Songwriters of the American Musical Theatre Nathan Hurwitz, 2016-09-01 From the favorites of Tin Pan Alley to today's international blockbusters the stylistic range required of a musical theatre performer is expansive Musical theatre roles require the ability to adapt to a panoply of characters and vocal styles By breaking down these styles and exploring the output of the great composers Songwriters of the American Musical Theatre offers singers and performers an essential guide to the modern musical Composers from Gilbert and Sullivan and Irving Berlin to Alain Boublil and Andrew Lloyd Webber are examined through a brief biography a stylistic overview and a comprehensive song list with notes on suitable voice types and further reading This volume runs the gamut of modern musical theatre from English light opera through the American Golden Age up to the mega musicals of the late Twentieth Century giving today's students and performers an indispensable survey of their craft

The Rosy-Fingered Dawn Appeared W. Devereux Jones, 2006-06 The story begins in the emergency room in Corinth Hospital in 1967 where a slightly wounded professor is brought in by a friend The local reporter tries to flesh out the story but his editor kills it and all that is clear is that there was some sort of duel It introduces the three main mail characters John Dobrov Turner Ashby DeLay and

Charley Steinke Then there is a flashback to 1952 and the novel follows the stories of the three who are brought together on the Georgia campus in 1961 The second chapter is set on the campus of Golden State University in California where the main character in the story Evangeline Higginson has founded the Rosy Fingered Dawn Club a small group of Coeds who anticipate an enlargement of the career opportunities for women Hig is a beautiful woman but unlike most female leads she has a flinty character and her superior intelligence carefully analyzes all the situations she encounters She is also an electra and thus does not view the male sex with hostility She rescues and completely remakes a crippled football player as a kind of hobby to alleviate her boredom This leads to an unexpected marriage and she has to put her own career on hold until her husband is settled in his profession How does a liberated woman maintain her identity in wedlock This is a continuing question during the 1960 s Her massive intelligence also grapples with an age old question what is this thing called love She believes that men marry for sex women for companionship and wonders if love is a myth devised by women to gild economic motives Not until the final chapter does she find answers to these two questions that satisfy her The football player she rescues remakes and marries is John Dobrov a man s man of Czech background from Youngstown Ohio He regards his wife with awe and is utterly dominated by her in all areas until he meets a colleague Turner Ashby DeLay who is equal to his wife in intelligence but has an entirely different reaction to contemporary developments the integration crises the women s movement and the Vietnam War Dobrov is a man with all the attitudes programmed into the male sex and his marriage becomes a crescendo of clashes with his wife A basic problem between them is one that is always overlooked in both novels and real life

Software applications have taken over our lives We use and are used by software many times a day Nevertheless we know very little about the invisibly ubiquitous workers who write software Who are they and how do they perceive their own practice How does that shape the ways in which they collaborate to build the myriad of apps that we use every day Coderspeak provides a critical approach to the digital transformation of our world through an engaging and thoughtful analysis of the people who write software It is a focused and in depth look at one programming language and its community Ruby based on ethnographic research at a London company and conversations with members of the wider Ruby community in Europe the Americas and Japan This book shows that the place people write code the language they write it in and the stories shared by that community are crucial in questioning and unpacking what it means to be a coder Understanding this social group is essential if we are to grasp a future and a present in which computer programming increasingly dominates our lives Praise for Coderspeak Heurich perfectly captures the generous camaraderie quirky spirit and intellectual curiosity at the heart of the Ruby world Packed with tidbits of Ruby history code snippets and fascinating conversations this book has something to teach every Rubyist Jemma Issroff Ruby Core Team *The Art of the American Musical* Jackson R. Bryer,Richard Allan Davison,2005 Bringing together exclusive and previously unpublished interviews with nineteen leading

composers lyricists librettists directors choreographers and producers from the mid 1900s to the present this book details the careers of the individuals who shaped this popular performance art during its most prolific period The interviewees discuss their roles in productions ranging from *On the Town* 1944 and *Finian's Rainbow* 1947 to *The Producers* 2001 and *Bounce* 2003 Readers are taken onto the stage into the rehearsals and behind the scenes The nuts and bolts the alchemy and the occasional agonies of the collaborative process are all explored In their discussions the artists detail their engagements with other creative forces including such major talents as Leonard Bernstein Jerome Robbins Bob Fosse Liza Minnelli Judy Garland Barbra Streisand Jule Styne Richard Rodgers and Oscar Hammerstein Alan Jay Lerner Zero Mostel and Gwen Verdon They speak candidly about their own work and that of their peers their successes and failures the creative process and how a show progresses from its conception through rehearsals and tryouts to opening night Taken together these interviews give fresh insight into what Oscar Hammerstein called a nightly miracle The creation of the American musical
