Loving With A Vengeance:

Loving with a Vengeance Tania Modleski, 2008-03-25 Upon its first publication *Loving with a Vengeance* was a groundbreaking study of women readers and their relationship to mass market romance fiction Feminist scholar and cultural critic Tania Modleski has revisited her widely read book bringing to this new edition a review of the issues that have in the intervening years shaped and reshaped questions of women's reading With her trademark acuity and understanding of the power both of the mass produced object film television or popular literature and the complex workings of reading and reception she offers here a framework for thinking about one of popular culture's central issues This edition includes a new introduction a new chapter and changes throughout the existing text *Loving with a Vengeance : Mass-Produced Fantasies for Women* Tania Modelski, 1996 A study of Harlequin romances Gothic novels and television soap operas three forms of popular culture designed for women Film Study Frank Manchel, 1990-10 The four volumes of *Film Study* include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities **New Approaches to Popular Romance Fiction** Sarah S.G. Frantz, Eric Murphy Selinger, 2014-01-10 Despite the prejudices of critics popular romance fiction remains a complex dynamic genre It consistently maintains the largest market share in the American publishing industry even as it welcomes new subgenres like queer and BDSM romance Digital publishing originated in erotic romance and savvy online communities have exploded myths about the genre's readership Romance scholarship now reflects this diversity transformed by interdisciplinary scrutiny new critical approaches and an unprecedented international dialogue between authors scholars and fans These eighteen essays investigate individual romance novels authors and websites rethink the genre's history and explore its interplay of convention and originality By offering new twists in enduring debates this collection inspires further inquiry into the emerging field of popular romance studies The Sexual Subject Mandy Merck, 2013-11-05 *The Sexual Subject* brings together writing on sexuality which has appeared in *Screen* over the past two decades It reflects the journal's continuing engagement with questions of sexuality and signification in the cinema an engagement which has had a profound influence on the development of the academic study of film and on alternative film and video practice The collection opens with Laura Mulvey's classic *Visual Pleasure and Narrative Cinema* with its conjunction of semiotics and psychoanalysis the critical approach which is most closely associated with *Screen*'s rise to international prominence The reader then goes on to explore the particular questions and debates which that conjunction provoked arguments around pornography and the representation of the body questions of the representation of femininity and masculinity of the female spectator and of the social subject Many of the writings in this Reader have become indispensable texts within the study of film The purpose of the Reader is not only to make the articles

available to a wider readership and to a new generation but also to pose new conjunctions making connections in one volume between debates and inquiries which spanned two crucial decades of film theory The Sexual Subject is intended not only for all those with a particular interest in film and film theory but for anyone with a serious commitment to cultural theory theories of representation and questions of sexuality and gender Democracy and the Foreigner Bonnie Honig, 2009-01-10 What should we do about foreigners Should we try to make them more like us or keep them at bay to protect our democracy our culture our well being This dilemma underlies age old debates about immigration citizenship and national identity that are strikingly relevant today In *Democracy and the Foreigner* Bonnie Honig reverses the question What problems might foreigners solve for us Hers is not a conventional approach Instead of lauding the achievements of individual foreigners she probes a much larger issue the symbolic politics of foreignness In doing so she shows not only how our debates over foreignness help shore up our national or democratic identities but how anxieties endemic to liberal democracy themselves animate ambivalence toward foreignness Central to Honig's arguments are stories featuring foreign founders in which the origins or revitalization of a people depend upon a foreigner's energy virtue insight or law From such popular movies as *The Wizard of Oz* *Shane* and *Strictly Ballroom* to the biblical stories of Moses and Ruth to the myth of an immigrant America from Rousseau to Freud foreignness is represented not just as a threat but as a supplement for communities periodically requiring renewal Why do people tell stories in which their societies are dependent on strangers One of Honig's most surprising conclusions is that an appreciation of the role of foreigners in re-founding peoples works neither solely as a cosmopolitan nor a nationalist resource For example in America nationalists see one archetypal foreign founder the naturalized immigrant as reconfirming the allure of deeply held American values whereas to cosmopolitans this immigrant represents the deeply transnational character of American democracy Scholars and students of political theory and all those concerned with the dilemmas democracy faces in accommodating difference will find this book rich with valuable and stimulating insights

The Silence of the Lambs Yvonne Tasker, 2021-09-09 Released in 1990, *The Silence of the Lambs* is one of the defining films of late twentieth-century American cinema. Adapted from the Thomas Harris novel and directed by the late Jonathan Demme, its central characters are now iconic: Jodie Foster is Clarice Starling, an FBI trainee investigating Buffalo Bill, a serial killer who flays his victims; Anthony Hopkins plays Hannibal Lecter, a serial killer and former psychiatrist who assists Starling in exchange for personal details. With its pairing of a perverse, invasive anti-hero and a questing proto-action heroine, *The Silence of the Lambs* unfolds as a layered narrative of pursuit. In this study, Yvonne Tasker explores the film's weaving together of gothic horror and thriller elements in its portrayal of insanity and crime, drawing out the centrality of ideas about gender to the storytelling. She identifies the film as a key genre reference point for tracking late twentieth-century interests in police procedural profiling and serial murder, analysing its key themes of reason and madness, identity and belonging, aspiration and transformation. A new afterword explores the legacies of *The Silence of the Lambs* and its figuring of crime and investigation in terms of gender disruption and spectacular violence.

Japanese Fiction of the Allied Occupation Sharalyn Orbaugh, 2006-12-01 The reconstruction of identity in post-World War II Japan after the trauma of war defeat and occupation forms the subject of this latest volume in Brill's monograph series Japanese Studies Library. Closely examining the role of fiction produced during the Allied Occupation, Sharalyn Orbaugh begins with an examination of the rhetoric of wartime propaganda and explores how elements of that rhetoric were redeployed postwar as authors produced fiction linked to the redefinition of what it means to be Japanese. Drawing on tools and methods from trauma studies, gender and race studies, and film and literary theory, the study traces important nodes in the construction and maintenance of discourses of identity through attention to writers' representations of the gaze, the body, language and social performance. This book will be of interest to any student of the literary or cultural history of World War II and its aftermath.

Japanese Fiction of the Allied Occupation was awarded Choice Outstanding Academic Title 2007.
