Journal A spirited portrait of twentieth century war correspondent Maggie Higgins and her tenacious fight to the top in a male dominated profession Marguerite Higgins was both the scourge and envy of the journalistic world A longtime reporter for the New York Herald Tribune she first catapulted to fame with her dramatic account of the liberation of Dachau at the end of World War II Brash beautiful ruthlessly competitive and sexually adventurous she forced her way to the front despite

being told the combat zone was no place for a woman Her headline making exploits earned her a reputation for bravery bordering on recklessness and accusations of advancing on her back trading sexual favors for scoops While the Herald Tribune exploited her feminine appeal regularly featuring the photogenic girl reporter on its front pages it was Maggie s dogged determination talent for breaking news and unwavering ambition that brought her success from one war zone to another Her notoriety soared during the Cold War and her daring dispatches from Korea garnered a Pulitzer Prize for foreign correspondence the first granted to a woman for frontline reporting with the citation noting the unusual dangers and difficulties she faced because of her sex A star reporter she became part of the Kennedy brothers Washington circle though her personal alliances and politics provoked bitter feuds with male rivals who vilified her until her untimely death Drawing on new and extensive research including never before published correspondence and interviews with Maggie s colleagues lovers and soldiers and generals who knew her in the field journalist and historian Jennet Conant restores Maggie s rightful place in history as a woman who paved the way for the next generation of journalists and one of the greatest war correspondents of her time

Subscription Theater Matthew Franks, 2020-09-25

Subscription Theater asks why turn of the century British and Irish citizens spent so much time money and effort adding their names to subscription lists Shining a spotlight on private play producing clubs public repertory theaters amateur drama groups and theatrical magazines Matthew Franks locates subscription theaters in a vast constellation of civic subscription initiatives ranging from voluntary schools and workers hospitals to soldiers memorials and Diamond Jubilee funds Across these enterprises Franks argues subscribers created their own spaces for performing social roles from which they had long been excluded Whether by undermining the authority of the Lord Chamberlain's Examiner of Plays and London's commercial theater producers or by extending rights to disenfranchised women and propertyless men a diverse cast of subscribers including typists plumbers and maids acted as political representatives for their fellow citizens both inside the theater and far beyond it Citizens prized a democratic or representative subscription list as an end in itself and such lists set the stage for

the eventual public subsidy of subscription endeavors Subscription Theater points to the importance of printed ephemera such as programs tickets and prospectuses in questioning any assumption that theatrical collectivity is confined to the live performance event Drawing on new media as well as old Franks uses a database of over 23 000 stage productions to reveal that subscribers introduced nearly a third of the plays that were most frequently revived between 1890 and the mid twentieth century as well as nearly half of all new translations and they were instrumental in staging the work of such writers as Shaw and Ibsen whose plays featured subscription lists as a plot point or prop Although subscribers often are blamed for being a conservative force in theater Franks demonstrates that they have been responsible for how we value audience and repertoire today and their history offers a new account of the relationship between ephemera drama and democracy
