Love, Hate, and the Law in Tudor England L. R. Poos, 2022-06-23 Love Hate and the Law in Tudor England reconstructs the life of Ralph Rishton a member of the sixteenth century Lancashire gentry who was a child bridegroom and a serial wife discarder who bribed church officials to obtain a forged annulment defrauded a kinsman out of his inheritance and adroitly manipulated his own and other people's land The dozens of lawsuits in which the Rishtons were involved in many different courts elucidate one family's engagement with law in Tudor England how they used and misused law how it shaped their perceptions of rights and mutual obligations and how it framed litigants and witnesses language Drawing upon trial and estate records the core of this study is the central narrative of Ralph Rishton's three wives of litigiousness and violence marriage and property and the pursuit of equitable resolutions to disputes along with countless smaller narratives that vividly capture a culture in its time and place Alongside that central narrative L R Poos uses the Rishton stories as a starting point to analyse child marriage the construction of memory and the development of local historical identity through antiquarians and the Victorian and Edwardian local press demonstrating how from the time of the Rishtons into the twentieth century historical narratives were continually reshaped and repurposed

Includes new coverage of the simultaneous development of French, Spanish and Dutch colonies in North America and extensively re-written and updated chapters on families and women. Despite this, there has been surprisingly little critical writing about his work and the context in which it was created and viewed. Jutra was a Quebec nationalist and both he and his films were shaped by the changes in Quebec society during the Quiet Revolution and by the political tensions of the sixties and seventies. Though he died in 1986, his films still have much to tell us about Canadian cinema and the ongoing debates on Canadian and Quebec nationhood. Book jacket. [National Library of Medicine Current Catalog](#) National Library of Medicine (U.S.), [Mary Moody Emerson and the Origins of Transcendentalism](#) Phyllis Cole, 2002 Mary Moody Emerson has long been a New England legend, the eccentric Calvinist aunt of Ralph Waldo Emerson, wearing a death shroud as her daily garment. This exciting new study, based on the first reading of all her known letters and diaries, reveals a complex human voice and powerful forerunner of American Transcendentalism. From the years of her famous nephew's infancy in both private and published writings, she celebrated independence, solitude in nature and inward communion with God. Mary Moody Emerson inherited both resources and constraints from her family, a lineage of Massachusetts ministers who had earlier practiced spiritual awakening and political resistance against England. Cole discovers a previously unexamined Emerson tradition of fervent piety in the ancestors' own writing and Mary's preservation of their memory. She also examines the position of a woman in this patriarchal family, barred from the pulpit and university by her sex; she also refused marriage to become a reader, writer and religious seeker. Cole's biography explores this

reading and writing as both a woman's vocation and a gift to Ralph Waldo Emerson Helping to raise her nephews after their father's death Mary Moody Emerson urged Waldo the college student to seek solitude in nature and become a divine poet Cole's pioneering study tracing crucial lines of influence from Mary Emerson's heretofore unknown texts to her nephew's major works establishes a fresh and vital source for a central American literary tradition **Young and Damned and Fair** Gareth Russell, 2017-04-04 Written with an exciting combination of narrative flair and historical authority this biography of Henry VIII's fifth wife Catherine Howard is a stunning achievement The Sunday Times London and a masterly work of Tudor history that is engrossing sympathetic suspenseful and illuminating Charlotte Gordon winner of the National Book Critics Circle Award for Biography On the morning of July 28 1540 a teenager named Catherine Howard began her reign as queen of an England simmering with rebellion and terrifying uncertainty Sixteen months later she would follow her cousin Anne Boleyn to the scaffold having been convicted of adultery and high treason The broad outlines of Catherine's career might be familiar but her story up until now has been incomplete Unlike previous biographies which portray her as a naive victim of an ambitious family Gareth Russell's excellent account puts the oft ignored Catherine in her proper historical context Daily Mail London and sheds new light on her rise and downfall by showing her in her context a milieu that includes the aristocrats and most critically the servants who surrounded her and who in the end conspired against her By illuminating Catherine's entwined upstairs downstairs world as well as societal tensions beyond the palace walls Russell offers a fascinating portrayal of court life in the sixteenth century and a fresh analysis of the forces beyond Catherine's control that led to her execution Including a forgotten text of Catherine's confession in her own words color illustrations family tree map and extensive notes **Young and Damned and Fair** is a gripping account of a young woman's future destroyed by forces beyond her control an important and timely book Amanda Foreman author of *Georgiana Duchess of Devonshire* and *A World on Fire* This account changes our understanding of one of history's most famous women while telling the compelling and very human story of complex individuals attempting to survive in a dangerous age *George Washington Reconsidered* Don Higginbotham, 2001 George Washington heroic general of the Revolution master of Mount Vernon and first president of the United States remains the most enigmatic figure of the founding generation with historians and the public at large still arguing over the strengths of his character and the nature of his intellectual and political contributions to the early republic Representing the finest recent scholarship on Washington these thirteen essays by the leading scholars in the field strike a balance between Washington's personal life and character and his public life as a soldier and political figure Editor Don Higginbotham provides an introduction about Washington and his treatment by historians and an afterword devoted to how the American people have viewed Washington including the 1999 commemorations of the bicentennial of his death With three essays written specifically for this volume *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years **Loving, Parenting, and Dying** Vivian C. Fox, Martin H. Quitt, 1980 **Growing Up in America** N. Ray

Hiner, Joseph M. Hawes, 1985 *Growing Up in America* offers substantial and dramatic evidence that the history of childhood has come of age. Its authors demonstrate the breadth and depth of interest as well as high quality of work in a field that is finally attracting the attention it deserves. Strongly influenced by new social history and its concern for the powerless and inarticulate, *Growing Up in America* provides illuminating insights on children from infancy to adolescence and from the colonial period to the present. The very title of this fine and enormously instructive anthology of essays makes its quiet but important point that children grow up in a particular nation rather than in a family or home isolated from the influence of social, cultural, political, and historical forces. An admirably diverse and instructive collection. *Georgia Historical Quarterly*

The Maternal Voice in Victorian Fiction Barbara Z. Thaden, 2013-10-28 This is the first full-length study to focus specifically on representations of motherhood in fiction by such Victorian writers as Elizabeth Gaskell, Margaret Oliphant, Caroline Norton, and Ellen Price Wood. These authors presented an idealized view of motherhood as part of a campaign to gain social and legal status for mothering in a society in which married women were not legal entities and children born in wedlock were the inalienable property of their fathers. These writers used dead mother plots which reversed New Testament parables so that the mother plays the leading role and maternal circle plots which portray adult daughters and their mothers raising children outside marriage. This fiction, which showed how children benefit from good mothering, was instrumental in married mothers eventually obtaining equal parental rights. Second Thoughts Janet M. Ruane, Karen A. Cerulo, 2019-06-06 Introducing students to core sociological concepts by debunking popular misconceptions. Is it true that numbers don't lie? Is America the land of equal opportunity? Is marriage a dying institution? Oft-repeated adages like these shape our beliefs about the society we live in. Each essay in *Second Thoughts* reviews a conventional wisdom familiar to both instructors and students. The authors introduce relevant sociological concepts and theories in order to explain, qualify, and sometimes debunk that conventional wisdom. This unique text encourages students to step back and sharpen their analytic focus. 23 engaging essays reveal the complexity of social reality and demonstrate the role of sociology in everyday life.
