Loving Each Other Leo F Buscaglia, Ph.D.,1984-09-01 *Loving Each Other* Leo F. Buscaglia,1986-03-12 In this exploration of loving and living bestselling author Leo Buscaglia addresses the intricacies and challenges of love relationships He asks such important questions as How do we best interweave our lives with our loved ones Do we change our way of relating depending on the circumstances If we fail in one relationship can we succeed in others In this exhilarating book Leo doesn't give pat answers He presents alternatives and suggests behavior that opens the way to truly loving each other He recalls with heartwarming detail the importance of his own family and friendships in helping him to be open to grow and to love **Heart of the Living God** Michael G. Maness,2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is Gods gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process Thats the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net **Unfaithful Angels** Harry Specht,Mark E. Courtney,1995-08-01 In this provocative examination of the fall of the profession of social work from its original mission to aid and serve the underprivileged Harry Specht and Mark Courtney show how America's excessive trust in individualistic solutions to social problems have led to the abandonment of the poor in this country A large proportion of all certified social workers today have left the social services to enter private practice thereby turning to the middle class those who can afford psychotherapy and away from the poor As Specht and Courtney persuasively demonstrate if social work continues to drift in this direction there is good reason to expect that the profession will be entirely engulfed by psychotherapy within the next twenty years leaving a huge gap in the provision of social services traditionally filled by social workers The authors examine the waste of public funds this trend occasions as social workers educated with public money abandon community service in increasing numbers *How To Get a Life, Vol. 1: Empowering Wisdom for the Heart and Soul* Lawrence Baines, Ph.D.,Daniel McBrayer, Ph.D.,2003-04 Presented in an easy to digest format with an uplifting message How to Get a Life offers individual chapters on the life views of some of

The Mafia Roberto M. Dainotto, 2015-04-15 What is it about Tony Soprano that makes him so amiable For that matter how is it that many of us secretly want Scarface to succeed or see Michael Corleone as ultimately a hero What draws us into the otherwise horrifically violent world of the mafia In The Mafia Roberto M Dainotto explores the irresistible appeal of this particular brand of organized crime its history and the mythology we have developed around it Dainotto traces the development of the mafia from its rural beginnings in Western Sicily to its growth into a global crime organization alongside a parallel examination of its evolution in music print and on the big screen He probes the tension between the real mafia its violent often brutal reality and how we imagine it to be a mythical potpourri of codes of honor family values and chivalry But rather than dismiss our collective imagining of the mafia as a complete fiction Dainotto instead sets out to understand what needs and desires or material and psychic longing our fantasies about the mafia the best kind of the bad life are meant to satisfy Exploring the rich array of films books television programs music and even video games portraying and inspired by the mafia this book offers not only a social economic and political history of one of the most iconic underground cultures but a new way of understanding our enduring fascination with the complex society that lurks behind the sinister Omertà of the family business
