Love Happens:

When Love Happens... Manish Kumar, 2017-11-10 True love never dies It is redefined every time you feel it When Nish falls in love little does he know the impact it is going to have on his life Hailing from conservative backgrounds love is nothing less than war with the world for the lover and his beloved Albeit limited communication they still dare to dream of a life together But with the pressure of attaining stability in life he finds it impossible to chase his dreams endlessly An unassuming man from a modest background he fights helplessness and challenges thrown at him by life only to learn precious life lessons His faith in God gives him the strength to move on and find his calling in writing and poetry When Love Happens is a tale of shattered dreams and redemption of fear and fortitude and above all of the indomitable human will

Joy Osho, 2004-03-18 The Insights for a New Way of Living series aims to shine light on beliefs and attitudes that prevent individuals from being their true selves With an artful mix of compassion and humor Osho encourages his audience to confront what they would most like to avoid which in turns provides the key to true insight and power In Joy The Happiness That Comes From Within the seventh book in this series Osho posits that to be joyful is the basic nature of life Joy is the spiritual dimension of happiness in which one begins to understand one's intrinsic value and place in the universe Accepting joy is a decision to go with the flow to be grateful to be alive and for all the challenges and opportunities in life rather than setting conditions or demands for happiness Joy is a wondrous investigation into the source and importance of joyfulness in our lives

Understanding Bollywood Ulka Anjaria, 2021-03-04 This book offers an introduction to popular Hindi cinema a genre that has a massive fan base but is often misunderstood by critics and provides insight on topics of political and social significance Arguing that Bollywood films are not realist representations of society or expressions of conservative ideology but mediated texts that need to be read for their formulaic and melodramatic qualities and for their pleasurable features like bright costumes catchy music and sophisticated choreography the book interprets

Bollywood films as complex considerations on the state of the nation that push the boundaries of normative gender and sexuality The book provides a careful account of Bollywood s constitutive components its moral structure its different forms of love its use of song and dance its visual style and its embrace of cinephilia Arguing that these five elements form the core of Bollywood cinema the book investigates a range of films from 1947 to the present in order to show how films use and innovate formulaic structures to tell a wide range of stories that reflect changing times The book ends with some considerations on recent changes in Bollywood cinema suggesting that despite globalization the future of Bollywood remains promising By presenting Bollywood cinema through an interdisciplinary lens the book reaches beyond film studies departments and will be useful for those teaching and studying Bollywood in English sociology anthropology Asian studies and cultural studies classes
