Miethe, 2016-04-19 Dr Norman L Geisler has been called the father of evangelical Christian philosophy He has written more than one hundred books and taught at universities and top seminaries for some fifty six years He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics He has spoken or debated in more than two dozen countries and held pastoral pulpit ministries in four states Many view him as a cross between Thomas Aquinas and Billy Graham No one has done more to communicate the modern challenges of the Faith to the average Christian to the church and to the academy This volume offers creative and constructive essays from twenty three contributors all notable in their own right who preserve and propagate Dr Geisler s ideas and express appreciation for his influence Those who know him best say he is true faithful and blessed by God Christian Ethics, Issues and Insights Em Sttīphan, 2007 This book makes a comprehensive study of the foundational aspects of Christian ethics *An Introduction to Biblical Ethics* J. Robertson McQuilkin, 1995 A highly readable book which states the need for a clear system of moral values and duties based on solid biblical scholarship and an understanding of today s culture Part One deals with what the Bible says about love law sin and ethics Part Two tells how to apply all these biblical principles to life Christian Ethics as Witness David Haddorff, 2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God s gracious action to be with and for others and the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood a witness to God s action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth s theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God s gracious action Christians remain free to think and act in faith hope and love in response to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future **Fundamental Christian Ethics** Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues

The Quest for Human Dignity in the Ethics of Pregnancy Termination Tom Joel Obengo, 2016-06-22 The Quest for

Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy with special attention to its prevalence in Kenya where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age. Although pregnancy termination is illegal in Kenya its practice goes on in the rural villages in homes in urban streets and in private clinics. The book focuses on the ethical quest for human dignity in the context of the church's response to the challenge of termination of pregnancy. It examines the perceptions and attitudes of various cadres of Christians such as church ministers, doctors and lawyers towards the problem. The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy including those pregnancies arising out of rape and incest. Findings support the current legal framework that prohibits pregnancy termination but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same. The book suggests in addition that the church's role should emphasize counseling, teaching and pastoral care rather than excommunication and public rebuke.

Five Views on Law and Gospel Greg L. Bahnsen, Walter C. Kaiser, Jr., Douglas J. Moo, Wayne G. Strickland, Willem A. VanGemeren, 2010-09-21. An introduction to a complex theological issue that impacts our daily lives as believers in Christ. What is the relevance of the Old Testament Law to our understanding of the Gospel and how it should be lived? This book explores five major approaches to this important biblical topic as they've developed in Protestant circles. Non-Theonomic Reformed View: the law is the perfection of righteousness in Jesus Christ. Theonomic Reformed View: the goodness of the law is dependent on how it's used and does not offer a way to salvation. Heavily focused on Paul's discussion of the Law. Law as Gracious Guidance View: emphasizes the contrasts between the Mosaic law and the Gospel of grace while still asserting the Law's value. Dispensational View: approaches the Law from a historical perspective to help us understand its presentation, treatment and recipients. Modified Lutheran View: the Law of Christ as the fulfillment of the Law of Moses. This book allows each contributor to not only present the case for his view but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion.

The Acting Person and Christian Moral Life Darlene Fozard Weaver, 2011-11-18 What may we say about the significance of particular moral actions for one's relationship with God In this provocative analysis of contemporary Catholic moral theology Darlene Fozard Weaver shows the person as a moral agent acting in relation to God Using an overarching theological context of sinful estrangement from and gracious reconciliation in God Weaver shows how individuals negotiate their relationships with God in and through their involvement with others and the world Much of current Christian ethics focuses more on persons and their virtues and vices exemplified by the work of virtue ethicists or on sinful social structures illustrated in the work of liberation theologians These judgments fail to appreciate the reflexive character of human action and neglect the way our actions negotiate our response to God Weaver develops a theologically robust moral anthropology that advances Christian understanding of persons and moral actions and contends we can better understand the theological import of moral actions by seeing ourselves as creatures who live move and have our being in God

