Orca Among Us:

The Orca Among Us Lisa Larrabee, 2000-06-20 A highly accessible and diverse first collection of poetry with topics ranging from love to baseball to encounters with marine mammals Orca Jason M. Colby, 2018-05-01 Since the release of the documentary Blackfish in 2013 millions around the world have focused on the plight of the orca the most profitable and controversial display animal in history Yet until now no historical account has explained how we came to care about killer whales in the first place Drawing on interviews official records private archives and his own family history Jason M Colby tells the exhilarating and often heartbreaking story of how people came to love the ocean's greatest predator Historically reviled as dangerous pests killer whales were dying by the hundreds even thousands by the 1950s the victims of whalers fishermen and even the US military In the Pacific Northwest fishermen shot them scientists harpooned them and the Canadian government mounted a machine gun to eliminate them But that all changed in 1965 when Seattle entrepreneur Ted Griffin became the first person to swim and perform with a captive killer whale The show proved wildly popular and he began capturing and selling others including Sea World's first Shamu Over the following decade live display transformed views of Orcinus orca The public embraced killer whales as charismatic and friendly while scientists enjoyed their first access to live orcas In the Pacific Northwest these captive encounters reshaped regional values and helped drive environmental activism including Greenpeace's anti-whaling campaigns Yet even as Northwesterners taught the world to love whales they came to oppose their captivity and to fight for the freedom of a marine predator that had become a regional icon This is the definitive history of how the feared and despised killer became the beloved orca and what that has meant for our relationship with the **Orca** Jeffrey Yang, 2013-11-14 Following the convening of Hong Kong International Poetry Nights ocean and its creatures 2013 The World of Words is a collection of selected works by some of the most internationally acclaimed poets today The poem of Orca by Jeffrey Yang USA is finest contemporary poetry in trilingual or bilingual presentation Orca World Peter Roy Clements, 2014-12-11 If humans were to go extinct what would follow Orcas are the ocean s top predator and as the land is essentially empty they evolve to come on land Many orcas believe they are the first sentient species on the land but one astute orca has other ideas He has exceptional sonar abilities and can see the outline of a bunker left by the last human on earth What will he find there How will those who believe they were first handle this new information **Superluminal** Vonda N. McIntyre, 2021-10-12 A novel of star crossed love from the New York Times bestselling author of Nebula and Hugo Award winning novel Dreamsnake In a future where space travel moves at faster than light speed starship crews can only survive transit if drugged nearly to death Then there are those like Laenea Trevelyan who want to become pilots so badly they will go through years of training and major surgery to free themselves of biological rhythms But though they become literally heartless their emotions are just as human as before Laenea discovers this herself when she immediately falls for crewman Radu Dracul upon her early release some might say escape from the hospital after her procedure She is not

unknown to Radu Laenea was the first offworlder he ever saw when she and her crew delivered a vaccine for the cryptovirus that decimated his family and his planet However their intense attraction cannot last Laenea s modifications will not survive in close proximity to Radu s biorhythms which are too strong to allow him to become a pilot But even in the vastness of space where ships and hearts can be lost fate and danger can have a hand in bringing two people together again Smoothly told with the sturdy character conflicts snugly worked into the hyperspace navigation backdrop Kirkus Reviews Donna Sandstrom, 2021-10-05 A captivating first person story of a real life orca rescue When a young orca was spotted alone in Puget Sound no one knew where she d come from but they knew it was dangerous for her to be left there alone Scientists and researchers from two countries had to work together to determine where the orca came from and then to decide how to save her The riveting story is told by Donna Sandstrom a citizen volunteer with the rescue effort From identifying the orca as a missing calf named Springer to transporting her to the north end of Vancouver Island where she was reunited with her family this book gives readers behind the scenes details on the only successful orca rescue and reunion ever Kids will be thrilled to be part of the mission when a little lost orca is brought home Join an Orca Family with Sam and Crystal Gloria Snively, 2025-02-24 Sam has always dreamed about being an orca while Crystal discovers she hopes to grow up and study orcas as a marine biologist When the siblings head to the Pacific coast to visit their aunt and uncle they are in for a treat Aunt Kate is a marine biologist and she has all kinds of interesting facts to share about the Resident orca pods Sam and Crystal learn about the different populations of orcas and their food sources attend the Save the Salish Sea Festival with an Indigenous woman and have their own incredible adventure with an orca pod They come away with a new understanding about the role they play in protecting our animal friends and what it will take to ensure that the orca pods have their own vibrant beautiful future Join an Orca Family with Sam and Crystal is the fourth book in the Sam and Crystal series It weaves a wealth of factual information about the orcas of the Pacific Northwest Coast with an entertaining story and beautiful whimsical biologically accurate illustrations Children will learn basic ecology concepts while exploring the Pacific coastline right alongside Sam and Crystal Orca Currents Resource Guide Susan Greye, Janice Reynolds, Kate Hill, 2009-09 A teacher's resource for Orca Currents high interest low vocab novels for middle school readers The Dolphin Ambassador Michael Peak, 2024-02-26 An underwater fantasy that features international politics special interest groups the news media and cetacean citizens with permanent smiles This seemingly diverse group of characters collide in an underwater adventure seen through the eyes of an industrious spotted dolphin in the Eastern Tropical Pacific He partakes on an underwater adventure to form an unusual treaty with the ocean s most dangerous predator in the hopes of finding a solution to the never ending battle against the world's most destructive predator humans Michael Peak is an Emmy Award Winning television journalist and successful seminar leader He is well known for his nature and wildlife photography He lives in Carlsbad California Orcas of the Gulf Gerard Gormley, 2000-08 Book Description reas of the Gulf will be a pleasure to anyone who

wants to explore the realities of nature Mr Gormley's awe and respect for these magnificent whales is shared with us as a small pod of orca pass through the familiar waters off New England We find ourselves enveloped in the interlocked interwoven spectrum of the sea everyday life to the orca white water drama and magical beauty to Man Much seems incredible impossible even mythical yet the author has included every available bit of science in his exciting and educational narrative. He takes us a few steps farther than science has yet gone with common sense and realism challenging the scientists to discover the full world of the orca. His narrative theories on perception communication pod society and chillingly realistic assessment of human impact are most interesting. The values and perceptions expressed in this work are not human but they may just be the orca's and we can all learn from that p William W Rossiter Vice President Cetacean Society. International Author bio Gerard Gormley lives in Manchester by the Sea Massachusetts where he studies sea life especially cetaceans as an avocation. His previous natural history A Dolphin Summer won broad critical acclaim for its artistic and scientific merit. His third nature book about humpback whales is in progress Formerly a submariner and science writer Mr Gormley supplements his writing income by selling collectible books over the Internet.
