Ordering Anarchy Armies And Leaders In Tacitus Histories

Alexander Kyrychenko

Ordering Anarchy Armies And Leaders In Tacitus Histories:

Ordering Anarchy Rhiannon Ash, 1999 Tacitus made his debut as a historian with the powerful *Histories* a fundamentally important book for students of the literature and history of Rome in the early imperial period Long regarded chiefly as a source of historical information about the civil war of 68-69 C.E. it has recently benefited from critical reevaluation Scholars in the last few years have determined that the form of a work is as important as its contents Therefore a closer reading of historical works like the *Histories* has revealed the frequent use of suggestive juxtaposition of episodes pointed allusion to previous writers and other literary techniques traditionally not associated with history The aim of Rhiannon Ash's new volume is chiefly to examine Tacitus techniques as a literary artist in the *Histories* Beginning with a close study of collective characterization in Caesar Appian and Cassius Dio the author analyzes Tacitus ground breaking depiction of the armies in the *Histories* Drawing on material from the Roman historiographical tradition and from Flavian epic Ash explores how Tacitus evokes the ethnic identities of Rome's foreign enemies to characterize the armies of the civil war in a complex and distinctive way Next using different analytical techniques she investigates Tacitus portraits of Galba Otho Vitellius and Vespasian and of the Flavian general Antonius Primus who plays a comparatively minor part in other accounts of the civil wars Only the charismatic Primus possesses the necessary leadership skills to control the armies but Tacitus shows us why there is no room for this talented general in the new Flavian regime after the war In doing so Tacitus raises disturbing questions about the victorious Vespasian's methods and reputation Rhiannon Ash is Lecturer Department of Greek and Latin University College London

Tacitus' History of Politically Effective Speech Ellen O'Gorman, 2020-09-03 This study examines how Tacitus representation of speech determines the roles of speakers within the political sphere and explores the possibility of politically effective speech in the principate It argues against the traditional scholarly view that Tacitus refuses to offer a positive view of senatorial power in the principate while senators did experience limitations and changes to what they could achieve in public life they could aim to create a dimension of political power and efficacy through speeches intended to create and sustain relations which would in turn determine the roles played by both senators or an emperor Ellen O'Gorman traces Tacitus own charting of these modes of speech from flattery and aggression to advice praise and censure and explores how different modes of speech in his histories should be evaluated not according to how they conform to pre existing political stances but as they engender different political worlds in the present and future The volume goes beyond literary analysis of the texts to create a new framework for studying this essential period in ancient Roman history much in the same way that Tacitus himself recasts the political authority and presence of senatorial speakers as narrative and historical analysis

Ancient Historiography and Its Contexts Christina S. Kraus, John Marincola, Christopher Pelling, 2010-05-20 This is a collection of studies on ancient especially Latin poetry and historiography concentrating especially on the impact of rhetoric on both genres and on the importance of considering the literature to illuminate the

historical Roman context and the historical context to illuminate the literature It takes the form of a tribute to Tony Woodman Gildersleeve Professor of Classics at the University of Virginia for whom twenty one scholars have contributed essays reflecting the interests and approaches that have typified Woodman s own work The authors that he has continuously illuminated especially Velleius Horace Virgil Sallust and Tacitus figure particularly prominently The Authoritative Historian K. Scarlett Kingsley, Giustina Monti, Tim Rood, 2023-01-26 In this volume an international group of scholars revisits the themes of John Marincola s ground breaking *Authority and Tradition in Ancient Historiography* The nineteen chapters offer a series of case studies that explore how ancient historians approaches to their projects were informed both by the pull of tradition and by the ambition to innovate The key themes explored are the relation of historiography to myth and poetry the narrative authority exemplified by Herodotus the father of history the use of fictional literary devices in historiography narratorial self presentation and self conscious attempts to shape the historiographical tradition in new and bold ways The volume presents a holistic vision of the development of Greco Roman historiography and the historian s dynamic position within this practice **Brill's Companion to Statius** William J. Dominik, Carole E. Newlands, Kyle Gervais, 2015-03-20 Brill s Companion to Statius is the first companion volume to be published on arguably the most important Roman poet of the Flavian period Thirty four newly commissioned chapters from international experts provide a comprehensive overview of recent approaches to Statius discuss the fundamental issues and themes of his poetry and suggest new fruitful areas for research All of his works are considered the Thebaid his longest extant epic the Achilleid his unfinished epic and the Silvae his collected short poetry Particular themes explored include the social cultural and political issues surrounding his poetry his controversial aesthetic the influence of his predecessors upon his poetry and the scholarly and literary reception of his poetry in subsequent ages to the present **Ancient Divination and Experience** Lindsay Gayle Driediger-Murphy, Esther Eidinow, 2019 How did people in the ancient world experience their attempts to communicate with divine powers This volume seeks to re examine divination in ancient Greek Roman Mesopotamian and Chinese cultures and to identify and elucidate previously understudied aspects of ancient divinatory experience and practice **The Roman Army and the Expansion of the Gospel** Alexander Kyrkychenko, 2014-01-31 Although Roman centurions appear at crucial stages in the Gospel of Luke and the Acts of the Apostles the significance of the centurion s office for the development of Luke s story has not been adequately researched To fill in that void this study engages the relevant Greco Roman and Jewish sources that reflect on the image of the Roman military and applies the findings to the analysis of the role of the Roman centurion in the narrative of Luke Acts It argues that contemporary evidence reveals a common perception of the Roman centurion as a principal representative of the Roman imperial power and that Luke Acts employs centurions in the role of prototypical Gentile believers in anticipation of the Christian mission to the Empire Chapter 1 outlines the current state of the question Chapter 2 surveys the background data including the place of the centurion in the Roman military organization the role of the Roman

army as the basis of the ruling power the army's function in the life of the civilian community Luke's military terminology and the Roman military regiments in Luke Acts Chapter 3 reviews Greco Roman writings including Polybius Julius Caesar Sallust Livy Velleius Paterculus Tacitus Appian Cornelius Nepos Plutarch Suetonius Plautus Cicero Virgil Horace Petronius Quintilian Epictetus Juvenal Fronto Apuleius as well as non literary evidence Chapter 4 engages the Jewish witnesses including 1 Maccabees the Dead Sea Scrolls Jewish pseudepigrapha Philo Josephus Talmudic sources and non literary sources Chapter 5 examines the relevant accounts of Luke Acts focusing on Luke 7 1 10 and Acts 10 1 11 18 The Conclusion reviews the findings of the study and summarizes the results

A Companion to Roman Italy Alison E. Cooley, 2016-01-05 A Companion to Roman Italy investigates the impact of Rome in all its forms political cultural social and economic upon Italy's various regions as well as the extent to which unification occurred as Rome became the capital of Italy The collection presents new archaeological data relating to the sites of Roman Italy Contributions discuss new theories of how to understand cultural change in the Italian peninsula Combines detailed case studies of particular sites with wider ranging thematic chapters Leading contributors not only make accessible the most recent work on Roman Italy but also offer fresh insight on long standing debates

Fifty Key Classical Authors Alison Sharrock, Rhianon Ashley, 2013-04-15 A chronological guide to influential Greek and Roman writers Fifty Key Classical Authors is an invaluable introduction to the literature philosophy and history of the ancient world Including essays on Sappho Polybius and Lucan as well as on major figures such as Homer Plato Catullus and Cicero this book is a vital tool for all students of classical civilization

Time and Narrative in Ancient Historiography Jonas Grethlein, Christopher B. Krebs, 2012-04-19 Historians often refer to past events which took place prior to their narrative's proper past that is they refer to a *plupast* This past embedded in the past can be evoked by characters as well as by the historian in his own voice It can bring into play other texts but can also draw on *lieux de mémoire* or on material objects The articles assembled in this volume explore the manifold forms of the *plupast* in Greek and Roman historians from Herodotus to Appian The authors demonstrate that the *plupast* is a powerful tool for the creation of historical meaning Moreover the acts of memory embedded in the historical narrative parallel to some degree the historian's activity of recording the past The *plupast* thereby allows Greek and Roman historians to reflect on how not to write history and gains metahistorical significance In shedding new light on the temporal complexity and the subtle forms of self conscious reflection in the works of ancient historians Time and Narrative in Ancient Historiography significantly enhances our understanding of their narrative art

The Topography of Violence in the Greco-Roman World Werner Riess, Garrett G. Fagan, 2016-06-15 Examines how location confers cultural meaning on acts of violence and renders them socially acceptable or not

Latin Historiography and Poetry in the Early Empire John Miller, Anthony Woodman, 2010-08-23 This book a sequel to *Clio and the Poets* Brill 2002 takes as its point of departure Quintilian's statement that historiography is very close to the poets it examines not only how verse interfaces with historical texts but also how first century AD Roman historians engage

with issues and patterns of thought central to contemporary poetry and with specific poetic texts Included are substantive discussions of a wide range of authors notably Lucan Seneca Statius Pliny Juvenal Silius Italicus and Tacitus Roman rule in Greek and Latin Writing Jesper Majbom Madsen, Roger David Rees, 2014-07-03 Roman Rule in Greek and Latin Writing explores the ways in which Greek and Latin writers from the late 1st to the 3rd century CE experienced and portrayed Roman cultural institutions and power The central theme is the relationship between cultures as reflected in Greek and Latin authors responses to Roman power in practice the collection revisits the orthodoxy of two separate intellectual groups differentiated as much by cultural and political agenda as by language The book features specialists in Greek and Roman literary and intellectual culture it gathers papers on a variety of authors across several literary genres and through this spectrum makes possible an informed and detailed comparison of Greek and Latin literary views of Roman power in various manifestations including military religion law and politics Aspects of Roman History 31 BC-AD 117 Richard Alston, 2013-11-07 This new edition of Aspects of Roman History 31 BC AD 117 provides an easily accessible guide to the history of the early Roman Empire Taking the reader through the major political events of the crucial first 150 years of Roman imperial history from the Empire s foundation under Augustus to the height of its power under Trajan the book examines the emperors and key events that shaped Rome s institutions and political form Blending social and economic history with political history Richard Alston s revised edition leads students through important issues introducing sources exploring techniques by which those sources might be read and encouraging students to develop their historical judgement The book includes chapters on each of the emperors in this period exploring the successes and failures of each reign and how these shaped the empire sections on social and economic history including the core issues of slavery social mobility economic development and change gender relations the rise of new religions and cultural change in the Empire an expanded timeframe providing more information on the foundation of the imperial system under Augustus and the issues relating to Augustan Rome a glossary and further reading section broken down by chapter This expanded and revised edition of Aspects of Roman History covering an additional 45 years of history from Actium to the death of Augustus provides an invaluable introduction to Roman Imperial history surveying the way in which the Roman Empire changed the world and offering critical perspectives on how we might understand that transformation It is an important resource for any student of this crucial and formative period in Roman history **The Limits of Ancient Biography** Brian McGing, Judith Mossman, 2007-12-31 The genre of biography in the ancient world is interestingly diverse and permeable and deserves intensive study bearing as it does on ideas of characterization and the individual This volume considers both the form and the content of biography across the ancient world and is particularly interested in the frontiers with other related genres such as history The papers range from the Old Testament to the Arab world from the New Testament to the Lives of Saints from the classic Greek and Roman biographers to less well known practitioners of the art *Cassius Dio: The Impact of Violence, War, and Civil War*

,2020-06-15 Cassius Dio The Impact of Violence War and Civil War is part of a renewed interest in the Roman historian Cassius Dio This volume focuses on Dio s approaches to foreign war and stasis as well as civil war The impact of war on Rome as well as on the history of Rome has long be recognised by scholars and adding to that recent years have seen an increasing interest in the impact of civil war on Roman society Dio s views on violence war and civil war are an inter related part of his overall project which sought to understand Roman history on its own historical and historiographical terms and within a long range view of the Roman past that investigated the realities of power **Family in Flavian Epic** Nikoletta Manioti,2016-08-01 Family in Flavian Epic examines the treatment of family bonds in Valerius Flaccus Argonautica Statius Thebaid and Achilleid and Silius Italicus Punica The eleven contributions consider the representation of epic parents children siblings and spouses and their interaction with each other demonstrating the Flavian poets engagement with their epic and more generally literary tradition At the same time Roman attitudes towards the family and Flavian concerns especially related to dynastic harmony and civil war also characterise both historical and mythological members of Flavian epic families

Conflict in Ancient Greece and Rome Sara Elise Phang,Iain Spence Ph.D.,Douglas Kelly Ph.D.,Peter Londey Ph.D.,2016-06-27 The complex role warfare played in ancient Greek and Roman civilizations is examined through coverage of key wars and battles important leaders armies organizations and weapons and other noteworthy aspects of conflict Conflict in Ancient Greece and Rome The Definitive Political Social and Military Encyclopedia is an outstandingly comprehensive reference work on its subject Covering wars battles places individuals and themes this thoroughly cross referenced three volume set provides essential support to any student or general reader investigating ancient Greek history and conflicts as well as the social and political institutions of the Roman Republic and Empire The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE It features a general foreword prefaces to both sections on Greek history and Roman history and maps and chronologies of events that precede each entry section Each section contains alphabetically ordered articles including ones addressing topics not traditionally considered part of military history such as noncombatants and war and gender followed by cross references to related articles and suggested further reading Also included are glossaries of Greek and Latin terms topically organized bibliographies and selected primary documents in translation Clio and the Poets David

Levene,Nelis,2017-09-11 The Augustan age was one in which writers were constantly reworking the Roman past and which was marked by a profound engagement of poets with the historians and historical techniques which were the main vehicle for the transmission of the image of the past to their day In this book seventeen leading scholars from Europe and America examine the fascinating interaction between such apparently diverse genres how the Augustan poets drew on or reacted against the historians presentation of the world and how conversely historians picked up and transformed poetic themes for their own ends With essays on poems from Horace s Odes to Ovid s Metamorphoses on authors from Virgil to Valerius

Maximus it forms the most important topic so central to such a particularly relevant period of literary history *Fat*
Christopher E. Forth, 2019-06-15 Fat such a little word evokes big responses While fat describes the size and shape of bodies
our negative reactions to corpulent bodies also depend on something tangible and tactile as this book argues there is more to
fat than meets the eye Fat A Cultural History of the Stuff of Life offers a historical reflection on how fat has been perceived
and imagined in the West since antiquity Featuring fascinating historical accounts philosophical religious and cultural
arguments including discussions of status gender and race the book digs deep into the past for the roots of our current
notions and prejudices Three central themes emerge how we have perceived and imagined obesity over the centuries how fat
as a substance has elicited disgust and how it evokes perceptions of animality but also how it has been associated with
vitality and fertility By exploring the complex ways in which fat fatness and fattening have been perceived over time this book
provides rich insights into the stuff our stereotypes are made of

Eventually, you will no question discover a supplementary experience and triumph by spending more cash. yet when? reach you receive that you require to acquire those every needs later having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to understand even more re the globe, experience, some places, later than history, amusement, and a lot more?
