Maierhofer, Adolf Wimmer**

## **Low Intensity Conflict In American History:**

**Low-Intensity Conflict in American History** Claude C. Sturgill,1993-11-30 This book is both a practical guide and an introduction to low intensity conflict In addition it serves as a history of this type of conflict in the United States A part of normal government operations in the U S from 1940 to the present low intensity conflict s antecedants can be traced back to the beginning of the republic Sturgill discusses topics such as insurgency and counterinsurgency terrorism and counterterrorism and military intervention **Army History** ,1989 Lessons Unlearned Pat Proctor,2020-03-09 Colonel Pat Proctor s long overdue critique of the Army s preparation and outlook in the all volunteer era focuses on a national security issue that continues to vex in the twenty first century Has the Army lost its ability to win strategically by focusing on fighting conventional battles against peer enemies Or can it adapt to deal with the greater complexity of counterinsurgent and information age warfare In this blunt critique of the senior leadership of the U S Army Proctor contends that after the fall of the Soviet Union the U S Army stubbornly refused to reshape itself in response to the new strategic reality a decision that saw it struggle through one low intensity conflict after another some inconclusive some tragic in the 1980s and 1990s and leaving it largely unprepared when it found itself engaged seemingly forever in wars in Afghanistan and Iraq The first book length study to connect the failures of these wars to America s disastrous performance in the war on terror Proctor s work serves as an attempt to convince Army leaders to avoid repeating the same mistakes **The Politics of Warfare** Stephen J. Cimbala,2010-11-01 The Army Historian ,1993 A Handbook Of American Military History Jerry Sweeney,2019-09-25 This unique reference work covers the military history of the United States from the Revolution to the Gulf War The Handbook of American Military History is comprehensive easy to use and supplies essential information on the social technological political tactical and strategic developments that have affected the evolution of the U S Constructing the Eighties Walter Grünzweig,Roberta Maierhofer,Adolf Wimmer,1992 Outside in Andrew Preston,Douglas Charles Rossinow,2017 These original essays exemplify how the transnational history of the United States is being written today The authors offer fresh work that focuses on the circuits of border crossing activity that Americans have inhabited while still taking the nation state seriously Air University Library Index to Military Periodicals ,1995 **Parameters** ,1995 **Quartermaster Professional Bulletin** ,1990 **U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1942-1976** Andrew James Birtle,2006 CMH Pub 70 98 1 This study examines the nature of counterinsurgency and nation building missions the institutional obstacles inherent in dealing effectively with such operations and the strengths and weaknesses of U S doctrine including the problems that can occur when that doctrine morphs into dogma Review of Current Military Literature ,1985 **Counterinsurgency and the Global War on Terror** Robert M. Cassidy,2006-04-30 Since September 2001 the United States has waged what the government initially called the global war on terrorism GWOT Beginning in late 2005 and early 2006 the term Long War began to appear in U S security documents such as the National

Security Council's National Strategy for Victory in Iraq and in statements by the U.S. Secretary of Defense and the Chairman of the JCS. The description of Long War unlimited in time and space and continuing for decades is closer to reality and more useful than GWOT. Colonel Robert Cassidy argues that this protracted struggle is more correctly viewed as a global insurgency and counterinsurgency. Al Qaeda and its affiliates, he maintains, comprise a novel and evolving form of networked insurgents who operate globally harnessing the advantages of globalization and the information age. They employ terrorism as a tactic subsuming terror within their overarching aim of undermining the Western-dominated system of states. Placing the war against al Qaeda and its allied groups and organizations in the context of a global insurgency has vital implications for doctrine, interagency coordination, and military cultural change, all reviewed in this important work. Cassidy combines the foremost maxims of the most prominent Western philosopher of war and the most renowned Eastern philosopher of war to arrive at a threefold theme: know the enemy, know yourself, and know what kind of war you are embarking upon. To help readers arrive at that understanding, he first offers a distilled analysis of al Qaeda and its associated networks with a particular focus on ideology and culture. In subsequent chapters, he elucidates the challenges big powers face when they prosecute counterinsurgencies using historical examples from Russian, American, British, and French counterinsurgent wars before 2001. The book concludes with recommendations for the integration and command and control of indigenous forces and other agencies.

