## **Lovers Are Not People:**

The Existence Theodore Ihejieta, 2018-12-21 The Existence is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life. It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world. The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world. This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection. The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world. The Existence is the faith, the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings.

**A Tainted Lovers Evolution** Kyana Hawkins, 2017-01-12 A Tainted Lovers Evolution is based on some of the author's true life encounters and relates to situations involving family not accepting you for your sexuality, friends hating instead of helping, as well as mental, physical and emotional abuse.

*Lovers Not Friends* Helen Brooks, 2011-05-23 You're mine, Amy, you'll always be mine. For Amy's marriage to Blade Forbes had been a dream come true. And then one day her world collapsed around her when she discovered a secret that was about to destroy everything. She loved Blade and he loved her but she had to get away, had to leave him to protect him from the knowledge that would drag with her into a living hell. Only she had forgotten one thing: the determination of a man in love.

Faith, Not Religions Chatha Akbar Ghulam, 2012-12-05 Author Chatha Akbar Ghulam believes God is universal. With love as his message, he shares a thought-provoking collection of essays, poems and meditations illustrating how he has come to understand the concept of God and why he feels a loving heart is the only requirement needed to have faith in God. Chatha shares how, as a youth, he came to discard the traditional teachings of heredity and customs and eventually achieved inner peace and contentment by recognizing universal good and truth. As he offers his opinion on such subjects as God and war, life and death, wisdom versus ignorance, the yearnings of a soul and heaven and hell, Chatha provides a fresh, impartial perspective on God's influence in today's world. By sharing his thoughts on the differences between the self-righteous and true believers through personal anecdotes and inspiration from Punjabi mystic poets, Chatha quietly encourages spiritual seekers of all faiths to look inward and focus on gratitude rather than desires. Faith, Not Religions offers one man's inspiring reflections regarding his faith in God, his opinions on organized religions and his journey to seek his own spiritual path in life.

**Brief Therapy Approaches to Treating Anxiety and Depression** Michael D. Yapko, 2013-10-31 Maintaining that most cases of anxiety and depression will respond to intelligently planned brief directive therapies, Dr. Yapko has assembled this collection of 17 insightful and challenging papers illuminating such brief therapy methods. These innovative essays from such respected practitioners as S. G. Gilligan, J. C. Mills, E. L. Rossi, M. E. Seligman and others cover such topics as disturbances of temporal

The neglect is of two kinds. Firstly, there are the indulgent people who have neglected the body. They have no experience of life other than eating, drinking, and wearing clothes. They have neglected the body, misused it, foolishly wasted it; they have ruined their instrument, their veena. If a musical instrument, for example, a veena, is ruined, music cannot arise out of it. Music is altogether a different thing from the veena; music is one thing, the veena is another, but without the veena, music cannot arise.

**Marriage, a History**, Stephanie Coontz, 2006-02-28

Just when the clamor over traditional marriage couldn't get any louder, along comes this groundbreaking book to ask: What tradition? In *Marriage, a History*, historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is, and how absurd it would have seemed to most of our ancestors. It was when marriage moved into the emotional sphere in the nineteenth century, she argues, that it suffered as an institution, just as it began to thrive as a personal relationship. This enlightening and hugely entertaining book brings intelligence, perspective, and wit to today's marital debate.

Philosophy of Love, Sex, and Marriage, Raja Halwani, 2010-05-26

How is love different from lust or infatuation? Do love and marriage really go together like a horse and carriage? Does sex have any necessary connection to either? And how important are love, sex, and marriage to a well-lived life? In this lively, lucid, and comprehensive textbook, Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships, exploring the nature, uses, and ethics of romantic love, sexuality, and marriage. The book is structured in three parts. Love begins by examining how romantic love differs from other types of love, such as friendship and parental love. It asks which properties of love are essential, whether people have a choice in whom they love, and whether lovers have moral obligations to one another that differ from those they owe to others. Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure, naturalness, and moral permissibility. It offers theoretical and applied ethical approaches to a wide range of sexual phenomena. Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry. It also surveys accounts of why people should or should not marry and introduces the main arguments for and against gay marriage. Features include suggestions for further reading, an online eResource site with downloadable discussion questions, a clear jargon-free writing style.

**Falling in Love**, Ayala Pines, Ayala Malach Pines, 2013-05-13

Falling in Love is the first book to unlock the mysteries of how and why we fall in love. Renowned psychologist Ayala Pines shows us why we fall for the people we do and argues convincingly that we love neither by chance nor by accident. She offers sound advice for making the right choices when it comes to this complicated emotion. Packed with helpful suggestions for those seeking love and those already in it, this book is about love's many puzzles. The second edition furthers the work of the popular and successful first edition. With expanded research, theory, and practice, this book once

again provides one of a kind understandings of the experience of love The new edition offers updated references to recent research new chapter exercises and case examples of romantic stories to begin each chapter *Philosophies of Love* David L.
