

A misty landscape with a large tree reflected in water. The scene is serene and atmospheric, with soft light and a calm body of water. The tree's reflection is clearly visible in the still water.

Love your enemies, do  
good to those who  
hate you, bless those  
who curse you, pray  
for those who mistreat  
you.

## **Loving Enemies:**

**Loving Creation** Gary Chartier, 2022-09-27 Is it true that all we need is love Does love capture the essence of Christian ethics Does a love centered ethic need to be impartial in a way that leaves no room at ground level for relationships and projects What is the place of well being in an ethic of love Loving Creation The Task of Moral Life seeks to answer these questions by showing how a love ethic and an ethic of creation are not at odds but rather reinforce each other Gary Chartier articulates a love centered creation ethic or a creation centered love ethic and applies it to such issues as sex economic life love for enemies and political order In the book Chartier offers a powerful alternative both to natural law theories that seem to lose sight of the welfare of actual people and to the accounts of Christian love that embrace an alienating impartiality He develops an understanding of Christian love as focused on creation that can contribute effectively to enriching both social practices and personal lives Loving Creation is unabashedly theological But the theological considerations it adduces are ones that will allow Christians to engage in the public sphere with adherents of other religious traditions and of none It is a contribution not only to theological understanding but also to personal moral reflection to church practice and to Christian participation in public life

*Costly Love* John H. Armstrong, 2018-06-30 John Armstrong knows from personal experience how easy it is to put too much emphasis on correct teaching in our experience of church and how easily we lose sight of the love on which Christ built his church when we do so In Costly Love Armstrong acknowledges the importance of doctrine and theological discussion in the church but he urges Christians to focus first on whether we are following Jesus new

commandment to love as he loved Our actions of love will begin to bring us closer to unity with one another and with God

Falling into Love Lang Charters,2020-07-07 Lang Charters was living the American Dream until a surreal accident on a family hike stole not only that but nearly his life Yet plummeting off a cliff taught him the richest life isn't about ascending and achieving but falling into the love of God and others In Falling into Love he narrates an inspiring story about his accident recovery and rehabilitation He tells about people coming together when life falls apart love transcending distance hope in the midst of despair beauty blossoming from hurt and God's unending affection for us shining through in gloriously simple regular weird and awesome ways This feel good memoir faces the struggles doubts pains and questions head on grappling with deep issues thoughtfully and authentically Charters shares his story and reflections to encourage a greater love for others self life and God If love is the point his tale of nearly dying loss sorrow transformation relationship kindness care healing and God's goodness highlights what this means A Nonviolent Theology of Love Sharon L. Baker Putt,2021-02-02

The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God's desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance *Summa Theologica, Volume 3 (Part II, Second Section)* St Thomas Aquinas,2013-01-01 The *Summa Theologica*

is the best known work of Italian philosopher scholar and Dominican friar SAINT THOMAS AQUINAS 1225 1274 widely considered the Catholic Church's greatest theologian Famously consulted immediately after the Bible on religious questions at the Council of Trent Aquinas's masterpiece has been considered a summary of official Church philosophy ever since Aquinas considers approximately 10 000 questions on Church doctrine covering the roles and nature of God man and Jesus then lays out objections to Church teachings and systematically confronts each using Biblical verses theologians and philosophers to bolster his arguments In Volume III Aquinas addresses faith and heresy charity peace and war mercy anger and justice prayer truth and much more This massive work of scholarship spanning five volumes addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy religious historians and serious students of Catholic thought **Agape and Hesed-Ahava**

David L. Goicoechea,2015-02-19 Goicoechea presents his third volume in a series on agape In this book he shows in four

ways how the agape of Jesus fulfills the ahava and hesed of the Hebrew Bible First he shows existentially how he learned and lived this for six years in a Benedictine Minor Seminary and then for three years in a Sulpician Major Seminary Second he demonstrates how ahava or our love for God and neighbor and hesed or God's love for us develop through the Hebrew Bible Goicoechea argues that St Matthew's Gospel explains the fulfilment of ahava and hesed with Jesus agape He concludes by drawing attention to how Levinas and Derrida two Jewish postmodern philosophers treat Jewish and Christian love

**Judaism Is About Love** Shai Held, 2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory Judaism Is About Love illuminates the true essence of Judaism an act of restoration from within

**On Love and Charity** Saint Thomas Aquinas, 2008-07 Among the great works of Thomas Aquinas the Commentary on the Sentences of Peter Lombard has suffered almost total neglect among translators Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas's first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings Although Chenu had already drawn attention decades ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas's more mature work the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas's moral philosophy moral theology and philosophical theology In addition the inclusion of parallel texts from Aquinas's first Parisian Commentary as well as from his second Roman attempt at a commentary the recently rediscovered *Lectura Romana* makes this edition all the more valuable for those who wish to track the internal development of Thomas's thinking on these matters The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate

use of a magnificent resource that deserves to be better known The printed volume is supplemented by a web based document containing a fuller introduction webnotes and a bibliography To reach this supplementary information click here

**PRAISE FOR THE BOOK** The present volume contains by far the most extensive English translation from the *Scriptum* to date The translators of *On Love and Charity* have aimed to give a translation which is neither too literal nor too liberal trying to find the golden mean between an unintelligibly Latinised or an enjoyable but unfaithful English version This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth

**B Toth Ephemerides Theologicae Lovanienses** *The Simple Secret* Joshua Graves, 2023-03-28 Jesus understanding of love separates him from many of the great religious leaders in world history Jesus believed it was possible to love every person we encounter children partners friends strangers the vulnerable the poor enemies and planet Earth itself The meaning of life is not mysterious after all According to Jesus the purpose of our existence is to love and be loved When we take our last breath our life will be measured by the love we gave to each person we encountered The secret of life it turns out is not a secret at all

*The Politics of Praise* William W. Young, 2007 The *Politics of Praise* argues that the redemptive potential of naming God lies in how this event transforms friendship It breaks new ground by tracing the connections between naming God and friendship in the work of Thomas Aquinas and Jacques Derrida Advancing an innovative reading of Aquinas on the divine names the book explores how Dionysius mysticism shapes Aquinas appropriation of Aristotle's ethics then retraces how Derrida's reading of religion renders possible an alternative conception of friendship These explorations lead to a surprising convergence between Aquinas and Derrida on the conditions of friendship