America's Forgotten Wars Sam C. Sarkesian, 1984-10-24 This book provides numerous brilliant and sound insights into the nature of low-level conflict. Sarkesian also perceptively describes the imperatives of the military mind set and armed forces structure necessary to help the U.S. government achieve its national objectives in a turbulent world. Despite shortcomings, the book is a good and necessary work for those who want to know about the type of warfare that will engage our military forces for the rest of this century and beyond.

Community college and above Choice *U.S. Army counterinsurgency and contingency operations doctrine, 1942-1976 (Paperbound)* Andrew James Birtle, 2006

**These Ragged Edges** Andrew J. Torget, Gerardo Gurza-Lavalle, 2022-05-10 The U.S.-Mexico border has earned an enduring reputation as a site of violence. During the past twenty years, in particular, the drug wars fueled by the international movement of narcotics and vast sums of money have burned an abiding image of the border as a place of endemic danger into the consciousness of both countries. By the media, popular culture, and politicians, mayhem and brutality are often portrayed as the unavoidable birthright of this transnational space. Through multiple perspectives from both sides of the border, the collected essays in *These Ragged Edges* directly challenge that idea, arguing that rapidly changing conditions along the U.S.-Mexico border through the nineteenth, twentieth, and twenty-first centuries have powerfully shaped the ebb and flow of conflict within the region. By diving deeply into diverse types of violence, contributors dissect the roots and consequences of border violence across numerous eras, offering a transnational analysis of how and why violence has affected the lives of so many inhabitants on both sides of the border. Contributors include Alberto Barrera Enderle, Alice Baumgartner,

Lance R Blyth Timothy Bowman Elaine Carey William D Carrigan Jos Carlos Cisneros Guzmán Alejandra Díaz de León Miguel González Quiroga Santiago Ivan Guerra Gerardo Gurza Lavalle Sonia Hernández Alan Knight Jos Gabriel Martínez Serna Brandon Morgan and Joaquín Rivaya Martínez Andrew J Torget and Clive Webb     *A Companion to American Legal History*  
Sally E. Hadden, Alfred L. Brophy, 2013-02-22 A Companion to American Legal History presents a compilation of the most recent writings from leading scholars on American legal history from the colonial era through the late twentieth century Presents up to date research describing the key debates in American legal history Reflects the current state of American legal history research and points readers in the direction of future research Represents an ideal companion for graduate and law students seeking an introduction to the field the key questions and future research ideas     **The Vietnam War:**

**Vietnamese and American Perspectives** Jayne Werner, Luu Doan Huynh, 2015-02-18 This volume derives from an unprecedented seminar held at Columbia University's School of International and Public Affairs in November 1990 At the seminar leading Western diplomatic and military historians and Vietnam scholars met with prominent Vietnamese Communists to reflect on the Vietnam War The book contains four parts The Vietnamese Revolution and Political Military strategy the war from the American side the war in the South and Cambodia and retrospective and postwar issues In addition to Jane Werner and Luu Doan Huynh the contributors are Mark Bradley William Duiker David Elliott Christine White George Vickers James Harrison George Herring Ronald Spector Paul Joseph Jeffrey Clarke Ngo Vinh Long Benedict Kiernan Marilyn Young Keith Taylor and Tran Van Tra General Tra was Commander of the People's Liberation Armed Forces of South Vietnam from 1963 to 1975 His eye opening analysis of the Tet Offensive has never before been available in English     U.S. Army on the Mexican Border: A Historical Perspective , 2007 This occasional paper is a concise overview of the history of the US Army's involvement along the Mexican border and offers a fundamental understanding of problems associated with such a mission Furthermore it demonstrates how the historic themes addressed disapproving public reaction Mexican governmental instability and insufficient US military personnel to effectively secure the expansive boundary are still prevalent today

When people should go to the book stores, search creation by shop, shelf by shelf, it is in point of fact problematic. This is why we allow the book compilations in this website. It will entirely ease you to look guide **Low Intensity Conflict In American History** as you such as.
