Orebrothe Visionary City:

The A to Z of Sweden Irene Scobbie, 2010-05-11 Once part of the Kalmar Union along with Denmark and Norway the Kingdom of Sweden broke free in order to govern itself in the early 1500s and for more than a century afterwards it was a force to be reckoned with At its peak it was twice the size that it is today but with the secession of Finland in 1809 and the rise of Russia Sweden changed its path and instead turned toward neutrality and a peaceful existence Today Sweden boasts a healthy economy and it is an important member of the European Union as well a major contributor to international activities The A to Z of Sweden relates the history of Sweden through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on significant persons events and institutions this dictionary provides information ranging from politics to economics from education to religion and from music to literature

Stagg vs. Yost John Kryk, 2015-07-16 Corruption scandals and reports of wrongdoing in college football are constantly in the news From Penn State s Joe Paterno to Ohio State s Jim Tressel we have come to learn that some of the most lauded coaches don t always live up to their saintly reputations Perhaps no era of college football was ever more emblematic of this than the early 1900s a time when coaches worked the system with merciless flair to recruit the best players and then keep them eligible to play even while other coaches were trying to steal already enrolled players from rival universities Amos Alonzo Stagg of the University of Chicago and Fielding H Yost of the University of Michigan were no exception and their bitter rivalry is one for the ages In Stagg vs Yost The Birth of Cutthroat Football John Kryk brings to life a story that is both timeless and familiar to all football fans indeed to all sports fans one man s obsession to end the pain of a long losing streak to a hated rival This is the story of how Amos Alonzo Stagg covertly punted many of the principles he espoused in order to dismantle one of the most powerful machines the game has known Fielding Yost s Michigan Wolverines Kryk reveals the extent to which Stagg schemed to achieve victory against the Point a Minute Wolverines and the lengths Yost went to prevent that from happening In addition this book provides insight into college athletics corruption as a whole during this time from under the table payments to recruits to contracted loans from wealthy boosters and why the current NCAA rulebook contains page after page of recruiting and eligibility regulations Featuring never before published internal correspondences of UM athletic leaders Stagg s surviving letters and notes and reports from newspapers of the day Stagg vs Yost brings fresh insight into two legends of college football who would do almost anything to win This book is a noteworthy and fascinating narrative for football fans historians and anyone interested in seeing where cutthroat college recruiting and coaching all began

Historical Dictionary of Sweden Elisabeth Elgán, Irene Scobbie, 2015-09-17 Sweden s transformation in the last century was brought about not by the military prowess of exceptional Swedes indeed neutrality has been a key element in Swedish policy for almost two centuries but by the creative ability of its people Sweden has emerged as a model welfare state and a well ordered democracy to which economists sociologists feminists architects and scientists

from sophisticated nations have paid study visits Sweden now depends on international trade to preserve its high standard of living and in a world of harsh international competition often has to struggle to maintain its welfare system and its reputation Despite its present difficulties however it remains one of the world s most advanced and affluent democracies This third edition of Historical Dictionary of Sweden contains a chronology an introduction appendixes an extensive bibliography and a dictionary section with more than 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sweden

Historical Dictionary of Sweden Irene Scobbie, 2006 For centuries Sweden was a rather backward relatively unknown country It burst onto the world scene during the Viking Age and then under the warrior kings Gustavus Adolphus and Charles XII in the 17th and 18th centuries only to withdraw into isolation again In this century however the country has been transformed and hailed as a model welfare state The over 240 entries in this volume range from the Viking Age to the present day but the emphasis is on personalities and events of the 20th century and Sweden s rapid social and economic evolution Sweden s internal affairs are reflected in articles on economics politicians and political parties newspapers parliament trade unions social welfare education religion and the status of women Foreign affairs are covered in such articles as Sweden and Finland Union with Norway Estonia Nordic Council the two World Wars Neutrality the United Nations and the European Union Cultural entries include Swedish theater music visual arts literature and language libraries and cinema Several Swedes of international fame have been included e g Linneaus Kreuger Nobel Palme St Birgitta and Raoul Wallenberg The dictionary is preceded by a chronology and an introduction which give the reader an overview of Swedish history There is finally a substantial bibliography to assist further reading
