Louis Malle:

Louis Malle Hugo Frey, 2019-01-11 This is the first monograph on controversial French director Louis Malle to be published in English Hugo Frey introduces Malle's work through a lucid analysis of his many masterpieces including *Le Feu Follet* *Lacombe Lucien* and *Au revoir les enfants* He also traces the director's extended period of work in the USA which resulted in powerful films such as *Pretty Baby* *Atlantic City* USA and *My Dinner with André* The book focuses on the most challenging aspects of Malle's oeuvre his aesthetic vision his youthful attraction to a form of right wing pessimism and his 1970s libertarianism By rethinking Malle's portrayals of Nazi occupied France Frey demonstrates that he is of equal importance to contemporary historians as to film studies This new appraisal is a nuanced study of an important film maker and a critical intervention in the debates which surround Malle's work *Louis Malle* Christopher Beach, 2022-05-23 A filmmaker whose work exhibits a wide range of styles and approaches Louis Malle 1932-1995 was the only French director of his generation to enjoy a significant career in both France and the United States Although Malle began his career alongside members of the French New Wave like François Truffaut Jean-Luc Godard and Claude Chabrol he never associated himself with that group Malle is perhaps best known for his willingness to take on such difficult or controversial topics as suicide incest child prostitution and collaboration with the Nazis during World War II His filmography includes narrative films like *Zazie dans le Métro* *Murmur of the Heart* *Atlantic City* *My Dinner with André* and *Au revoir les enfants* as well as several major documentaries In the late 1970s Malle moved to the United States where he worked primarily outside of the Hollywood studio system The films of his American period display his keen outsider's eye which allowed him to observe diverse aspects of American life in settings that ranged from turn of the century New Orleans to present day Atlantic City and the Texas Gulf Coast *Louis Malle Interviews* covers the entirety of Malle's career and features seventeen interviews the majority of which are translated into English here for the first time As the collection demonstrates Malle was an extremely intelligent and articulate filmmaker who thought deeply about his own choices as a director the ideological implications of those choices and the often controversial themes treated in his films The interviews address such topics as Malle's approach to casting and directing actors his attitude toward provocative subject matter and censorship his understanding of the relationship between documentary and fiction film and the differences between the film industries in France and the US Malle also discusses his sometimes challenging work with such actors as Brigitte Bardot Pierre Blaise and Brooke Shields and sheds new light on the making of his films **Malle on Malle** Louis Malle, Philip French, 1996 Malle discusses his career and development as an artist reflected in his direction of films and production of many documentaries He talks about the recurrent themes of his work and the people he has worked with **The Films of Louis Malle** Nathan Southern, Jacques Weissgerber, 2006 This is a critical study of Malle's life's work It is approached non theoretically on a film by film basis each is examined as an individualistic and self-reverential exploration of its own subjects and themes **The Cinema of Louis Malle** Philippe

Met,2018-09-11 Arguably a pioneer of the French New Wave with *Ascenseur pour l'chafaud* 1957 Louis Malle went on to enjoy an acclaimed yet provocative and versatile transatlantic career This collection of original essays proposes to reassess his richly eclectic and boldly subversive oeuvre and redress the surprising critical neglect it has suffered over the years It does so through a combination of transversal and monographic analyses that use a variety of critical lenses and theoretical tools in order to examine Malle's documentaries as well as his fiction features and more importantly the constant shuttling and uniquely persistent cross pollination between those two cinematic approaches illuminate the profound lasting dialogue his films entertained with literature and theater bring to the fore their sustained albeit often oblique autobiographical thrust along with their scathing sociopolitical critique and scrutinize the alternating use of stars and non professional actors In addition the volume features an exclusive interview with the acclaimed playwright John Guare a close friend and collaborator of Louis Malle's who scripted *Atlantic City* and is bookended by a foreword by Volker Schlöndorff and an afterword by Wes Anderson two renowned filmmakers who articulate their admiration for and the seminal influence of their predecessor