That They be One Michael Joseph Schuck, 1991 The social teaching of the Roman Catholic Church has aroused public interest in recent years with the increased involvement of North American bishops in matters of civic morality with the growth of liberation theology in Central and South America and with the ongoing political and economic statements of Pope John Paul II A vital ingredient of Roman Catholic social teaching is the papal encyclical literature Debate grows however over exactly what the papal letters teach Noteworthy encyclical commentaries exist but none has attempted a comprehensive historical analysis of the complete content and overall coherence of Roman Catholic encyclical social teaching This book appearing in advance of the 1991 centennial of *Rerum novarum* provides the kind of analysis that concerned Roman Catholics public officials social ethicists theologians and students are looking for a textually inclusive and topically broad gauged study of Catholic social teaching in its historical development with a forthright assessment of the teaching's contradictions and consistencies

Christian Ethics (Revised Edition) Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should Christians live when the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of other issues And on a very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne Grudem author of the bestselling book *Systematic Theology* draws on 40 years of teaching classes in ethics to write this wide ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God Written by Wayne Grudem Bestselling author of *Systematic Theology* and the *What the Bible Says*

Defending the Gospel in Legal Style John Warwick Montgomery, 2017-10-25 Traditional apologetics is either focused on obscure quasi Thomist philosophical arguments for God's existence or on 18th century style answers to alleged biblical contradictions But a new approach has recently entered the picture the juridical defence of historic Christian faith with its particular concern for demonstrating Jesus's deity and saving work for humankind The undisputed leader of this movement is John Warwick Montgomery emeritus professor of law and humanities University of Bedfordshire England and director International Academy of Apologetics Evangelism and Human Rights Strasbourg France His latest book of more than sixty published during his career shows the strength of legal apologetics its arguments drawn from secular legal reasoning can be rejected only at the cost of jettisoning the legal system itself on which every civilised society depends for its very existence The present work also includes theological essays on vital topics of the day characterised by the author's well known humour and skill for lucid communication

Legislating Morality Norman L. Geisler, Frank Turek, 2003-02-12 America's moral decline is not secret An alarming number of moral and cultural problems have exploded in our country since 1960 a period when the standards of morality expressed in our laws and customs have been relaxed abandoned or judicially overruled Conventional wisdom says laws cannot stem moral decline Anyone who raises the prospect of legislation on the hot topics of our day abortion family issues gay rights euthanasia encounters a host of objections As long as I don't hurt anyone the government's should leave me alone No one should force their morals on anyone else You can't make people be good Legislating morality violates the separation of church and state Legislating Morality answers those objections and advocates a moral base for America without sacrificing religious and cultural diversity It debunks the myth that morality can't be legislated and amply demonstrates how liberals moderates and conservatives alike exploit law to promote good and curtail evil This book boldly challenges prevailing thinking about right and wrong and about our nation's moral future

Exploring Christian Ethics Craig Hovey, 2018-07-18 A fresh engaging and thoroughly biblical account of Christian ethics for the twenty first century Studying Christian ethics tends to involve talking about what we should or more often shouldn't do The aim of this book however is to explore Christian ethics within a wider more positive framework one that encourages a joyful way of living that flows naturally out of the abundant goodness of God's life and character as revealed in Christ

The Battle for the Resurrection Norman L. Geisler, 2004-06-21 Since the belief in a purely spiritual resurrection of Christ is prevalent in many cults those involved in countering the rise and growth of cults would benefit greatly from reading this book Dr Walter Martin author of The Kingdom of the Cults Dr Geisler's book is effectively designed as an antidote to the misery of turning Christ's factual resurrection into an event outside the bounds of ordinary history Dr John Warwick Montgomery author of

History and Christianity Geisler demonstrates not only the danger in the theology of various cults but also the tendency to discount the bodily resurrection of the Lord even among evangelicals It is essential reading for every pastor and student Dr Paige Patterson author of Song of Solomon The proclamation that Jesus was raised in the same physical body in which he died is just as important today as it was in the first century The book signals such a call to the importance of this doctrine Dr Gary Habermas Distinguished Professor of Apologetics and Philosophy Liberty University **Choosing the Good** Dennis P.
