## **Loving Attitudes:**

**Seven Attitude Adjustments for Finding a Loving Man** Audrey B. Chapman, 2001-07 Straight talking relationship guru and radio host Chapman promises to erase fear among black single women by outlining her relationship tested step by step program for adjusting the negative thinking that might be keeping love at bay The Heart and its Attitudes Stephen Darwall, 2024-04-30 Philosophers don't often write about the heart At least analytical philosophers don't Why is this Philosophers are said to live life in their heads rather than from their hearts But even if that is so why don't they think and write about the heart Moreover it can hardly have escaped philosophers attention that matters of the heart are central to what we human beings value most about our lives including our lives with animals Philosophers write a lot about friendship and love but they tend to do so in terms that leave out heartfelt connection They speak rather of commitment to one another and each other's well being or taking each other as ends or sharing deliberative standpoints or living life together or a whole host of other topics and much less about mutual emotional vulnerability and sharing and being in one another's hearts Surely one explanation of philosophers reticence is that talk of the heart seems unavoidably metaphorical It turns out to be easy enough however to cash the metaphor in if we simply take heart refers to a cluster of emotional susceptibilities that have an essentially reciprocating structure The heart aims at heartfelt connection at shared experience of joys and sorrows hopes and fears and other personal emotions We seek naturally to share these feelings with others and must suppress our natural tendencies if we wish to avoid doing so Our heart's wish is to be open to other hearts in the hope that they will be open to ours and thereby us in return This book is a systematic treatment perhaps the first of attitudes of the heart remorse versus guilt love trust gratitude personal anger versus righteous anger jealousy and others and their role in mediating personal relationship attachment and connection This is obviously interesting in its own right but it also shows how heartfelt attitudes mirror more extensively studied reactive attitudes of guilt resentment and blame attitudes of the will Whereas the latter mediate moral relations of mutual respect and accountability attitudes of the heart are the currency of heartfelt connection and personal relationship Marriage Triggers Amber Lia, Guy Lia, 2020-01-28 Foreword by Dave and Ashley Willis authors of The Naked Marriage and hosts of The Naked Marriage Podcast A husband wife team offers practical advice for married couples to end the cycle of reactionary arguments by examining the most common issues that trigger disagreements and applying God's Word to radically transform relationships Many couples know their marriage has room for improvement but it is hard to pinpoint exactly why a relationship is suffering Often times everyday triggers are the culprit If you are wondering how to break out of the cycle of reactionary outbursts cold shoulders resentment and pain that harms your relationship you are not alone Experiencing peace and joy rather than anger and frustration is not as hard as you think Marriage Triggers walks you through thirty one of the most common marital issues that sabotage great relationships like poor communication lack of spiritual leadership busy schedules and different parenting styles Married for fourteen years authors Amber and Guy

Lia are your typical couple and they share tips for countering negative reactions to triggers with gentle biblical responses Rather than run from the things that cause conflict Amber and Guy believe these triggers are opportunities for growth both individually and as a couple They challenge you to let Marriage Triggers renew your commitment to responding gently and biblically towards your partner *The Perfect Love* Ruth Myers,1999-04-20 WHERE CAN YOU FIND THE KIND OF LOVE YOU TRULY NEED If we want real love ideal love limitless love God s heart is where to find it It s the only love big enough to meet the God sized needs of your life Ruth Myers Most people even those with a deep faith fail to really grasp the incredibly deep and passionate love God has for them Yet while God s love for us is beyond description it doesn t have to be beyond our experience In *The Perfect Love* Ruth Myers helps uncover the surprising quiet clues and expressions in Scripture of just how much God loves you With the expressions of prayer and praise at the end of each chapter you ll learn to experience God s love more deeply and return it more fully in worship And you ll welcome a new sense of security honor and significance that comes from experiencing how God s love *The Perfect Love* truly meets your deepest needs Analyzing Love Robert Brown,1987-10-30 Identification recognition understanding and justification are the four basic but neglected problems concerning love that this philosophical enquiry seeks to analyze **The Normative Nature of Social Practices and Ethics in Professional Environments** de Vries, Marc J.,Jochemsen, Henk,2019-04-12 Professionals function in what can be called social practices Norms in the practice set professionals responsibilities and rights and classify what is seen as morally proper and improper Tensions arise when norms emerge that are not coherent with the nature of the practice For example when a hospital is assessed on the basis of economic criteria only staff will feel uncomfortable and find difficulty in functioning properly in that practice *The Normative Nature of Social Practices and Ethics in Professional Environments* is an essential research book that helps professionals in a variety of practices understand how normativity in their practice either helps or hampers them to function well and align with what they see as their personal and professional responsibility Additionally it explains the normative practical model approach and how it can be applied to a series of concrete practices as well as the role of innovative and disruptive technologies in these practices Featuring a broad range of topics such as governance theory sustainable development and engineering this book is ideally designed for managers philosophers sociologists professionals academicians and researchers *Learning to Love* Sue M. Holdsworth,2024-08-23 Many churches actively seek to welcome migrants through various church based activities such as language lessons cooking or gardening clubs These and similar activities often aim to be missional or evangelistic seeking to communicate the love of God and neighbor The author explores how the love of God and neighbor can be expressed effectively through the implementation of pastoral care principles and practices These include expressing love through empathy hospitality group prayer and spiritual formation When the functions of pastoral care are evident mission and evangelism occur naturally and at the appropriate time This book is the result of the author s PhD study of four church based intercultural initiatives aimed at welcoming

migrants Two churches offering English conversation classes a sewing club and employment training classes were observed Volunteers and pastoral staff were interviewed and church documents were examined This empirical research demonstrates that when volunteers are trained in principles and practices of pastoral care when church systems and supervision support them in their tasks and when group planning and reflection occur the love of God and neighbor will be effectively expressed to migrants attending these initiatives

