

A portrait of Louise Bourgeois, an elderly woman with short blonde hair, smiling slightly. She is wearing a light blue denim jacket over a brown shirt. Her hands are raised, holding several of her signature wire armature sculptures, which look like skeletal human figures or complex geometric structures made of thin metal wires. The background is dark and out of focus.

Fantastic Reality Mignon Nixon,Louise Bourgeois,2005 A critical study of Louise Bourgeois s art from the 1940s to the 1980s its departure from surrealism and its dialogue with psychoanalysis    **Louise Bourgeois' Spider** Mieke Bal,2001-06-29 The sculptor Louise Bourgeois is best known for her monumental abstract sculptures one of the most striking of which is the installation Spider 1997 Too vast in scale to be viewed all at once this elusive structure resists simple narration It fits both no genre and all of them architecture sculpture installation Its contents and associations evoke social issues without being reducible to any one of them Here literary critic and theorist Mieke Bal presents the work as a theoretical object one that can teach us how to think speak and write about art Known for her commentary on the issue of temporality in art Bal argues that art must be understood in relationship to the present time of viewing as opposed to the less immediate contexts of what has preceded the viewing such as the historical past of influences and art movements biography and interpretation In ten short chapters or takes Bal demonstrates that the closer the engagement with the work of art the more adequate the result of the analysis She also confronts issues of biography and autobiography key themes in Bourgeois s work and evaluates the consequences of ahistorical experiences for art criticism drawing on diverse sources such as Bernini and Benjamin Homer and Eisenstein This short beautiful book offers both a theoretical model for analyzing art out of context and a meditation on a key work by one of the most engaging artists of our era    *Louise Bourgeois: Paintings* Clare Davies,Briony Fer,2022-04-12 Louise Bourgeois 1911 2010 is celebrated today for her sculptures Less known are the paintings she produced between her arrival in New York in 1938 and her turn to three dimensional media in 1949 Crucial to her artistic practice these early works the focus of this groundbreaking publication show how Bourgeois evolved her deeply personal artistic lexicon and how the themes and motifs she explored in her paintings coalesced into symbols of her sculptural practice Informed by new archival research and the artist s extensive diaries Louise Bourgeois Paintings explores Bourgeois s relationship to the New York art world of the 1940s and her development of a unique pictorial language adding a key element to our understanding of this crucial artist s career    Designing for Free Fall Christiane Meyer-Thoss,Louise Bourgeois,1992

**Erfahrenes Heil** Alexander Deeg, Christian Lehnert, 2024-08-23 Die Jahre der Pandemie haben neben gesellschaftlichen Verwerfungen die Medizin als Wissenschaft, Wirtschaftsfaktor und kulturelle Praxis verändert. Sie hat für viele einen wachsenden Anteil auch an der Suche nach Sinn und nach dem guten Leben. Das Christentum durchzieht die Gewissheit, dass Krankheit und Heilung mehr sind als Fragen nach dem menschlichen Tun. Gottesdienste werden vor diesem Hintergrund neu befragt. In welchem Sinn vermitteln sie Heil und Heilung? Wie wirksam sind sie und auf welcher Ebene? Dem gehen die Beiträge dieses Bandes nach. Neben historische Rückblicke auf die theologischen Deutungen von Seuchen und die pietistischen Versuche einer christlichen Medizin aus der Spiritualität zu entwickeln treten Aufsätze zu Gegenwartsfragen etwa zu Spiritual Care, zu Resilienz oder zu Heilungsgottesdiensten im evangelikalen Raum dazu systematische und praktisch theologische Grundgedanken. Mit Beiträgen von Alexander Deeg, Holger Eschmann, Yemima Hadad, Hildegund Keul, Katharina Krause, Michael Leonhardi, Martin Lüstraeten, Simon Peng, Keller Reinhardt, Stefan Schweyer, Anne M. Steinmeier und Peter Zimmerling.

Experienced Salvation Worship and Healing. In addition to social upheaval, the years of the pandemic have changed medicine as a science, economic factor and cultural practice. For many, it has also played a growing role in the search for meaning and the good life. Christianity is permeated by the certainty that illness and healing are more than just questions about human activity. Against this background, church services are being questioned anew. In what sense do they convey salvation and healing? How effective are they and on what level? The contributions in this volume explore these questions. In addition to historical reviews of the theological interpretations of epidemics and the Pietist attempts to develop Christian medicine from spirituality, there are essays on contemporary issues such as spiritual care, resilience and healing services in the evangelical sphere as well as systematic and practical theological ideas.
