the USASMDC Historical Office in 1995. Includes an Intro by Joseph M. Cosumano Jr., Lt. Gen., U.S. Army. Commanding Color illustrations. [Seize the High Ground](#) U.S. Army Space and Missile Defense Command, 2015-02-10

Hensel, Carlos Alberto Leite da Silva, 2025-09-01 This book contributes to our understanding and appreciation of the contemporary relevance of international humanitarian law and international human rights law by analyzing and assessing the foundational norms, principles, and provisions contained within these bodies. It also explores the ways in which they inform and condition military doctrine and the planning and the execution of military operations in the land, air, cyber, and space domains as perceived through the lens of two of the most important military establishments in the Western Hemisphere: the United States and Brazilian militaries. The expert contributors promote a better awareness and comparative understanding of
