Blaine Smith, 2000-10-05 For anyone contemplating marriage discerning compatibility with another seeking guidelines for finding a life partner or struggling with commitment this updated version by M Blaine Smith provides biblical counsel and wise advice **The British National Bibliography** Arthur James Wells, 1996 *Faith and Optimism: Positive Expectation in the Christian Life* M. Blaine Smith, 2011-12 Originally *The Optimism Factor Outrageous Faith Against the Odds* There s a strange connection between the exercise of our faith wobbly though it may be and the growth of optimistic hope in our hearts Outrageous faith Blaine Smith calls it And he explains why as he examines the role of positive expectation in the Christian life Blaine believes that faith is the most underappreciated benefit in the Christian life today Christians who do emphasize faith often take it to an unhealthy extreme just believe anything can happen and God will accomplish it for you Yet most Christians don t emphasize faith enough even though it is upheld constantly in Scripture as the means by which we receive the grace of God and every benefit he provides In this book Blaine looks closely at what the biblical attitude of faith involves He concludes that it means an overwhelmingly optimistic view of God and of his willingness to provide the best for each of us He considers how we can exercise faith in the most authentic sense by taking challenging steps to realize our personal potential And he offers practical wisdom on how to rekindle our optimism when it s lost rebound from disappointment distinguish healthy faith from unreasonable expectations find the heart to make new beginnings overcome our fears of change handle our shifting view of God let go of problems that aren t ours Blaine Smith s *The Optimism Factor* first published by InterVarsity Press is republished by SilverCrest Books Praise for *The Optimism Factor* A profound practical and positive exposition of the importance of living our faith and in the process seeing our lives both realistically and with the optimism that comes only from surrender to Christ JACK KEMP former New York congressman and secretary of HUD Smith helps readers move from discouragement to hope learning to win through failure Bookstore Journal Read this book and you will find your misconceptions of faith trashed The twenty six chapters make this book an ideal daily devotional Moody Monthly Editors Choice Family Bookshelf 1995 *The Cumulative Book Index* , 1996 A world list of books in the English language **Paperbound Books in Print 1995** Reed Reference Publishing, R5ference Reed, 1995-12 [Forthcoming Books](#) Rose Arny, 1995-02 [American Lumberman](#) , 1910 *Introduction to New and Alternative Religions in America* William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large

Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more
