Lost Revolutionary John Reed:

The Lost Revolutionary Richard O'Connor, Dale L. Walker, 1967 *John Reed* Kenneth Z. Chutchian, 2019-10-22 John Reed was one of America's most dynamic journalists during the World War I decade. An unabashed advocate for the working class and an outspoken critic of capitalism, Reed was a star reporter before his relentless crusade turned him into a target of the U.S. government. Reed set the standard for descriptive writing at labor strikes in New Jersey and Colorado in Mexico while riding with Pancho Villa in Germany's trenches and in Russia. America had no shortage of rebels, socialists, anarchists, and revolutionaries at that time, but with his outsized personality and command of language and audiences, Reed may have been the most dangerous rebel of them all. Neither adversaries nor allies expected Reed to go the distance or to Russia with his convictions. He seemed to enjoy life and merriment too much to sacrifice everything for a second American revolution. But they all underestimated the anger that fueled him: the memory of a father who sacrificed his reputation to fight white collar crime. This career biography details Reed's extraordinary decade before his death at age 32, a chaotic period of constant movement and remarkable accomplishment while placing him in context among those who shaped him and touching upon the people with whom he worked.

[The Illusion of Ignorance](#) Janice Lee Jayes, 2011-02-16 *The Illusion of Ignorance* examines the cultural politics of the American encounter with Porfirian Mexico as a precursor and model for the twentieth century American encounter with the world. Detailed discussions of the logistics of conducting diplomacy, doing business, or traveling abroad in the era give readers a vivid picture of how Americans experienced this age of international expansion while contrasting Mexican and American visions of the changing relationship. In the end, Mexico's efforts to promote Mexico as a partner in progress with the U.S. was lost to an American illusion, schizophrenically divided between fantasies of American leadership toward and refuge from modernity. *The Illusion of Ignorance* argues that American ignorance of the experience of other nations is not so much a barrier to better understanding of the world but a strategy Americans have chosen to maintain their vision of the U.S. relationship with the world.

[The Russian Revolution and Civil War 1917-1921](#) Jonathan Smele, 2006-04-15 *The Russian Revolution and Civil War* in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state.

have banned books that challenged their assumptions or questioned their activities Political suppression also occurs in the name of security and the safeguarding of official secrets and is often used as a weapon in larger cultural or political battles Literature Suppressed on Political Grounds Fourth Edition illustrates the extent and frequency of such censorship in nearly every form of writing Entries include Animal Farm George Orwell The Appointment Herta and Paul Amirson Collection Born on the Fourth of July Ron Kovic Burger's Daughter Nadine Gordimer Cancer Ward Aleksandr Solzhenitsyn Doctor Zhivago Boris Pasternak The Fugitive Pramoedya Ananta Toer Girls of Riyadh Rajaa Alsanea The Grapes of Wrath John Steinbeck Gulliver's Travels Jonathan Swift The Hate U Give Angie Thomas The Jungle Upton Sinclair Kiss of the Spider Woman Manuel Puig Manifesto of the Communist Party Karl Marx and Friedrich Engels Les Misérables Victor Hugo Mein Kampf Adolf Hitler Slaughterhouse Five Kurt Vonnegut Jr Snow Orhan Pamuk The Struggle Is My Life Nelson Mandela The Things They Carried Tim O'Brien The Van K Plays Václav Havel and more **Claude McKay, Rebel Sojourner in the Harlem Renaissance** Wayne F.

Cooper, 1996-02-01 Cooper paints a meticulous and absorbing portrait of McKay's restless artistic intellectual and political odyssey The definitive biography on McKay Choice Although recognized today as one of the genuine pioneers of black literature in this century the author of If We Must Die Home to Harlem Banana Bottom and A Long Way from Home among other works Claude McKay 1890-1948 died penniless and almost forgotten in a Chicago hospital In this masterly study Wayne Cooper presents a fascinating detailed account of McKay's complex chaotic and frequently contradictory life In his poetry and fiction as well as in his political and social commentaries McKay searched for a solid foundation for a valid black identity among the working class cultures of the West Indies and the United States He was an undeniably important predecessor to such younger writers of the Harlem Renaissance as Langston Hughes and Countee Cullen and also to influential West Indian and African writers such as C. L. R. James and Aimé Césaire Knowledge of his life adds important dimensions to our understanding of American radicalism the expatriates of the 1920s and American literature Mr Cooper's most original contribution is his careful and perceptive analysis of McKay's nonfiction writing especially his social and political commentary which often contained prophetic statements on a range of important social political and historical issues New York Times Book Review The Lost Summer Tony Buttitta, 2003-12-31 *The Lost History of 1914* Jack Beatty, 2012-02-02 In *The Lost History of 1914* Jack Beatty examines the First World War and its causes testing against fresh evidence the long dominant assumption that it was inevitable Most books set in 1914 map the path leading to war Beatty writes this one maps the multiple paths that led away from it Radically challenging the standard account of the war's outbreak Beatty presents the assassination of Archduke Franz Ferdinand not as the catalyst of a war that would have broken out in any event over some other crisis but rather as its all but unique precipitant Chronicling largely forgotten events faced by each of the belligerent countries in the months before the war started in August Beatty shows how any one of them a possible military coup in Germany the threat to Britain of civil war in Ireland the murder trial of the wife of the likely next premier of France who

sought détente with Germany might have derailed the arrival of war Europe's ruling classes Beatty shows were so haunted by fear of those below that they mistook democratisation for revolution and were tempted to escape forward into war to head it off Beatty's deeply insightful book as elegantly written as it is thought provoking and probing lights a lost world about to blow itself up in what George Kennan called the seminal catastrophe of the twentieth century *The Lost History of 1914* is a highly original and challenging work of history

Three Revolutions Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In *Three Revolutions* the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep *Three Revolutions* raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today

In Defense of Lost Causes Slavoj Žižek, 2009-10-19 The renowned philosophical sharpshooter looks for the kernel of truth in the fascist politics of the past offering an adrenaline fueled manifesto for universal values Is global emancipation a lost cause Are universal values outdated relics of an earlier age In fear of the horrors of totalitarianism should we submit ourselves to a miserable third way of economic liberalism and government as administration In this combative major work philosophical sharpshooter Slavoj Žižek takes on the reigning

ideology with a plea that we should re appropriate several lost causes and look for the kernel of truth in the totalitarian politics of the past Examining Heidegger s seduction by fascism and Foucault s flirtation with the Iranian Revolution he suggests that these were the right steps in the wrong direction He argues that while the revolutionary terror of Robespierre Mao and the Bolsheviks ended in historic failure and monstrosity this is not the whole story There is in fact a redemptive moment that gets lost in the outright liberal democratic rejection of revolutionary authoritarianism and the valorization of soft consensual decentralized politics i ek claims that particularly in light of the forthcoming ecological crisis we should reinvent revolutionary terror and the dictatorship of the proletariat in the struggle for universal emancipation We need to courageously accept the return to this Cause even if we court the risk of a catastrophic disaster In the words of Samuel Beckett Try again Fail again Fail better **In Defense of Lost Causes** Slavoj Žižek,2009-10-19 No Marketing Blurbs
