G. Jung** Robert H.

Hopcke,2013-02-05 The writings of C G Jung himself are the best place to read about all his main ideas but where to start when Jung s Collected Works run to more than eighteen volumes Robert H Hopcke s guide to Jung s voluminous writings shows exactly the best place to begin for getting a handle on each of Jung s key concepts and ideas from archetypal symbols to analytical psychology to UFOs Each chapter explains one of Jung s principal concerns then directs the reader where to read about it in depth in the Collected Works Each chapter includes a list of secondary sources to approach for further study which the author has updated for this edition to include books published in the ten years since the Guided Tour s first appearance Tales for the Dying E. H. Rick Jarow,2012-02-01 Tales for the Dying explores the centrality of death and dying in the narrative of the Bh gavata Pur na India s great text of devotional theism canonized as an integral part of the Vaisnava bhakti tradition The text grapples with death through an imaginative meditation one that works through the presence and power of narrative The story of the Bh gavata Pur na is spoken to a king who is about to die and it enables him to come to terms with his own passing The work does not isolate dying as an issue it treats it on many levels This book discusses how images of dying in the Bh gavata Pur na relate to issues of language and love in the religious imagination of India Drawing on insights from studies in myth literary semiotics and depth psychology as well as from Indian commentarial and aesthetic traditions the author examines the power of myth and narrative storytelling or hari katha and shows how a detailed awareness of the Puranic imagination may lead to a revisioning of some long held presuppositions around Indian religious attitudes toward dying By casting Vaisnava bhakti traditions and Puranic narrative in a fresh light the mythic imagination of the Pur nas takes its place on the stage of contemporary discourse on comparative mythology and literature

Psychoanalytic Perspectives on the Shadow of the Parent Jonathan Burke,2018-11-07 Psychoanalytic Perspectives on the Shadow of the Parent explores the psychological challenges faced by the offspring of either famous or notorious

parents Beginning with parental legacies found in mythology and the Bible the book presents a series of case studies drawn from a range of narrative contexts selecting personalities drawn from history politics psychoanalysis and literature all viewed from an analytic perspective The concluding section focuses on the manifestation of this parental shadow within the field of fine art as written by artists themselves This is a lively and varied collection from a fascinating range of contributors It provides readers with a new understanding of family history trauma and reckoning screened through a psychoanalytic perspective and will appeal to psychoanalysts psychotherapists counsellors and anyone interested in the dynamics of the family

The Horned God (RLE Feminist Theory) John Rowan, 2012-11-27 This original and pioneering study of how men relate to feminism will appeal to all men who are concerned about their response to the women's movement and to the women in their lives It will also be helpful for women seeking a constructive response from men John Rowan drawing on his personal journey through feminism and on his considerable experience as a therapist tackles the issues in a much deeper way than has been attempted before For men to discover feminism is wounding for them It can even make them despair about being men at all But unless they accept that wound nothing much will change John Rowan shows that men have to heal that wound at a conscious social political level changing laws practice and daily behaviour They have to heal it at an unconscious level through therapy exploring their profound feelings about their mothers their fathers and their own internal female nature They also have to heal the wound at a spiritual transpersonal level exploring the world of the Goddess and the Horned God Only then says John Rowan can they start to have any real dialogue with women and only then can the world begin to change for both men and women

War of Titans Jackie DiSalvo, 2010-11-23 In a dramatically original analysis Jackie DiSalvo explores Blake's reworking of Genesis and Paradise Lost in his prophetic poem The Four Zoas creating a compelling new reading of both Milton and Blake With informed argument and provocative insights DiSalvo shows how Blake's view of history prefigures the revaluation of our own myths of origin prompted by new political psychological and feminist perspectives

The Vṛtra-myth in the Ṛg Veda Lucianne Cherry Bulliet, 1986

Personal and Archetypal Dynamics in the Analytical Relationship Mary Ann Mattoon, 1991 The 11th International Congress for Analytical Psychology was held in Paris from 28 August to 2 September 1989 It is no surprise that the theme of Personal and Archetypal Dynamics in the Analytical Relationship succeeded in drawing widely varying and controversial responses More than ever before the fifty five contributors of papers represent Jungian groups from around the globe in every sense However while differences of approach are evident throughout this fascinating collection so too is an ever more significant sense of synthesis in the end we all share a common task