Louis Malle Louis Malle,1977 *Calcutta* Krishna Dutta,2003 In the popular imagination Calcutta is a packed and pestilential sprawl made notorious by the Black Hole and the works of Mother Teresa Kipling called it a City of Dreadful Night and a century later V S Naipaul Gunter Grass and Louis Malle revived its hellish image This is the place where the West first truly encountered the East Founded in the 1690s by East India Company merchants beside the Hugli River Calcutta grew into India's capital during the Raj and the second city of the British Empire Named the City of Palaces for its neoclassical mansions Calcutta was the city of Clive Hastings Macaulay and Curzon It was also home to extraordinary Bengalis such as Rabindranath Tagore the first Asian Nobel laureate and Satyajit Ray among the geniuses of world cinema Above all Calcutta renamed Kolkata in 2001 is a city of extremes where exquisite refinement rubs shoulders with coarse commercialism and political violence Krishna Dutta explores these multiple paradoxes giving personal insight into Calcutta's unique history and modern identity as reflected in its architecture literature cinema and music CITY OF ARTISTS Modern India's cultural capital home city of New York Magazine ,1981-06-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Studying French Cinema** Isabelle Vanderschelden,2013-04-22 Taking a text led approach with the emphasis on more recent popular films Studying French Cinema is directed at non specialists such as students of French Film Studies and the general reader with an interest in post war French cinema Each of the chapters focuses on one or more key films from the ground breaking films of the nouvelle vague *Les 400 coups* 1959 to contemporary documentary *Etre et avoir* 2002 and puts them into their relevant contexts Depending on the individual film

these include explorations of childhood adolescence and coming of age *Les 400 coups* *L'Argent de poche* auteur ideology and individual style the films of Jean Luc Godard and Agnes Varda the representation of recent French history *Lacombe Lucien* and *Au revoir les enfants* transnational production practices *Le Pacte des loups* and popular cinema comedy and gender issues e g *Le Diner de cons* Each film is embedded in its cultural and political context Together the historical discussions provide an overview of post war French history to the present Useful suggestions are made as to studies of related films both those discussed within the book and outside After Django Tom Perchard,2015-01-12 How did French musicians and critics interpret jazz that quintessentially American music in the mid twentieth century How far did players reshape what they learned from records and visitors into more local jazz forms and how did the music figure in those angry debates that so often suffused French cultural and political life *After Django* begins with the famous interwar triumphs of Josephine Baker and Django Reinhardt but for the first time the focus here falls on the French jazz practices of the postwar era The work of important but neglected French musicians such as Andr Hodeir and Barney Wilen is examined in depth as are native responses to Americans such as Miles Davis and Thelonious Monk The book provides an original intertwining of musical and historical narrative supported by extensive archival work in clear and compelling prose Perchard describes the problematic efforts towards aesthetic assimilation and transformation made by those concerned with jazz in fact and in idea listening to the music as it sounded in discourses around local identity art 1968 radicalism social democracy and post colonial politics

Vichy's Afterlife Richard Joseph Golsan,2000-01-01 One of the distinctive features of the Vichy Syndrome the persistence of the memory of the Vichy regime in French political and cultural life is that it has been extremely difficult for an authoritative historical discourse to impose itself Why does Vichy and all that the name entails fascinate and even obsess the French inflecting not only discussions of the past but of the present as well In *Vichy's Afterlife* Richard J Golsan explores the complexities of some of the most provocative episodes of Vichy's curious persistence in France's national consciousness He argues that each of these episodes events and scandals constitutes a crossroads where history and counterhistory different or competing versions of the past encounter one another often with explosive and even destructive consequences **The Underwater Eye** Margaret Cohen,2022-04-12 A rich history of underwater filmmaking and how it has profoundly influenced the aesthetics of movies and public perception of the oceans In *The Underwater Eye* Margaret Cohen tells the fascinating story of how the development of modern diving equipment and movie camera technology has allowed documentary and narrative filmmakers to take human vision into the depths creating new imagery of the seas and the underwater realm and expanding the scope of popular imagination Innovating on the most challenging film set on earth filmmakers have tapped the emotional power of the underwater environment to forge new visions of horror tragedy adventure beauty and surrealism entertaining the public and shaping its perception of ocean reality Examining works by filmmakers ranging from J E Williamson inventor of the first undersea film technology in 1914 to Wes Anderson who filmed the underwater scenes of his

2004 *The Life Aquatic with Steve Zissou* entirely in a pool *The Underwater Eye* traces how the radically alien qualities of underwater optics have shaped liquid fantasies for more than a century Richly illustrated the book explores documentaries by Jacques Cousteau Louis Malle and Hans Hass art films by Man Ray and Jean Vigo and popular movies and television shows such as *20 000 Leagues Under the Sea* *Creature from the Black Lagoon* *Sea Hunt* the Bond films *Jaws* *The Abyss* and *Titanic* In exploring the cultural impact of underwater filmmaking the book also asks compelling questions about the role film plays in engaging the public with the remote ocean a frontline of climate change
