Lowdown From The Lesson Tee:

Weedon's Way - The Pain-Free Way Reeves Weedon, 2022-10-06 With back injuries in golf rising there is clearly a need to investigate and resolve the problem via the biomechanics of the swing rather than researching the technology of the clubs Having worked with scientists and doctors with a historical interest in innovation within sporting techniques at Northern Michigan University Michigan State University USA and Sports Surgery Clinic Dublin we have discovered that compared to the modern swing our revolutionary Weedon's Way swing creates significant less torque between the thorax and pelvis without loss of performance The Pain Free Way A Swing for Golfers with Bad Backs In the modern swing during the downswing the thorax accelerates whilst the pelvis decelerates As a consequence the thorax and pelvis act in opposite directions massive torque is inflicted on the lumbosacral spine mainly at L5 S1 In the Weedon's Way swing the thorax and pelvis travel at similar speeds reducing the aforementioned torque In essence we remove the axis tilt i.e. body's side bend on the downswing In the course of my project I have collated and reviewed 17 years of scientific research papers relating to low back pain in golf The solution common to all papers is to play practise less whilst performing core strengthening exercises There has never been an evidence based alternative until now Swing Weedon's Way The Pain Free Way **The Negotiable Golf Swing** Joseph Laurentino, 2008-03 This book will provide you with an understanding of how basic human skills are learned and how to apply them to your game how to grasp and meld the negotiable with the nonnegotiable *Saving Par* Todd Sones, 2005-04-21 Drop strokes from your golf game with these proven techniques for confronting and solving tricky lies deep rough sand bunkers and other devilishly challenging shots that can make the bogeys mount What are your options when you encounter a fluffy lie in the rough near the green How do you execute a super lob to a tight pin on an elevated green What should you do when you're facing the perils of hitting through under or over trees swinging with little or no backswing taking opposite hand shots or hitting blind You play like a champ With the right frame of mind and the right technique a delicate pitch over a bunker can become as routine as a 3 foot putt The key is preparation *Saving Par* gives you the skills you need to hit the 40 most difficult and demanding shots in golf As author and PGA pro Todd Sones says In every one of us there exists the capacity to respond with strokes of genius It's time to find yours **Golf's Holy War** Brett Cyrgalis, 2021-05-18 The world of golf is at a crossroads As technological innovations displace traditional philosophies the golfing community has splintered into two deeply combative factions the old school teachers and players who believe in feel artistry and imagination and the technical minded who want to remake the game around data In *Golf's Holy War* Brett Cyrgalis takes readers inside the heated battle playing out from weekend hackers to PGA Tour pros At the Titleist Performance Institute in Oceanside California golfers clad in full body sensors target weaknesses in their biomechanics while others take part in mental exercises designed to test their brain's psychological resilience Meanwhile coaches like Michael Hebron purge golfers of all technical information tapping into the power of intuitive physical learning by playing rudimentary
