Love Take a Sounding Dona Hoffman, 1975-07-01 **Sounds from the Other Side** Elliott H. Powell, 2020-11-03 A sixty year history of Afro South Asian musical collaborations From Beyonc s South Asian music inspired Super Bowl Halftime performance to jazz artists like John and Alice Coltrane s use of Indian song structures and spirituality in their work to Jay Z and Missy Elliott s high profile collaborations with diasporic South Asian artists such as the Panjabi MC and MIA African American musicians have frequently engaged South Asian cultural productions in the development of Black music culture Sounds from the Other Side traces such engagements through an interdisciplinary analysis of the political implications of African American musicians South Asian influence since the 1960s Elliott H Powell asks what happens when we consider Black musicians South Asian sonic explorations as distinct from those of their white counterparts He looks to Black musical genres of jazz funk and hip hop and examines the work of Miles Davis John Coltrane Rick James OutKast Timbaland Beyonc and others showing how Afro South Asian music in the United States is a dynamic complex and contradictory cultural site where comparative racialization transformative gender and queer politics and coalition politics intertwine Powell situates this cultural history within larger global and domestic sociohistorical junctures that link African American and South Asian diasporic communities in the United States The long historical arc of Afro South Asian music in Sounds from the Other Side interprets such music making activities as highly political endeavors offering an essential conversation about cross cultural musical exchanges between racially marginalized musicians The Sound of the Kiss, or The Story That Must Never Be Told Pingali Suranna, 2002-11-21 Composed in the mid sixteenth century The Sound of the Kiss or The Story That Must Never Be Told could be considered the first novel written in South Asia Telugu the language spoken in today s Andhra Pradesh region of southern India has a classical literary tradition extending over a thousand years Suranna s masterpiece comes from a

period of intense creativity in Telugu when great poets produced strikingly modern innovations The novel explodes preconceived ideas about early South Indian literature for example that the characters lack interiority that the language is formulaic and that Telugu texts are mere translations of earlier Sanskrit works Employing the poetic style known as campu which mixes verse and prose Pingali Suranna's work transcends our notions of traditional narrative I wanted to have the structure of a complex narrative no one had ever known he said of his great novel with rich evocations of erotic love and also descriptions of gods and temples that would be a joy to listen to The Sound of the Kiss is both a gripping love story and a profound meditation on mind and language Shulman and Rao include a thorough introduction that provides a broader understanding of and appreciation for the complexities and subtleties of this text
