Lord Methuen And The British Army:

Lord Methuen and the British Army Stephen M. Miller, 2012-11-12 This study analyzes the readiness of the British military establishment for war in 1899 and its performance in the South African War 1899-1902. It focuses on the career of Field Marshal Paul Sanford 3rd Baron Methuen whose traditional military training used so effectively in Queen Victoria's small wars was put to the test by the modern challenges of the South African War. A subsidiary aim of this work is to correct and refine the historical consensus that Methuen's campaigning in the South African War was plagued by practical errors and poor judgement. The South African War was a crucial transitional episode in the history of the British army. Unlike Great Britain's other expeditions it required the concentrated resources of the entire empire. It was a modern war in the sense that it employed the technology, the weaponry, the communications and the transportation of the second industrial revolution.

Lord Methuen and the South African War Stephen M. Miller, 1996 **The Boer War** John Gooch, 2013-10-23 This collection of essays by leading British and South African scholars looking at the Boer War focuses on three aspects: how the British Military functioned, the role of the Boers, Afrikaners and Zulus, and the media presentation of the war to the public.

A Cultural History of Firearms in the Age of Empire Karen Jones, 2016-03-16 Firearms have been studied by imperial historians mainly as means of human destruction and material production. Yet firearms have always been invested with a whole array of additional social and symbolical meanings. By placing these meanings at the centre of analysis, the essays presented in this volume extend the study of the gun beyond the confines of military history and the examination of its impact on specific colonial encounters. By bringing cultural perspectives to bear on this most pervasive of technological artefacts, the contributors explore the densely interwoven relationships between firearms and broad processes of social change. In so doing, they contribute to a fuller understanding of some of the most significant consequences of British and American imperial expansions. Not the least original feature of the book is its global frame of reference. Bringing together historians of different periods and regions, *A Cultural History of Firearms in the Age of Empire* overcomes traditional compartmentalisations of historical knowledge and encourages the drawing of novel and illuminating comparisons across time and space. **The**

The Great Battles of All Nations Archibald Wilberforce, 1900 [Loyal to Empire](#) Patrick Crowley, 2016-05-02 Winston Churchill did not describe General Sir Charles Monro in the most glowing terms Referring to Monro s brave decision to recommend a withdrawal from the Gallipoli disaster Churchill said He came he saw he capitulated Monro was one of a handful of senior officers selected to command a division with the British Expeditionary Force in 1914 and also led a corps on the Western Front as the war progressed After Gallipoli he was instrumental in supporting the war effort from India as commander in chief and was directly involved in the aftermath of the Amritsar massacre by Brigadier General Dyer His earlier life included distinguished service on the North West Frontier and in South Africa and he was responsible for dramatically improving tactics within the army *Loyal to Empire* brings to life the interesting character of General Monro perhaps the least well known of all the British First World War commanders and reassesses the legacy of his important military contributions

emerge never before published. Importantly, the war between the Generals, which this work uncovers, relying on unpublished recollections of conversations between senior officers from both sides. The loathing between two prominent Boer generals, as too the incompetence of the leading British General, glossed over for 122 years. Captured in this infighting were loyal, efficient and brave British and Boer commanders and ordinary soldiers from both sides. Many of whose voices speak through this narrative for the first time, doing justice and testimony to their unique yet terrifying experiences and observations of warfare in Victory and Defeat on the South African Veld.
