to Lost Horizons Ken Windrum,2019-03-25 The era known as the Hollywood Renaissance is celebrated as a time when revolutionary movies broke all the rules of the previous classical era as part of the ferment of the late 1960s and early 1970s Yet many films during this era did not overtly smash the system but provided more traditional entertainment based on popular genres for a wider audience than the youth culture who flocked to more transgressive fare Ken Windrum focuses on four genres of traditionalist movies big budget musicals war spectacles naughty sex comedies and Westerns From El Dorado to Lost Horizons shows how even seemingly innocuous family oriented films still participated in the progressive aspects of

the time while also holding a conservative point of view Windrum analyzes representations of issues including gender roles marriage sexuality civil rights and Cold War foreign policy revealing how these films dealt with changing times and reflected both status quo positions and new attitudes He also examines how the movies continued or deviated from classical principles of structure and style Windrum provides a counter history of the Hollywood Renaissance by focusing on a group of important films that have nevertheless been neglected in scholarly accounts
