New Dictionary of Christian Ethics & Pastoral Theology David J. Atkinson, David F. Field, Arthur F. Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O Donovan Analyzing such key texts as Resurrection and Moral Order The Desire of the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O Donovan s evolving vision of moral theology Tranter traces this tension as it relates to O Donovan s writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O Donovan s project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward

The Pastor as Friend? Dan Holder, 2025-01-23 Have you ever wondered what it means for pastors to be friends

with people in their churches This is the fascinating question that Dan Holder dives into in this thought provoking book He uses in depth interviews with ordained pastors and their real life struggles and joys to get close to the essence of what friendship and friendliness mean in the pastoral setting Reflecting theologically on the findings and grappling with the thought and experience of figures such as Bonhoeffer Moltmann and C S Lewis he takes up in detail the four elements found to be essential to friendship mutuality affection freedom and openness Then envisioning what revised forms of practice for pastors in a local congregation might look like he formulates nine themes for a fruitful approach to pastoral friendship Holder doesn't shy away from the tough questions or try to offer easy answers Instead he invites readers into a nuanced thoughtful exploration of the topic one that acknowledges both the potential pitfalls and the profound opportunities of these relationships Prepare to be inspired challenged and encouraged Who knows Readers may just discover a new vision for the role of friendship in their own lives and ministries

Mimesis in the Johannine Literature C. Bennema, 2017-09-21 Mimesis is a fundamental and pervasive human concept but has attracted little attention from Johannine scholarship This is unsurprising since Johannine ethics of which mimesis is a part has only recently become a fruitful area of research Bennema contends that scholars have not yet identified the centre of Johannine ethics admittedly due to the fact that mimesis is not immediately evident in the Johannine text because the usual terminology for mimesis is missing This volume is the first organized study on the concept of mimesis in the Johannine literature The aim of the study is to establish that mimesis is a genuine Johannine concept to explain its

particulars and to show that mimesis is integral to Johannine ethics Bennema argues that Johannine mimesis is a cognitive creative process that shapes the believer's identity and behaviour within the context of the divine family Besides being instrumental in people's moral transformation mimesis is also a vital mechanism for mediating the divine reality to people

The Epiphany of Love Livio Melina, 2010-09-14 Catholic moral theology faces a radical challenge in this age of moral upheaval No longer must it simply respond to specific questions about particular matter nor elaborate some method for the formulation of norms The challenge now is instead no less than comprehending the mystery of human action in its proper dynamism Livio Melina here guides the reader on a path that seeks to recover the integrality of moral experience and its place in Christian existence This path aims at rediscovering in moral action an epiphany of love and attempts to help us recognize a profound synergy between human and divine action

The Perspective of Love Russell J. Snell, 2014-04-21

While many of the Reformers considered natural law unproblematic many Protestants consider natural law a Catholic thing and not persuasive Natural law it is thought competes with the Gospel overlooks the centrality of Christ posits a domain of

pure nature and overlooks the noetic effects of sin This Protestant Prejudice however strong overlooks developments in contemporary natural law quite capable and willing to incorporate the usual objections into natural law While the natural law itself is universal and invariant theories about the natural law vary widely The Protestant Prejudice may respond to natural law understood from within the modes of common sense and classical metaphysics but largely overlooks contemporary natural law beginning from the first person account of subjectivity and practical reason Consequently the sophisticated thought of John Paul II Martin Rhonheimer Germain Grisez and John Finnis is overlooked Further the work of Bernard Lonergan allows for a natural law admitting of noetic sin eagerly incorporating grace community the limits of history a real but limited autonomy and the centrality of Christ in a natural law that is both graced and natural *Christian Ethics and Contemporary Philosophy* Ian T. Ramsey, 2011-06-07 In a time when more and more people are discovering they can have a rational morality without an orthodox God these twenty four essays reappraise the whole character of Christian ethics and criticize the traditional underpinning of morality by religion Edited by Ian T Ramsey professor of philosophy at Oxford University the volume is a valuable sequel to the well known New Essays in Philosophical Theology The contributors include atheists agnostics and Christians Among them are Ninian Smart R B Braithwaite Ronald Hepburn and Iris Murdoch The essays do not attempt to examine specific Christian questions in any sort of theological detail rather their primary concern is with problems that arise principally in a philosophical context But they are concerned with issues that lie behind the present bewilderment in Christian morality Stressing the diversity of moral situations the papers show that these are far from being homogeneous and rule determined Moral decision demands personal involvement activating the possibility of good and bad reasons for making such a decision The essays point out the character of moral disagreements and also remind us that morality is not only of individual but also of social significance The last section of the book examines the present concept of natural law its possible erosion by developments in anthropology psychology and philosophy and whether the possibility exists for a theory of morality that unites both natural law theory and Christian ethics **Passionate Deliberation** M.F. Carr, 2012-12-06 Despite the modern recovery of virtue theory in ethics conceptions of temperance remain largely unexamined In this study I offer an examination of certain interpretive threads of temperance as a virtue beginning in classical philosophy and moving through early to medieval Christian conceptions I find contemporary notions of temperance to be sorely lacking when compared and contrasted to these historical conceptions Aristotelian and Thomistic accounts of temperance are particularly important to the normative statement of temperance I offer here To fully understand temperance one must recognize its place among the moral virtues in particular phronesis or practical judgment Though I place temperance within practical judgment this study stops short of offering a full account of virtue theory and how it may or may not relate to other theories of the moral life While contemporary views of temperance occasionally note its general relevance to the experience of emotion I elaborate upon the work of temperance as an essential part of the effort to include emotion in

the moral life In present day studies of the psychology of emotion cognitive theories have reasserted the classical conception of emotion as consisting of both physiological and psychological elements of human personhood Temperance is the primary virtue in the moral agent's effort to appropriately include the entirety of the emotional experience in moral deliberation I find it relevant to a moral response to both the physiological and psychological elements of emotion
