Lords Of The Levee The Story Of Bathhouse John And Hinky Dink:

Lords of the Levee Lloyd Wendt, Herman Kogan, 1943 **Lords of the Levee; The Story of Bathhouse John and Hinky Dink, by Lloyd Wendt and Herman Kogan** Lloyd Wendt, 1943 **Chicago Beer: A History of Brewing, Public Drinking and the Corner Bar** June Skinner Sawyers, 2022 Drinking in the Windy City has deep roots Long before corner bars stitched the social fabric of Chicago s neighborhoods together raucous pioneers like Mark Beaubien were fermenting over the untapped potential of the unbroken prairie Take a determined saunter from the clamor of Chicago s first breweries through the hidden passages of thousands of speakeasies and then back into the current of the contemporary craft beer revival Follow a path plastered with portraits of infamous saloonkeepers and profiles of historic bars Author June Sawyers serves as an expert guide stopping very so often to collect a vintage beer label explain an original recipe or salute the heady history that sits atop the City of Big Shouders Back cover **Forgotten Reformer** Frank Morn, 2011 Forgotten Reformer traces criminal justice practice and reform developments in late nineteenth century America through the life and career of Robert McClaghry a leading reformer As a warden of one of America s toughest prisons as a chief of police of Chicago as a superintendent of two different reformatories and as one of the first wardens of the federal prison system McClaghry developed and led a reform movement that resonates today As a founding member of the reformatory movement that sought to save young first offenders McClaghry advocated new sentencing structures probation parole and rehabilitative regimes within new institutions for young first offenders called reformatories McClaghry then successfully got these reformatory ideals placed into adult prisons In addition McClaghry became American s main advocate for a criminal identification method called the Bertillon system He set up the first identification bureaus at the Illinois State Penitentiary the Chicago police department and the federal prison at Leavenworth Kansas and these became models for others across the country Finally as a founding member of the National Association of Chiefs of Police today the International Association of Chiefs of Police and the National Prison Association today American Corrections Association McClaghry sought to professionalize police and prison administrators **I Fight for a Living** Louis Moore, 2017-09-11 The black prizefighter labored in one of the few trades where an African American man could win renown boxing His prowess in the ring asserted an independence and powerful masculinity rare for black men in a white dominated society allowing him to be a man and thus truly free Louis Moore draws on the life stories of African American fighters active from 1880 to 1915 to explore working class black manhood As he details boxers bought into American ideas about masculinity and free enterprise to prove their equality while using their bodies to become self made men The African American middle class meanwhile grappled with an expression of public black maleness they saw related to disreputable leisure rather than respectable labor Moore shows how each fighter conformed to middle class ideas of masculinity based on his own judgment of what culture would accept Finally he argues that African American success in the ring shattered the myth of black inferiority despite media and government efforts to

defend white privilege **A House for All Peoples** John M. Allswang, 2021-10-21 This book assesses the role of urban ethnic groups particularly in terms of the rise of the Democratic Party to national predominance between 1928 and 1932. It builds quantitative and qualitative models for the study of ethnic groups in terms of political behavior. Focusing clearly upon political change and the role of ethnicity, the work advances the hypothesis that Chicago's ethnic groups responded as ethnic groups rather than on socio-economic or other bases when they shifted their party allegiances in the late twenties. This ethnic realignment was a major factor in the redistribution of power between parties. Chicago Employing a variety of quantitative measures and a number of conceptual tools from the social sciences, Mr. Allswang has utilized simple statistical procedures with clarity and discrimination. His statistical data is based on thorough research in unpublished census material and election returns. His qualitative data is based in part on a comprehensive examination of the foreign language press supplemented by materials from other newspapers, personal interviews and manuscript sources. The book studies nine ethnic groups over a generation of political development, affording insights into urban politics and history and into dominant minority and interethnic relations in politics and in the city. Crisp in style, thorough, methodologically innovative, *A House for All Peoples* will become a model for studies of United States political history. Experts and Politicians Kenneth Finegold, 2020-11-10 During the Progressive Era, reform candidates in New York, Cleveland, and Chicago challenged the status quo with strikingly different results: brief triumph in New York, sustained success in Cleveland, and utter failure in Chicago. Kenneth Finegold seeks to explain this phenomenon by analyzing the support for reform in these cities, especially the role of an emerging class of urban policy professionals in each campaign. His work offers a new way of looking at urban reform, opposition to machine politics. Drawing on original research and quantitative analysis of electoral data, Finegold identifies three distinct patterns of support for reform candidates: traditional reformers drew support from native stock elites; municipal populists found support among stock immigrant groups and segments of the working class; and progressive candidates won the backing of coalitions made up of traditional reform and municipal populist voters. The success of these reform efforts, Finegold shows, depended on the different ways in which experts were incorporated into city politics. This book demonstrates the significance of expertise as a potential source of change in American politics and policy and of each city's electoral and administrative organizations as mediating institutions within a national system of urban political economies. **When Dempsey Fought Tunney** Bruce J. Evensen, 1996 The 1926 heavyweight match pitting champion Jack Dempsey against challenger Gene Tunney was billed as the greatest battle since the Silurian Age, and millions of Americans were determined not to miss it. A record-breaking crowd of 130,000 jammed the Philadelphia stadium where the fight was held, while some 39 million radio listeners nationwide gathered at city centers, storefronts, drugstores, athletic clubs, and theaters to hear live coverage of the event. No previous civic spectacle in the United States had drawn so many witnesses. The making of that event, not just the fight itself but the whole public frenzy that attended it, is the subject of Bruce J. Evensen's fascinating new book *When Dempsey Fought Tunney*.

examines the mass media's cultivation of celebrity during the Jazz Age Evensen shows how Jack Dempsey a Colorado hobo turned heavyweight boxer came to represent in popular iconography the last vestige of the raw pioneering spirit that had tamed the American wilderness Against the image of Dempsey as noble savage Evensen explains the press and fight promoters cannily contrasted that of Gene Tunney the urbane easterner who seemed to be everything Dempsey was not a scientific fighter all defense and strategy Dempsey and Tunney thus became in their different ways prime exemplars of the new celebrity culture that emerged during the early twentieth century Filled with entertaining details about great moments in boxing history the book also traces the journalistic developments such as the rise of the star sportswriter that played a critical role in creating and sustaining public excitement over sporting events The result is a colorful insightful account of America's appetite for heroes and spectacle as well as of the network of promotion and publicity that nurtures that appetite
