Spiritually and Developmentally Mature Leadership Daniel E. Harris, Lori Holyfield, Linda Jones, Rhonda Ellis, Judi Neal, 2019-02-21 The book goes beyond theory to offer tools and suggestions for developing emerging leaders Inspired by the pioneering work of leadership scholar Andre Delbecq this book points towards an expanded model of leadership that incorporates an active inner life and posits that such fully human models of leadership will be essential to meet the profound challenges of the 21st Century Without presuming to provide definitive answers the text explores central questions such as What is the added value of spiritual maturity to leadership Would the integration of mature spirituality with well developed intellectual and emotional capacities produce more beneficial leadership outcomes for organizations and individuals What would a spiritually and

developmentally mature emerging leader look like in 10 to 20 years How do we prepare emerging leaders for the challenges they may face and how do we model spiritually and developmentally mature leadership in ways that resonate with them Professor Andre Delbecq 1936 2016 of the University of Santa Clara created the heuristic of spiritually and developmentally mature leaders to encapsulate his observation that outstanding leaders often seemed to draw strength and wisdom from sources that are not typically studied or taught in leadership courses Thirty scholars and practitioners accepted Delbecq s heuristic as the starting point to explore spiritual components of leadership that do not easily lend themselves to quantification or clear causal links The analysis of their disciplined engagement with the heuristic forms the foundation of an exploratory fully human understanding of leadership This analysis is supported by literature reviews including an overview of Andre Delbecq s relevant work Ultimately the authors call for further collaboration across disciplines and between research and practice to build on the conceptual constructs offered here and especially to create pedagogies for the training of spiritually and developmentally mature leaders

The Spirituality of Welcoming Dr. Ron Wolfson, 2011-06-22 A practical guide for envisioning and transforming your synagogue into a powerful new congregation of welcoming learning and healing The new synagogue we envision is a spiritual center for all those who set foot inside it It is a kehillah kedoshah a sacred community where relationships are paramount where worship is engaging where everyone is learning where repair of the world is a moral imperative where healing is offered where personal and institutional transformation are embraced The times are ripe for this spiritual call from the Introduction So often we want our congregations to be more more compelling more member focused more spiritual and yet more useful for our daily lives Through reflection examples tips and exercises and incorporating the fruits of Synagogue 2000 now Synagogue 3000 a groundbreaking decade long program investigating the challenges facing modern synagogues this inspiring handbook both establishes a sound foundation for why a deep hospitality is crucial for the survival of today s spiritual communities and dives into the practical hands on how of turning your congregation into a place of invitation and openness that includes Prayer that is engaging uplifting and spiritually moving Institutional deepening that is possible because of an openness to change Study that engages adults and families as well as children Good deeds the work of social justice as a commitment of each and every member An ambience of welcome that creates a culture of warmth and outreach Healing that offers comfort and support at times of illness and loss and much more

Radical Grace J. Harold Ellens, 2007-10-30 The esteemed editor who brought us the acclaimed set The Destructive Power of Religion turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people But Ellens grounds his brighter perspective in

this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

Aging, Spirituality and Palliative Care Rev Elizabeth Mackinley,2006-10-24 Gain greater depth of understanding of end of life spiritual issues for older adults The period of time when a person approaches death is always difficult both for the patient and the caregiver *Aging Spirituality and Palliative Care* discusses best practices in aged and palliative care while addressing patients diverse spiritual **A Mature Faith** D. J. Louw,1999 A Mature Faith is an attempt to develop an anthropology for pastoral care and counseling which deals with both Christian perspective and important data from the human sciences such as psychology This book presents an integrative approach which views spirituality and our human quest for meaning as central to a psycho pastoral approach A doctrine of persons is designed which deals with both the dimension of creation image of God and of salvation the new being in Christ This book argues for an understanding of human beings in terms of their human identity before God Coram Deo as well as the empowerment of persons by the gift and fruit of the Spirit Hence the importance of a pneumatological perspective on maturity and adulthood The interplay between God images and

our human selfunderstanding is discussed In this regard the question about diagnosis in pastoral counseling and the technique of storytelling receive attention A pastoral hermeneutics which tries to understand our human predicament in terms of both the social and cultural context as well as our relationship with God is fundamental to the models presented in this book In spiritual direction the basic assumption is that God images and the implication of different perceptions of God on life issues should play a decisive role In terms of our human quest for meaning within a secularized society the following metaphor for God is proposed God as our Soul Friend The book is written for priests ministers and pastoral caregivers involved in counseling and spiritual direction Its main focus is on professional training within an academic setting It will also be useful for the training of lay members within a congregational setting
