Ritter III, 2018-09-19 Johan Martin Dostmann was born in 1730 in Nassig Germany and today his descendants can be found throughout the United States of America One of them is Roy C Ritter III and he traces his family s origins in this detailed history Dostmann immigrated to Pennsylvania in 1752 with his sister and several friends and cousins and so began the story of an enduring German American family After some time in Frederick County Maryland and Washington County Pennsylvania the family which became known as Dustman took advantage of the settlement opportunities in the newly formed Connecticut Western Reserve of Ohio joining the state s earliest pioneers Johan Martin Dostmann died before that journey but his surviving children and grandchildren made their mark in Ohio particularly in Trumbull and Mahoning counties where they prospered Covering the first four generations of the Dustman family this book will be a valuable resource for the descendants of Johan Martin Dostmann *Sweet Greeks* Ann Flesor Beck, 2020-10-26 Gus Flesor came to the United States from Greece in 1901 His journey led him to Tuscola Illinois where he learned the confectioner s trade and opened a business that still stands on Main Street

Sweet Greeks sets the story of Gus Flesor's life as an immigrant in a small town within the larger history of Greek migration to the Midwest. Ann Flesor Beck's charming personal account recreates the atmosphere of her grandfather's candy kitchen with its odors of chocolate and popcorn and the comings and goings of family members. The Store represented success while anchoring the business district of Gus's chosen home. It also embodied the Midwest migr experience of chain migration, immigrant networking, resistance and outright threats by local townspeople, food-related entrepreneurship and tensions over whether later generations would take over the business. An engaging blend of family memoir and Midwest history, Sweet Greeks tells how Greeks became candy makers to the nation, one shop at a time. [Catalog of Copyright Entries. Selling America Christina A. Ziegler-McPherson, 2017-02-16 An in depth look at the motivations behind immigration to America from 1607 to 1914 including what attracted people to America who was trying to attract them and why Between 1820 and 1920 more than 33 million Europeans immigrated to the United States seeking the American Dream an image of America as a land of opportunity and upward mobility sold to them by state governments railroads religious and philanthropic groups and other boosters But Christina A Ziegler McPherson shows that the desire to make and keep America a white man's country meant that only Northern Europeans would be recruited as settlers and future citizens while Africans Asians and other non whites would either be grudgingly tolerated as slaves or guest workers or be excluded entirely This book reframes immigration policy as an extension of American labor policy and connects the removal of American Indians from their lands to the settlement of European immigrants across the North American continent Ziegler McPherson contends that western and midwestern states with large American Indian Asian or Mexican populations developed aggressive policies to promote immigration from Europe to help displace those peoples while Southern states sought to reduce their dependency upon Black labor by doing the same Chapters highlight the promotional policies and migration demographics for each region of the United States
