Orality Literacy And Colonialism In Antiquity:

Orality, Literacy, and Colonialism in Antiquity Jonathan A. Draper, 2004 Religious scholars take up various questions relating to the relationship between orality and literacy in the context of colonized people in antiquity and explore the role of orality in relation to this hegemony Among the topics are theoretical and methodological foundations Mithra's cult as an example of religious colonialism in Roman times th

Orality, Literacy, and Colonialism in Antiquity Jonathan A. Draper, 2004 Essays in this collection explore the complex relationship between text and orality in colonial situations of antiquity from Homer Plato and Mithras to the Hebrew and Christian scriptures and rabbinic tradition Orality could be a deliberate decision by highly literate people who chose not to put certain things in writing either to exercise control over the tradition or to preserve the secrecy of ritual performance Exploring both theoretical issues and historical questions the book demonstrates the role of text as a form of imperial control over against oral tradition as a means of resistance by the marginalized peasantry or marginalized elite of Israel and the early Church Paperback edition is available from the Society of Biblical Literature www.sbl-site.org

The Words of Jesus in the Gospel of Thomas David W. Kim, 2021-07-01 This book offers a detailed analysis of the Gospel of Thomas in its historic and literary context providing a new understanding of the genesis of the Jesus tradition Discovered in the twentieth century the non canonical Gospel of Thomas is an important early text whose origins and place in the history of Christianity continue to be subjects of debate Aiming to relocate the Thomasine community in the wider context of early Christianity this study considers the Gospel of Thomas as a bridge between the oral and literary phases of the Christian movement It will therefore be useful for Religion scholars working on Biblical studies Coptic codices gnosticism and early Christianity

From Orality to Orality James A. Maxey, 2009-09-15 In this groundbreaking work Bible translation is presented as an expression of contextualization that explores the neglected riches of the verbal arts in the New Testament Going beyond a historical study of media in antiquity this book explores a renewed interest in oral performance that informs methods and goals of Bible translation today Such exploration is concretized in the New Testament translation work in central Africa among the Vute people of Cameroon This study of contextualization appreciates the agency of local communities particularly in Africa who seek to express their Christian faith in response to anthropological pauperization An extended analysis of African theologians demonstrates the ultimate goals of contextualization liberation and identity Oral performance exploits all the senses in experiencing communication while performer text and audience negotiate meaning Performance not only expresses but also shapes identity as communities express their faith in varied contexts This book contends that the New Testament compositions were initially performed and not restricted to individualized silent reading This understanding encourages a reexamination of how Bible translation can be done Performance is not a product but a process that infuses biblical studies with new insights methods and expressions

Rodriguez,2013-12-05 The last three decades have seen an explosion of biblical scholarship on the presence and consequences of the oral expression of tradition among Jesus followers especially in the earliest decades of the Common Era There is a wealth of scholarship focused on orality This scholarship is however abstract and technical almost by definition and to date no introductory discussion exists that can introduce a new generation of biblical students to the issues being discussed at higher levels of scholarship Rafael Rodriguez address this gap Rodriguez adopts a fourfold structure to cover the topic beginning with basic essentials for further discussion of oral tradition research and definitions of key terms the what He then moves on to discuss the key players in this area the who before examining the methods involved in oral tradition research among New Testament scholars the how Finally Rodriguez provides examples of the ways in which oral tradition research can bring texts into clearer focus the why The result is a comprehensive introduction to this key area in New Testament studies **Performances of Ancient Jewish Letters** Marvin Lloyd Miller,2015-09-16 This ambitious and

engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of *The Performance of Ancient Jewish Letters* is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous treatments of ancient letters have not given enough consideration to their oral context however this book prompts the reader

to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festal letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields The People beside Paul Joseph A.

