Love War Remembrance:

Love, War & Remembrance Rosemarie Werkman, 1992 **Memorials of the Great War in Britain** Alex King, 2014-03-04 Taking as its focus memorials of the First World War in Britain this book brings a fresh approach to the study of public symbols by exploring how different motives for commemorating the dead were reconciled through the processes of local politics to create a widely valued form of collective expression It examines how the memorials were produced what was said about them how support for them was mobilized and behaviour around them regulated These memorials were the sites of contested multiple and ambiguous meanings yet out of them a united public observance was created The author argues that this was possible because the interpretation of them as symbols was part of a creative process in which new meanings for traditional forms of memorial were established and circulated The memorials not only symbolized emotional responses to the war but also ambitions for the post war era Contemporaries adopted new ways of thinking about largely traditional forms of memorial to fit the uncertain social and political climate of the inter war years This book represents a significant contribution to the study of material culture and memory as well as to the social and cultural history of modern warfare War and Remembrance in the Twentieth Century Jay Winter, Emmanuel Sivan, 2000-08-27 How war has been remembered collectively is the central question in this volume War in the twentieth century is a vivid and traumatic phenomenon which left behind it survivors who engage time and time again in acts of remembrance This volume containing essays by outstanding scholars of twentieth century history focuses on the issues raised by the shadow of war in this century The behaviour not of whole societies or of ruling groups alone but of the individuals who do the work of remembrance is discussed by examining the traumatic collective memory resulting from the horrors of the First World War the Spanish Civil War the Second World War and the Algerian War By studying public forms of remembrance such as museums and exhibitions literature and film the editors have succeeded in bringing together a volume which demonstrates that a popular kind of collective memory is still very much alive The Vietnam Veterans Memorial at Angel Fire Steven Trout, 2020-04-07 A great white angel spreading her wings across the Moreno Valley this is how one visitor described the memorial standing atop a windswept prominence in the Sangre de Cristo Mountains near Taos New Mexico A de facto national Vietnam veterans memorial built by one family more than a decade before the Wall in Washington DC and without aid or recognition from the US government the chapel at Angel Fire is a testament to one young American's sacrifice but also to the profound determination of his family to find meaning in their loss In The Vietnam Veterans Memorial at Angel Fire Steven Trout tells the story of Marine Lieutenant David Westphall who was killed near Con Thien on May 22 1968 and of the Westphall family's subsequent struggle to create and maintain a one of a kind memorial chapel dedicated to the memory of all Americans lost in the Vietnam War and to the cause of world peace Focused primarily on a life lost amid our nation's most controversial conflict and on the Westphalls desperate battle to keep their chapel open between 1971 and 1982 the book's

brisk and moving narrative traces the memorial's evolution from a personal act of family remembrance to its emergence as an iconic pilgrimage destination for thousands of Vietnam veterans Documenting the chapel's shifting messages over time which include a momentary and controversial recognition of the dead on both sides of the war The Vietnam Veterans Memorial at Angel Fire spotlights one American soldier's tragic story and the monument to hope and peace that it inspired

National Myth and the First World War in Modern Popular Music Peter Grant, 2016-12-09 This book looks at the role of popular music in constructing the myth of the First World War Since the late 1950s over 1 500 popular songs from more than forty countries have been recorded that draw inspiration from the War National Myth and the First World War in Modern Popular Music takes an interdisciplinary approach that locates popular music within the framework of memory studies and analyses how songwriters are influenced by their country's national myths How does popular music help form memory and remembrance of such an event Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens folk maestros including Al Stewart and Eric Bogle the socially aware rock of The Kinks and Pink Floyd metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Gal's and PJ Harvey

Remember Bruce Scates, 2009-11-04 This book charts the Shrine's history from the first fatalities of the Gallipoli landing to the present day Animals and War Ryan Hediger, 2012-11-01 Animals and War is the first collection of essays to study its topic Using sociology history anthropology and cultural studies it analyzes a wide range of phenomena and exposes the often paradoxical contours of human animal relationships *Commemorative Spaces of the First World War* James Wallis, David C. Harvey, 2017-07-20 This is the first book to bring together an interdisciplinary theoretically engaged and global

perspective on the First World War through the lens of historical and cultural geography Reflecting the centennial interest in the conflict the collection explores the relationships between warfare and space and pays particular attention to how commemoration is connected to spatial elements of national identity and processes of heritage and belonging Venturing beyond military history and memory studies contributors explore conceptual contributions of geography to analyse the First World War as well as reflecting upon the imperative for an academic discussion on the War's centenary This book explores the War's impact in more unexpected theatres blurring the boundary between home and fighting fronts investigating the experiences of the war amongst civilians and often overlooked combatants It also critically examines the politics of hindsight in the post war period and offers an historical geographical account of how the First World War has been memorialised within official spaces in addition to those overlooked and often undervalued alternative spaces of commemoration This innovative and timely text will be key reading for students and scholars of the First World War and more broadly in historical and cultural geography social and cultural history European history Heritage Studies military history and memory studies

Ireland, the Great War and the Geography of Remembrance Nuala C. Johnson, 2003-05-29 Nuala C Johnson explores the complex relationship between social memory and space in the representation of war in Ireland The Irish experience of the Great War and its commemoration is the location of Dr Johnson's sustained and pioneering examination of the development of memorial landscapes and her study represents a major contribution both to cultural geography and to the historiography of remembrance Attractively illustrated this book combines theoretical perspectives with original primary research showing how memory literally took place in post 1918 Ireland and the various conflicts and struggles that were both a cause and effect of this process Of interest to scholars in a number of disciplines Ireland The Great War and The Geography of Remembrance shows powerfully how Irish efforts to collectively remember the Great War were constantly in dialogue with issues surrounding the national question and the memorials themselves bore witness to these tensions and ambiguities

Very Long War Margaret Reeson, 2016-10-18 A Very Long War is about the experiences of the families of men missing in the New Guinea islands during World War 2 many of whom never returned When Japan entered the Pacific war the Australian Government evacuated all Australian women and children from the Territory of New Guinea The women found themselves suddenly alone and solely responsible for the welfare of their families Back in Australia they were cut off from letters and reliable news for three and a half years Rumours abounded adding to their trauma and anxiety Like the families of POWs they lived in a limbo of waiting For many of them the effects of the mystery and the trauma have continued to the present day A Very Long War is a calm respectful narrative beautifully told never over written Its poignant sometimes shocking stories are treated with insight and restraint Through the voices of those who provided oral testimony it echoes the common condition of all people struggling to deal with trauma and loss
