Love At First Site A Novel:

Love at First Site J. Carl Cinquino, 2018-08-17 *Love at First Site* is my analysis of the emotions which go into looking at a photo of someone or meeting them socially and how one can feel as a result. However, I don't stop there. As you read deeper into the book, you will read about relationships which become closer and more intense. No longer are they just in the mind of the writer but now they have entered the world of experience. As a teacher and student, I became familiar with many different types of poetry. While the difficult poets I have mentioned above seem to think naturally in metaphor and thus the density and complexity of their work, I do not have that gift. My poems tend to be more prosaic, which is not to say they are not poems, and my main goal is help the reader experience beauty and loss, the two main ingredients that one of my favorite poets, Edgar Allan Poe, advocated.

stage and its impact as sequence poetry on readers and writers from the Classical world through the present day The Bucolics profoundly influenced a wide range of canonical literary figures from the contemporaneous Horace Propertius and Ovid through such successors as Calpurnius Sannazaro Marot Spenser Milton Wordsworth Robert Frost and W H Auden As performed the work scored early success John Van Sickle's artfully rendered translation its stage cues and the explanatory notes treat for the first time the book's ten short pieces as a thematic web He pays close heed to themes that return vary throughout the work and develop as leitmotifs inviting readers to trace the threads and ultimately to experience the last eclogue as a grand finale Introductory notes identify cues for casting dramatic gesture and voice pointing to topics that stirred the Roman crowd and satisfied powerful patrons Back notes offer clues to the ambitious literary program implicit in the voices plots and themes Taken as a whole this volume shows how the Bucolics inaugurated Virgil's lifelong campaign to colonize for Rome the prestigious Greek genres of epic and tragedy winning contemporary acclaim and laying the groundwork for his poetic legend Reframing pastoral tradition in Europe and America Van Sickle's rendering of the Book of Bucolics is ideal for students of literature and their teachers for scholars of classical literature and the pastoral genre and for poetological and cognitive theorists
