When we learn and use real tools we are better able to surf the waves of life and meet life with grace When we learn how we are resisting loving ourselves and learn how to allow the love we are to flow through us we utilize the buoyant loving energy of the Universe to flow more smoothly and joyously through life Everything is energy including us When our energy is in balance and flows smoothly we feel harmonious peaceful and aligned with our true nature our Higher Self part of the Universe This is our natural state Daily life often seems to interrupt our connection with our true state of being By working with our energy and metaphysical principles we can remember who we really are we realign with our true self which is pure Love and experience the ease peace and joy that results Metaphysics is about using the energy we are beyond our body in a practical way while we are in this body By understanding that we are both human and Divine and having compassion for how challenging it is to live in this world we begin to understand Love the most powerful force in the Universe This is not mysterious this is very real and very available to each of us The keys to healing are Love and Willingness The keys are yours for the taking

*Is True Love Just a Myth?* Margaret Light,2024-07-26 The concept of true love has captivated human imagination for centuries often depicted as a profound unbreakable bond between individuals Yet the question remains Is true love a genuine phenomenon or merely an elaborate myth This inquiry delves into the heart of romantic idealism and examines the factors that contribute to our understanding of love Some argue that true love is an unrealistic expectation a fairy tale spun to meet societal ideals or emotional desires Critics suggest that the pursuit of such an ideal can lead to dissatisfaction and disillusionment as it often fails to align with the complexities of real life relationships On the other hand many believe that true love does exist and is characterized by deep connection mutual respect and unwavering commitment This discussion explores whether true love is a meaningful reality or a myth perpetuated by cultural narratives and individual aspirations

*The Internal Struggle* Antonio D. Guiden Sr,2013-01-10 Its amazing how we take the little things in life for granted being able to walk to see to hear and to talk Some people are not able to do one or a multiple combinations of these things And what do we do with these basic but blessed abilities turn a blind eye to the things we dont want to believe not give a second thought to listen to what others have to say in their defense but invite in the negative tongue that speaks on another to diminish ones character Why Why is it that in this society we are so quick to believe or fall into that negative influence instead of standing tall and finding out for ourselves before we lash out and slander our own tongue on a word that may not have any value of truth behind it A persons character should always be put into consideration before even opening your mind to allow such words to be spoken from their lips Its time to step aside and throw away all the nonsense everyone is so eager to feed off of I refuse to try to sway another into feeling a certain way about another I let the facts speak for themselves Im done feeding off the nonsense and baring a false tongue Its time to stand up and grow out of these habits I know some people are so stuck in their ways that they dont see any room for change or believe anything they do isnt wrong but there is this essence of karma we all know that will forever be in their midst There is only a few who will own up to changing and without this change the only thing left for us to do is destroy one another