Unconditional Love: Samuel Wong, 2019-01-03 Imagine an old man shifting through a pile of 260 letters that his American parents wrote him over a 30 year period re immersing in the love unconditionally and liberally showered on him and his family through the years and listening to their silent yet animated voices from the past you have the rationale for this collection of letters in your hands Samuel Wong is that old man age 79 at the time of this writing and he wants the world to know his American parents Murray and Dorothy Leiffer the embodiment of unconditional love Who were they How did they become his American parents What did they do for him and his family What did they care about These and other aspects of the lives of an extraordinary couple are shared through their own words As you read them you will be inspired by their testimony to grace and fidelity and be reminded of that which is true and honorable civil and decent Letter writing has become a vanishing art form Other than official documents and perhaps exchanges between soldiers and their loved ones at home letter writing has lost its unique role in contemporary communication In a world of speed and haste letter writing is too slow and laborious for the average man and woman We want instantaneous responses However the fast exchanges are at the expense of reflection and rumination and whatever is written instantly is deleted practically instantly They leave no trace and preclude the joy and chagrin of reading what one wrote in the past These letters show what you miss in instant messaging They might nudge you to add a new dimension to your life write to someone you love and care about Old fashioned writing is timeless and priceless

Karandashev expertly guides us through the dazzling complexity of our concept and experience of love. Not only does he show the many different ingredients that make up our conceptions of love in particular cultures such as idealization of the beloved, commitment, union, intimacy, friendship, and others, he draws our attention to the bewildering array of differences between their applications in different cultural contexts or to their presence or absence in a culture. In reading the book, we also get as a bonus an idea of how an elusive concept such as love can be scientifically studied by a variety of methodologies all to our benefit. A masterful accomplishment. K. Vecses, Zoltán, Eötvös Loránd University, Budapest, Hungary. Long considered a research purview of only a portion of the world's cultures, we know today that love is universal, albeit with many cultural differences in meaning, form, and expression. Moreover, love has a rich history of scholarship across multiple disciplines. Within this backdrop, Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love. Covering the topic from a truly international and interdisciplinary perspective, this book is an indispensable source of knowledge about cultural and cross-cultural studies conducted in recent decades and is a must-read for anyone interested in the universal and culturally diverse aspects of love. David Matsumoto, San Francisco State University, Director of SFSU's Culture and Emotion Research Laboratory. *Christian Perspectives on Politics*. J. Philip Wogaman, 2000-01-01. Minister Wogaman updates his comprehensive discussions on the meaning and importance of politics, the history of Christian political thought, and church-state relations, the legislation of social morality, and criminal justice issues. **Appeal and Attitude**. Steven G. Smith, 2005-11-16. In *Appeal and Attitude*, Steven G. Smith offers a multicultural view into issues at the heart of existentialism, hermeneutics, and the phenomenology of religion. By looking closely at the concepts of appeal or what commands our attention and attitude, or the quality of the attention we pay, Smith probes into the core of religious ideals to answer questions such as why faith and rationality are compelling and how religious experience becomes meaningful. Smith turns to philosophical and religious texts from Eastern and Western religious and philosophical traditions, including Kant, Hegel, Heidegger, Levinas, Derrida, Confucius, and the Bhagavad Gita. He also engages everyday objects such as stones, birds, boats, and minnows to arrive at normative definitions of supreme appeal and sovereign attitude. This book provides readers at all levels with a thoughtful and widely comparative window into idealism, community responsibility, piety, faith, and love.

Love and Sympathy in Theravāda Buddhism. Harvey B. Aronson, 1980-01-01. *Love and Sympathy in Theravada Buddhism* discusses the context and contents of the Theravada teachings on love, sympathy, and the collective meditative set of four sublime attitudes, brahmavihāra: universal love, compassion, sympathetic joy, and equanimity. The presentation is based upon the first four of the five collections of Buddha's discourses, a stylistically homogeneous compilation of the earliest strata of Theravada scripture compiled before 350 B.C. After discussing the Pali material relevant to these topics in the first five chapters of this work, the author includes a detailed examination and critique of their position in Chapter Six. His concern is with the motives to social action as well as the psychological and soteriological import of the Theravada teachings on love.

sympathy and the sublime attitudes Only through seeing these facets can the unique vision of Theravada Buddhism be appreciated

Green, 2010-11-23 The Assemblies of God AG is the ninth largest American and the world's largest Pentecostal denomination with over 50 million followers worldwide The AG embraces a worldview of miracles and mystery that makes supernatural experiences such as speaking in tongues healing and prophecy normal for Christian believers Ever since it first organized in 1916 however the charismata or gifts of the Holy Spirit have felt tension from institutional forces Over the decades vital charismatic experiences have been increasingly tamed by rituals doctrine and denominational structure Yet the path towards institutionalization has not been clear cut New revivals and direct personal experience of God the hallmarks of Pentecostalism continue as an important part of the AG tradition particularly in the growing number of ethnic congregations in the United States The Assemblies of God draws on fresh up to date research including quantitative surveys and interviews from twenty two diverse Assemblies of God congregations to offer a new sociological portrait of the AG for the new millennium The authors suggest that there is indeed a potential revitalization of the movement in the works within the context of the larger global Pentecostal upswing and that this revitalization may be spurred by what the authors call godly love the dynamic interaction between divine and human love that enlivens and expands benevolence The volume provides a wealth of data about how the second largest American Pentecostal denomination sees itself today and suggests trends to illuminate where it is headed in the future
