Nwachukwu Frank Ukadike,2014-02-27 Critical Approaches to African Cinema Discourse utilizes an interdisciplinary approach to lay bare the diversity and essence of African cinema discourse It is an anthology of historical reflections critical essays and interviews by film critics historians theorists and filmmakers that signifies a dialogue and engagement apropos the ideology and cultural politics of film production in Africa The contributors are extremely concerned not only with the history of African cinema but with its future and its potential This book then is not limited to the expansion of the discourse on African cinema but tries to approach the definition of the critical canon within the exigencies and manifestations of art and African sociopolitical practices The authors view these practices as an investment in a cultural imperative stemming from the quest to delineate how critical methodologies are derived from and shape contemporary historical and cultural practices Hence the contributions are less about the usual constrictive method of analysis and more about illustrating manifestations of an interrogative critical methodology that is certainly an offspring of an indigenous African critical cum cinematic culture and paradigms National Geographic Treasures , *Brothers & Sisters: Myth and Reality* Henry

Abramovitch,2025-10-07 How would depth psychology have evolved if Freud and Jung had used the Bible for inspiration instead of Greek Mythology These founders both privileged firstborns would have immediately discovered the central role sisters and brothers play in our social life in our psyche and in our clinical work Drawing on the original Hebrew text of Genesis beginning with the primal story of Cain and Abel this unusual book explores the tension within the brother sister archetype between cooperation and competition and between the myth and the reality of being brothers having sisters as well as the repeating motif of the missing brother or absent sister Exploring all 33 brother sister stories in Scripture author

Henry Abramovitch examines the developmental sequence within brotherhood sisterhood as we struggle to find a place for each other His knowledge of Indian epics linguistics anthropology and years of clinical experience deepen the work and so highlights the crucial role sibling dynamics plays in the formation of our identity in the transference and especially in the process of individuation Abramovitch develops a new vocabulary to examine the depth psychology of siblings such as shadow sibling sibling stranger Abel and Cain complex polarized identity and other innovative concepts The book concludes with a very personal account of his own relationship with his brother and sister This masterwork allows us to return to our roots and rediscover the significance of brothers and sisters in depth **The National Geographic Magazine** ,1992 New York Magazine ,1994-06-20 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Big(ger) Picture* Marshall Wood,2014-06-03 Whatever God does it shall be forever Nothing can be added to it or taken from it Eccles 3 14 15 NKJV The Big ger Picture is a call for Christians everywhere to choose the Word of God as their only basis for Christian living Author Marshall M Wood warns the church not to be duped by so called new doctrines but to live the way the Bible instructs because God s Word never changes This clarion call to a dedicated Christian life will show you Why apostasy is running rampant in the church today How to recognize it using God s Word What you can do to renew your commitment to the Lord Wood reminds us that as Christians we must make a choice We cannot live in both worlds he states It is one or the other How will you choose New York Magazine ,1992-01-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
