Osho,2017-11-12 The feeling that it is five minutes to midnight is known to many by now and is often referred to as the Doomsday Clock As the many crises faced by humanity and planet Earth gather and tumble toward an emergency some have even reduced the time left to two and a half minutes It is no wonder that we feel increasingly helpless and at a loss what to do Osho calls Zen not a teaching but an alarm to wake us up because as individuals we are all deeply asleep and this sleep has to be shattered For centuries you have been asleep Sleep has become your nature You have forgotten what awareness is what to be awake means He wants us to wake up before it is too late Zen more than any other religious or spiritual tradition is relevant to such times as these when none of our old approaches to solving problems will do Immediate urgent and direct Zen is not interested in answers or in questions not interested in teaching at all because it is not a philosophy As Osho begins here by quoting the great Zen master Dae All the teachings of the sages of the saints of the masters have expounded no more than this they are commentaries on your sudden cry Ah This In this series of talks Osho unfolds a selection of classic Zen stories and responds to questions Along the way we learn how the tools of Zen can be used to embrace uncertainty to be at ease with not knowing to act decisively and with clarity and awareness To get woke in other words so that we can use each moment between now and midnight for transformation      **Miscellaneous Essays** ,1898      *Nietzsche: The Gay Science* Friedrich Nietzsche,2001-08-23 Nietzsche wrote The Gay Science which he later described as perhaps my most personal book when he was at the height of his intellectual powers and the reader will find in it an extensive and sophisticated

treatment of the philosophical themes and views which were most central to Nietzsche's own thought and which have been most influential on later thinkers. These include the death of God, the problem of nihilism, the role of truth, falsity and the will to truth in human life, the doctrine of the eternal recurrence and the question of the proper attitude to adopt toward human suffering and toward human achievement. This volume presents the work in a new translation by Josefine Nauckhoff with an introduction by Bernard Williams that elucidates the work's main themes and discusses their continuing philosophical importance.

**Soul Search** Swarn Bains, 2016-07-14 This book is a translation of my Punjabi poetry excluding few English poems in the beginning. God came into existence first. God worshipped inner source of knowledge, guru, to come into existence. A teacher who teaches English is called English teacher. Teacher who teaches math is called math teacher. Same way the teacher who teaches spirituality is called guru. Worldly teachers teach from the brain to brain. The guru teaches the soul from soul. Guru is a mentor as well. It is telepathic transformation. Make your own judgment. When God felt lonely, he created the creation. He started caring for it. Doing so, he got attached to it and fell in love. God set love as prerequisite to realize him. The Creation is a testament to it. Mind is a thought processing system. Spirituality is a study of the mind. Divinity is a state of mind. Spirituality is a rehearsal of the mind to miss God and it straightens following gurus teaching. Sometimes it helps to follow the teachings of prophets or saints. But they have died long ago. So it has very little effect because the spirituality is learned telepathically from mind to mind from a living guru. The mind does not tune to spirituality without the guru's blessing. It can only be learnt by self-surrendering. It cannot be forced into the devotee's mind. It can be learned from a spiritual teacher through love, humility and dedication. God is great. Everything created by God is also great. So everything in the world is flawless and beautiful. To stay abreast with Creation, God assimilated himself in everything. That is why God is called omnipresent. God created his creations including human beings. God abides in everything. So God has mother's love and motherly relation with his subjects. The subjects also have motherly relation with God. God wants us to realize him and we also want to merge with him to end separation. I do not know much about other species but man has instinct to go back and merge with the entity he separated from. So it is a mother-child relationship. There are many types of faiths, procedures and processes people use to find a way to go back to him. We assume that God is one. Therefore the final process to realize him also must be one only. Finally all processes merge and end up in one, that is to learn from a learned master, the guru. The world is a terrifying world-ocean. The being is on one side of it and godliness or to merge with God is on the other side of the ocean. Guru's teaching is the process to take the being across the terrifying world-ocean. It is a lot easier to learn from a teacher than your own. I was fortunate to meet my guru and become his devotee and follow his teaching and advice. At the same time I started to read and contemplate the Sikh religious scripture, *Sri Guru Granth Sahib*. It is a spiritual book only. It has no stories that a person has to learn from. Writing in SGGS is by living saints and it emphasizes that guru is God. One will have to console with guru to console with God. Other important criteria to realize God is selfless love, humility and dedication.

mentioned in SGGS Most harmful events from becoming divine are duality and slander I learned from my guru and from reading SGGS I decided my path and I follow it under my gurus guidance and following the teachings of SGGS Both have same message and advice God is the highest power in the universe In order to miss him recitation and repetition are necessary So there is lot of repetition about praising God in this book To understand this book the reader has to tune his mind to soul searching Some people follow other systems I have no opinion or knowledge about it It is a lifelong process Life is too short to learn on your own He who puts his feet on two boats does not cross the water doing so As they say a guest at many homes at the same time remains hungry It is my humble request to follow one path whatever pleases you     **The Rámáyana of Tulsi Dás** Tulasīdāsa,1880     *Granddad'S Dictionary* Michael Moffitt,2014-04-07 Granddads Dictionary is a book of challenges questions and riddles to individuals about themselves and about our civilization It invites the reader to think unconventionally about morality politics and the meaning of American tradition and experience The book is organized as reflections on sixty five words but the reader will find the sum greater than its parts It argues that optimism respect for all citizens and financial and moral discipline can be the sources of a future far beyond our expectations But this is not a recipe book It challenges readers to question conventional wisdom and create their own personal and public policy recipes It challenges us to look back to our origins and to look ahead to the possibilities of the twenty first century Granddad truly offers a unique perspective with great clarity     Chandala Vasile Munteanu,2012 A chandala who is a member of the lowest echelon of the Indian caste system also known as an untouchable wonders why he was dealt this particular fate Was it unfair or his own fault Was it the parents fault or was it just the way of the world In his trek to find out why he ended up in his current unwanted predicament he experiences kindness from others anger against himself lust greed loneliness and perhaps most importantly forbidden love He eventually realizes that in the final analyses love triumphs over death or is it life Vasile Munteanu earned a B A and an M A degree in English from Oakland University in Michigan and a Ph D in Philosophy Interpretation and Culture from State University of New York at Binghamton He is currently teaching Literature and Philosophy at the College of Southern Nevada in Las Vegas He is also the author of Godmaker The Book Of Aloneness and The Book Of Remembrance     The Ways of Sin in the Journey of Mankind Danny McNeil,2021-02-15 This book is about salvation within unity and a reminder to all should be our remission for our sins in knowing spiritual guidance must be accepted and maintained for the continual growth for all humans is and will be the balance needed to weed out the greed of destruction We must maintain obedience to the prosperity of growth not greed None are god to another but we do have heroes who do godly things for others We are the flesh living with and in the spirit of borrowed time If we all say Amen then God s will will be done
