J. Tracy, 2018-09-11 New York Times bestselling author Dead men tell no tales but their pasts can t keep a secret in this suspenseful fast paced Monkeewrench crime thriller Catherine Coulter author of the FBI Thrillers Gregory Norwood is

Minnesota's most beloved philanthropist and the story of his son's overdose was splashed across the front page of all the papers. When a photojournalist sets out to get a candid shot of the highly successful businessman on the one year anniversary of his son's death, he's shocked to find Norwood dead with a smoking gun in his hand. The city is devastated and Minneapolis detectives Leo Magozzi and Gino Rolseth are called in to handle the delicate case. It should be open and shut, but something is not right. Norwood's death is no suicide. With no suspects and an increasing tangle of digital evidence that confounds the Minneapolis Police Department's most seasoned cops, Magozzi calls on Grace MacBride, Monkeewrench Software's founder and chief computer genius, and the soon-to-be mother of their child, together. She and her motley crew of partners begin to unravel connections between Norwood's death and an even larger plot. Norwood wasn't the first, won't be the last, and by the end, may be just one of many to die. The breakneck, high-stakes race to find his killer and save the lives of hundreds makes P.J. Tracy's *The Guilty Dead* her most outstanding novel yet.

Unleashing the Power of Unconditional Respect Jack Colwell, Charles Huth, 2010-06-16 Every day police officers face challenges ranging from petty annoyances to the risk of death in the line of duty. Coupled with these difficulties is in some cases lack of community respect for the officers despite the dangers these men and women confront while protecting the public. BlueGhost Reveille John W. Harris,2018-12-27 These are the recollections of a draftee assigned to an infantry platoon in an air cavalry troop BlueGhost Reveille follows me as a twenty two year old as I became a squad leader and then Platoon Sergeant during the war in Vietnam The pieces of this book are as factual as fifty

year old memories will allow There is no intentional fiction in this work The stories are about everyday life during this year in a combat unit Some pieces are mundane some are humorous and the parts about going to serious war will get your heart up in your throat I was not a Seal Ranger or Green Beret I was a draftee who turned down OCS because that would have meant extending my service by a year I was chosen to go to NCO school which made me an instant NCO or a shake bake sergeant Reluctant warrior may have described many of us draftees at the time but when you know you are going to war you better get serious I did Friends and family who have read this manuscript say it feels like I am sitting there telling them these stories I hope it feels that way for you

Raven Daughter Omnibus A.D. Trospen, 2025-05-13 A hidden lineage a found family an impossible quest and a forbidden love that could save worlds This is the Raven Daughter trilogy altogether in one book with added chapters expanded scenes and bonus material _____ I m Jo and the death of my mother revealed a whole lot of secrets she was keeping Like the fact that my sperm donor father was a freaking angel who couldn t keep it in his pants and slept with a woman he should never have been with Or the fact that I m not mortal and would one day be a reaper of souls Reaping souls now there is something I never dreamed I would do but here I am doing just that Or at least I was until souls started becoming Lost And that s when things went south When I stupidly agreed to help discover what was causing the Lost without reading the fine print first Now a lot of immortals would like to see me dead because of what I might become To top it off I ended up bloodbound to a powerful half demon who is supposed to be a reaper s sworn enemy Funny thing is he may be the only one I can trust As we embark on this adventure I can only hope it s over soon and I can get back to my normal life Well my new immortal normal life Warning Although this series deals with angels and demons there is nothing religious about them Anyone looking for that within the pages of these books will be disappointed

Co-ed Combat Kingsley Browne, 2007 Browne makes a case against women in combat based on research in anthropology biology history psychology sociology and law as well as military memoirs It asks hard questions that challenge the assumptions of feminists For instance

- 5 Has warfare really changed so much as to reverse the almost unanimous history of all male armed forces
- 5 Are men and women really equivalent in combat skills even leaving aside physical strength
- 5 Do female troops respond to traditional types of motivations
- 5 Can the bonds of unit cohesion form in a co ed military unit
- 5 Can an all volunteer military afford to reject women

War Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War Stories from American Asian and Russian Veterans* Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

Vietnam Firebases 1965-73 Randy E.
