**Blues & Soul**, 1991-06      *Secrets of Practice Success* Marc B. Cooper, 2005-02 By now you've realized that generating a successful dental practice has little to do with technical excellence. You have to know how to lead, manage, own, and market. This book addresses the most common problems you confront in your business every day, providing insights and recommendations to help you build a more successful and personally satisfying practice. The book is divided into four sections: Ownership, Leadership, Management, and Marketing. Each section has numbers of questions posed by dentists along with the Dr. Cooper's responses. If you are like the dentists who have read this material, you will find these answers open new avenues for success and satisfaction unlike any other practice management information.

It was regularly attended by about 110 participants, of which 65 were officially registered in the VFC workshop while the others came from the rest of the JENAM workshops. There were also a few science correspondents from the national and international press. During the 3 days of the scientific programme, 8 Invited Reviews and 30 Oral Communications were presented. The speakers came from 11 different European countries and also from Argentina, Australia, Canada, Japan, and the U.S.A. There were also speakers from six Portuguese research institutions, and nine of the speakers were Ph.D. students. The contributions are presented in these proceedings in chronological order.