On Life's Journey Daniel A. Lindley, 2006 C G Jung wrote in The Development of Personality In every adult there lurks a child an eternal child something that is always becoming is never completed and calls for unceasing care attention and education That is the part of the human personality that wants to develop and become whole In this reflection on life's journey Daniel A Lindley applies the insights gleaned from many years of study of literature and

psychoanalysis to show how we are always becoming and always obligated to care for that archetypal child Drawing upon psychological truths expressed by Shakespeare Wordsworth Eliot and others Lindley illuminates the process of individuation through personal experience art and archetype From birth to old age he demonstrates even in our separateness we share an archetypal ground Thus at any point in our lives the path we walk is not unknown it has purpose and direction We are living out stories that existed long before we did and will be there long after we are gone This deeply personal memoir folds time and space poignantly bridging one man's life and humanity's distant past with grace wit and quiet perception W Raymond Johnson PhD Director Epigraphic Survey Oriental Institute University of Chicago DANIEL LINDLEY PhD LCSW has degrees from Yale Harvard Florida State and Loyola University of Chicago Formerly a school teacher and professor of English he is a training analyst in the C G Jung Institute of Chicago and is in private practice He is also the author of *This Rough Magic The Life of Teaching* Archaeology and Fertility Cult in the Ancient Mediterranean Anthony Bonanno,1986-01-01 The papers in this volume derive from the First International Conference on Archaeology of the Ancient Mediterranean Malta 1985 The field remains divided between the view supporting the existence of a universal belief in an all pervading and all embracing Mother Goddess of which the fertility cult is just one albeit important aspect and the view questioning the very bases of that theory This conference showed that there seems to be a greater disposition for further dialogue The fertility content in Near Eastern and Classical religions remains indisputable The conference proved to be also not accidentally of special significance to Maltese archaeology The volume is divided into four sections Section I Prehistory Section II Prehistory Malta Section III Phoenician and Near Eastern Religions Section IV The Greco Roman World Abstracts of Folklore Studies ,1966

The Jung-Kirsch Letters Ann Conrad Lammers,2016-02-22 This book charts Carl Gustav Jung's 33 year 1928-61

correspondence with James Kirsch adding depth and complexity to the previously published record of the early Jungian movement Kirsch was a German Jewish psychiatrist a first generation follower of Jung who founded Jungian communities in Berlin Tel Aviv London and Los Angeles Their letters tell of heroic survival brilliant creativity and the building of generative institutions but these themes are darkened by personal and collective shadows The Nazi era looms over the first half of the book shaping the story in ways that were fateful not only for Kirsch and his career but also for Jung and his Kirsch trained with Jung and acted as a tutor in Jewish psychology and culture to him In 1934 fearing that anti-Semitism had seized his teacher Kirsch challenged Jung to explain some of his publications for the Nazi dominated Medical Society for Psychotherapy Jung's answer convinced Kirsch of his sincerity and from then on Kirsch defended him fiercely against any allegation of anti-Semitism We also witness Kirsch's lifelong struggle with states of archetypal possession his identification with the interior God image on the one hand and with unconscious feminine aspects of his psyche on the other These complexes were

expressed for Kirsch in physical symptoms and emotional dilemmas and they led him into clinical boundary violations which were costly to his analysands his family and himself The text of these historical documents is translated with great attention to style and accuracy and generous editorial scaffolding gives glimpses into the writers world Four appendices are included two essays by Kirsch a series of letters between Hilde Kirsch and Jung and a brief incisive essay on the Medical Society for Psychotherapy This revised edition includes primary material that was unavailable when the book was first published as well as updated footnotes and minor corrections to the translated letters The Wing of Madness Daniel Burston,1996 In The Wing of Madness Daniel Burston chronicles R D Laing s meteoric rise to fame as one of the first media psycho gurus of the 20th century and his spiralling decline in the late 70s and 80s **Mythography** William G. Doty,2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach to the study of myth Rewritten and restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition
