Record, 2005 **The Theatre of Love, Sex, Marriage and Beyond** Gaglozoo H. A. Berdie, 2016-04-25 It is through a deep reflection that I have been able to frame the title of this book which is The Theatre of Love Sex Marriage and Beyond In fact the contents of this book take their roots from the title This book is designed to cover as much as possible a substantial number of the various aspects of the subjects I have discussed as dealt with specifically by the innumerable authors at one time or the other It is without the slightest doubt that not all or every aspect of the subjects of love sex and marriage written or propounded by authors researchers psychologists sexologists and medical scientists can be found in one book These different and innumerable ideas theories hypothesis and research findings are as scattered in uncountable books articles

newsprints or papers and magazines I will in all honesty admit that what I have attempted to do in this book is only a tip of the iceberg considering the infinitude of the intellectual input and output of others in the myriad of data on the subject I have divided this book into four parts love sex marriage and the beyond These notwithstanding I hope this humble rendition however inadequate would give readers a general overview of the essentials of these enigmatic subjects of love sex marriage and the beyond

Beyond a Common Joy Paul A. Olson, 2008-01-01 Soul of the age Ben Jonson eulogized Shakespeare and in the next breath He was not of an age but for all time That he was both of the age and for all time is this book suggests the key to Shakespeare s comic genius In this engaging introduction to the First Folio comedies Paul A Olson gives a persuasive and thoroughly engrossing account of the playwright s comic transcendence showing how Shakespeare by taking on the great themes of his time elevated comedy from a mere mid level literary form to its own form of greatness on par with epic and tragedy Like the best tragic or epic writers Shakespeare in his comedies goes beyond private and domestic matters in order to draw on the whole of the commonwealth

He examines how a ruler's or a court's community at the household and local levels shapes the politics of empire existing or nascent empires such as England the Holy Roman Empire Spain Venice and the Ottoman Empire or part empires such as Rome and Athens where all their suffering and silliness play into how they govern In Olson's work we also see how Shakespeare's appropriation of his age's ideas about classical myth and biblical scriptures bring to his comic action a sort of sacral profundity in keeping with notions of poetry as inspired and comic endings as more than merely happy but as in fact uncommonly joyful
