National Co Ordination Of E U Policy The Domestic Level:

The National Co-ordination of EU Policy Hussein Kassim, Guy Peters, Vincent Wright, 2000-08-03 This book is one of two volumes in which leading scholars examine the way in which EU member states co ordinate their European policies. Eschewing the Europeanisation problematic within which the issue is usually addressed this book adopts a broader more inclusive approach. It examines domestic processes and investigates co ordination in ten member states Austria Belgium Denmark France Germany Greece Italy Portugal Spain and the United Kingdom looking at co ordinating ambitions the actors involved in EU policy making and the structures and processes by which policy is made. From a comparative perspective the book identifies and assesses the impact of the influences that have shaped systems of national co ordination the demands exerted by Union membership the institutional structure of the national polity the pre existing balance between domestic institutions administrative norms and values and attitudes both popular and elite the European integration. It assesses the extent to which there has been a convergent response to the administrative challenges posed by membership on the part of the member states or whether a pattern of divergence emerges. The effectiveness of member states in influencing policy outcomes at the European level is also addressed. The companion volume answers similar questions about national administrations in Brussels. Looking at twelve member states it is the first systematic examination of the role played by Permanent Representations in national EU policy making.

The Coordination of the European Union Andrew Jordan, Adriaan Schout, 2008 This work is an assessment of the coordinating potential of new modes of governance in the EU. It attempts to develop policy coordination as new focus within EU scholarship and to invigorate and substantially re orientate the theoretical debate about policy networks in the EU.

Governing Europe Jack Ernest Shalom Hayward, Anand Menon, 2003 This comprehensive survey aims to provide an overview of all aspects of politics in western Europe. Aspects of the European Union the Europeanization of institutions are discussed in detail along with the welfare state economic issues the condition of democracy across the continent.

The EU's Common Foreign and Security Policy in Germany and the UK Nicholas Wright, 2018-10-11 This book examines the impact on member states of long term foreign policy co operation through the EU's Common Foreign and Security Policy (CFSP). Focusing on Germany and the UK it provides an up to date account of how they have navigated and responded to the demands co operation places on all member states and how their national foreign policies and policy making processes have changed and adapted as a consequence. As well as exploring in depth the foreign policy traditions and institutions in both states the book also offers detailed analyses of how they addressed two major policy questions the Iranian nuclear crisis and the establishment and development of the European External Action Service. The book's synthesis of country and case studies seeks to add to our understanding of the nature of inter state co operation in the area of foreign and security policy and what it means for the states involved.