Who Should be King in Israel? Travis Darren Trost,2010 *Who Should Be King in Israel* attempts to link common messianic issues found in some Dead Sea Scrolls with the Gospel of John These messianic issues are studied in relation to the political situation facing the Johannine community in dealing with the Roman empire The readers hearers of the Fourth Gospel had to deal with different challenges from the Roman government and the non Christian Jewish community in the era between the Jewish Revolt and the Bar Kochba Revolt Jesus is presented as the new David the Son of God who is the solution to all of humanity s problems The fall of the Temple in 70 CE had created a political and religious situation that meant early Christians of the post 70 CE socio political environment had to deal with Roman suspicion and Jewish disappointment The Fourth Gospel uses vocabulary and imagery designed to communicate the message that Jesus is the Christ without inflaming either Roman or Jewish sensibilities This book is written in a manner designed to deal intelligently with that difficult era in Christian history **The Postcolonial Biblical Reader** R. key points to be made and creates a coherent narrative Bringing the Word to Life Richard Ward, Richard F. Ward, David Trobisch, 2013-04-27 The New Testament books were written to be read aloud The original audiences of these texts would have been unfamiliar with our current practice of reading silently and processing with our eyes rather than our ears so we can learn much about the New Testament through performing it ourselves Richard Ward and David Trobisch are here to help Bringing the Word to Life walks the reader through what we know about the culture of performance in the first and second centuries what it took to perform an early New Testament manuscript the benefits of performance for teaching and practical suggestions for exploring New Testament texts through performance today **The Jesus Legend** Paul Rhodes Eddy, Gregory A. Boyd, 2007-08 Confronts the legendary Jesus case showing how the Synoptic Gospels are the most historically probable representation of the actual Jesus of history Ancient Israel: What Do We Know and How Do We Know It? Lester L. Grabbe, 2017-02-23 In Ancient Israel Lester L. Grabbe sets out to summarize what we know through a survey of sources and how we know it by a discussion of methodology and by evaluating the evidence The most basic question about the history of ancient Israel how do we know what we know leads to the fundamental questions of Grabbe's work what are the sources for the history of Israel and how do we evaluate them How do we make them speak to us through the fog of centuries Grabbe focuses on original sources including inscriptions papyri and archaeology He examines the problems involved in historical methodology and deals with the major issues surrounding the use of the biblical text when writing a history of this period Ancient Israel provides an enlightening overview and critique of current scholarly debate It can therefore serve as a handbook or reference point for those wanting a catalogue of original sources scholarship and secondary studies Grabbe's clarity of style makes this book eminently accessible not only to students of biblical studies and ancient history but also to the interested lay reader For this new edition the entire text has been reworked to take account of new archaeological discoveries and theories There is a major expansion to include a comprehensive coverage of David and Solomon and more detailed information on specific kings of Israel throughout Grabbe has also added material on the historicity of the Exodus and provided a thorough update of the material on the later bronze age Ancient Judaism Michael E. Stone, 2011-03-22 In Ancient Judaism New Visions and Views Michael Stone examines a broad range of basic issues in the study of Second Temple Judaism and calls for a radical rethinking of approaches to Jewish history Stone challenges scholars and students to question theologically conditioned histories of ancient Judaism devised by later orthodoxies whether Jewish or Christian and to acknowledge religious experience as a major factor in the composition and transmission of ancient religious documents He urges readers to look above and beyond the spectacles of tradition and cultural memory that too often distort their understanding of the ancient past Addressing an assortment of topics regarding the authorship transmission and interpretation of the canonical Hebrew Bible the Dead Sea Scrolls apocryphal and pseudepigraphic literature and more Stone's Ancient Judaism underscores the stunning complexity of both the raw data and the resulting

Kennard, 2016-11-30 Biblical contributors express an oral stage engaging Christianity within a properly basic communal worldview similar to Alvin Plantinga advocates This approach includes a communal Christian application of common sense realism within a worldview and rhetoric similar to Hillel Pharisaism Each biblical contributor provided vivid testimony using rabbinic language and thought forms For example Jewish Christian midrash re appropriates Old Testament quotes and narrative in a new performative pesher manner to present Jesus as the Christ Moving beyond the word studies of biblical epistemologists Pharisaic rabbinic Judaism use of biblical revelation mystical vision dream or audible divine voice frame mystical empiricism similar to William Alston Non foundational realism facilitates a communal resilient oral tradition similar to the rabbinics Additionally Luke Acts extensively engages Hellenistic historiographic method and the concept of witness When multiple interpretations occur concerning miracles epistemic dualistic non foundational Lockean epistemology emerges to contribute to the authority of communal kingdom testimony Occasionally this Lockean approach adds an internal transformation much as Jonathan Edwards modified Locke to set forth his religious affections as a divine virtue epistemology confirming the authentic narrow way through Peircean pragmatism This internal knowledge provides self referential confirmation for a personal relationship and filial knowledge Each of these expressions of knowledge fosters an ultimate Kierkegaardian commitment to the Trinitarian Christian God
