Literature, Speech Disorders, and Disability Christopher Eagle, 2013-10-08 Examining representations of speech disorders in works of literature this first collection of its kind founds a new multidisciplinary subfield related but not limited to the emerging fields of disability studies and medical humanities. The scope is wide ranging both in terms of national literatures and historical periods considered engaging with theoretical discussions in poststructuralism disability studies cultural studies new historicism gender studies sociolinguistics trauma studies and medical humanities The book s main focus is on the development of an awareness of speech pathology in the literary imaginary from the late eighteenth century to the present studying the novel drama epic poetry lyric poetry autobiography and autopathography and clinical case studies and guidebooks on speech therapy The volume addresses a growing interest both in popular culture and the humanities regarding the portrayal of conditions such as stuttering aphasia and mutism along with the status of the self in relation to those conditions Since speech pathologies are neither illnesses nor outwardly physical disabilities critical studies of their representation have tended to occupy a liminal position in relation to other discourses such as literary and cultural theory and even disability studies One of the primary aims of this collection is to address this marginalization and to position a cultural criticism of speech pathology within literary studies Abyssinia's Samuel Johnson Wendy Laura Belcher, 2012-05-31 As a young man Samuel Johnson one of the most celebrated English authors of the eighteenth century translated A Voyage to Abyssinia by Jeronimo Lobo a tome by a Portuguese missionary about the country now known as Ethiopia Far from being a potboiler this translation left an indelible imprint on Johnson Demonstrating its importance through a range of research and attentive close readings Abyssinia s Samuel Johnson highlights the lasting influence of an African people on Johnson s oeuvre Wendy Laura Belcher uncovers traces of African discourse in Johnson s only work conceived for the stage Irene several of his short stories and of course his most famous fiction The History of Rasselas Prince of Abissinia Throughout Belcher provides a much needed perspective on the power of the discourse of the other to infuse European texts Most pointedly she illuminates how the Western literary canon is globally produced developing the powerful metaphor of spirit possession to suggest that some texts in the European canon are best understood as energumens texts that are spoken through Her model of discursive possession offers a new way of theorizing transcultural intertextuality in particular how Europe s others have co constituted European representations Drawing on sources in English French Portuguese and Ge ez this study challenges the conventional wisdom on Johnson's work from the inspiration for the name Rasselas and the nature of Johnson's religious beliefs to what makes Rasselas so strange A rich monograph that fuses

O'Connell, 2008-01-01 Friendships Across Ages is about how two friendships one and a half centuries apart between aged men of great distinction Samuel Johnson and Oliver Wendell Holmes and much younger gifted though flawed men James Boswell and Harold Laski respectively resulted in writings of lasting importance **Interpretation of Samuel Johnson** J. Clark, H. Erskine-Hill, 2012-06-12 A major academic controversy has raged in recent years over the analysis of the political and religious commitments of Samuel Johnson the most commanding of the commanding heights of eighteenth century English letters This book one of a trilogy from Palgrave brings that debate to a decisive conclusion retrieving the historic Johnson Disaffected Parties John Owen Havard, 2019-02-14 Disaffected Parties reveals how alienation from politics effected crucial changes to the shape and status of literary form Recovering the earliest expressions of grumbling irritability and cynicism towards politics this study asks how unsettled partisan legacies converged with more recent discontents to forge a seminal period in the making of English literature and thereby poses wide ranging questions about the lines between politics and aesthetics Reading works including Laurence Sterne's Tristram Shandy James Boswell's Life of Johnson the novels of Maria Edgeworth and Jane Austen and the satirical poetry of Lord Byron in tandem with print culture and partisan activity this book shows how these writings remained animated by disaffected impulses and recalcitrant energies at odds with available party positions and emerging governmental norms even as they sought to imagine perspectives that looked beyond the divided political world altogether No one can be more sick of or indifferent to politics than I am Lord Byron wrote in 1820 Between the later eighteenth century and the Romantic age disaffected political attitudes acquired increasingly familiar shapes Yet this was also a period of ferment in which unrest associated with the global age of revolutions including a dynamic transatlantic opposition movement collided with often inchoate assemblages of parties and constituencies As writers adopted increasingly emphatic removes from the political arena and cultivated familiar stances of cynicism detachment and retreat their estrangement also promised to loop back into political engagement and to make their works parties all their own Beckett/Philosophy Matthew Feldman, Karim Mamdani, 2014-03-01 This collection of essays most of which return to or renew something of an empirical or archival approach to the issues represents the most comprehensive analysis of Beckett's relationship to philosophy in print how philosophical issues conundrums and themes play out amid narrative intricacies. The volume is thus both an astonishingly comprehensive overview and a series of detailed readings of the intersection between philosophical texts and Samuel Beckett s oeuvre offered by a plurality of voices and bookended by an historical introduction and a thematic conclusion S E Gontarski Journal of Beckett StudiesThis is an important contribution to ongoing attempts to understand the relationship of Beckett s work to philosophy It breaks some new ground and helps us to consider not only how Beckett made use of philosophy but how his own thought might be understood philosophical Anthony Uhlmann University of Western Sydney Why Modern Manuscripts Matter Kathryn Sutherland,2022 A study of the cultural value of literary manuscripts that explores why they are traded conserved and coveted It focuses on the history of manuscript collection from the late seventeenth to the early eighteenth century and the emerging strains of commercial aesthetic and heritage value driving it Editing Lives Jesse G. Swan,2013-12-12 Central to all post Renaissance scholarship textual studies continues to evolve both in its techniques and methods as well as in the illumination it affords all other areas of modern knowledge The life of our fellow human beings and how we know and tell lives is one such area of modern knowledge that is foundationally affected by theories and practices of textual creation transmission and apprehension This collection of new essays and studies by internationally acclaimed scholars along with a select few who are less acclaimed but of distinct promise provides a view into the contemporary state of scholarship in textual and biographical studies The collection also means to be of especial interest to scholars of the British eighteenth century by concentrating its evidence and argument on topics and subjects important to contemporary eighteenth century studies The volume is inspired by the extensive contributions to the fields by the late O M Brack Jr
