Oregons Promise:

Oregon's Promise David Peterson del Mar, 2003 The first history of Oregon to appear in twenty five years Oregon's Promise explores familiar and neglected people and movements in the state's history while challenging readers to view Oregon's past present and future in a new way David Peterson del Mar recognizes that the words Oregon history conjure up images of Lewis and Clark and rugged pioneers But he argues that the explorers impact was both different from and less significant than commonly assumed and that the state's settlers were much more varied contentious complicated and interesting than conventional heroic stereotypes would suggest Oregon's Promise is a concise general history spanning the period from that of the region's earliest inhabitants to the present It moves beyond the more familiar episodes of Oregon history to discuss indigenous peoples before and after contact with whites the profound and evolving impact of broad forces like industrialization and suburbanization and the varied fortunes of a growing stream of people from across the world who have sought the good life in Oregon It explores the tensions behind contemporary disagreements rending our political social and cultural fabric The book's many themes revolve around Peterson del Mar's consideration of how Oregonians have attempted to build a prosperous and just society He examines both the traditional center of Oregon history and its often overlooked margins the people who have struggled to be included in Oregon's promise Each chapter includes brief biographies of noteworthy Oregonians David Peterson del Mar is both a respected historian and an engaging writer with a talent for explaining Oregon's past in a way that will appeal to general readers as well as to scholars and students

Oregon 1859 Janice Marschner, 2008-07-15 The essential Oregon guide for time travelers of all ages Oregon became the 33rd state in the Union on February 14 1859 Portland had wooden sidewalks and tamped dirt streets unlit by gaslight until a year later To the south gold glittered in streams towns with names like Echo Lookingglass and Quartzville were springing up all over It is a time to remember and revisit today 150 years later with this detailed and lively guide Janice Marschner provides all you need to travel through each of Oregon's 19 original counties at the moment of statehood a map showing each county's 1859 place names and current reference points the history of native peoples and settlers early roads and bridges the first homes schools stores hotels and churches biographical sketches of notable individuals throughout the state Historical photographs show the determined faces of natives and settlers their oxen and wagons on wide rough roads their rafts and ferries on the rivers and their towns under development An inspiring close up portrait at the moment of statehood Oregon 1859 will light the way back for anyone who wants to see Oregon today as it was then

The Oregon Skyline Trail Glenn Voelz, 2024-05-13 The foundation of America's greatest long distance hiking trail The Skyline Trail began as a network of footpaths created by Oregon's indigenous tribes Early fur traders and explorers followed in their steps seeking safe routes over the unmapped Cascades Judge John Breckenridge Waldo later spent decades exploring the mountain trail between Mount Hood and Crater Lake and led the campaign for the area's preservation During the 1920s the Forest Service briefly considered turning the

path into a scenic highway and sent one of its first recreational specialists Frederick Cleator to blaze a prospective route through the mountains before scrapping the idea. Join author Glenn Voelz as he recounts the fascinating history of Oregon's Skyline Trail. The Codes and General Laws of Oregon Oregon, 1887 Laws of the State of Oregon Oregon, 1874 Includes decisions of the Supreme Court **Calamity** Joann Green Byrd, 2014-01-01 June 14 1903 was a typical hot Sunday in Heppner a small farm town in northeastern Oregon People went to church ate dinner and relaxed with family and friends But late that afternoon calamity struck when a violent thunderstorm brought heavy rain and hail to the mountains and bare hills south of town When the fierce downpour reached Heppner people gathered their children and hurried inside Most everyone closed their doors and windows against the racket The thunder and pounding hail masked the sound of something they likely could not have imagined a roaring two story wall of water raging toward town Within an hour one of every five people in the prosperous town of 1 300 would lose their lives as the floodwaters pulled apart and carried away nearly everything in their path The center of town was devastated Enormous drifts of debris tangled around bodies snaked down the valley The telegraph was down the railroads were out and the mayor was in Portland Stunned survivors bent immediately to the dreadful tasks of searching for loved ones and carrying bodies to a makeshift morgue in the bank By the next afternoon thousands of individuals and communities had rushed to the town's aid an outpouring of generosity that enabled the self-reliant citizens of Heppner to undertake the town's recovery In **Calamity** Joann Green Byrd a native of eastern Oregon carefully documents this poignant story illustrating that even the smallest acts have consequences good or bad She draws on a wealth of primary sources including a moving collection of photographs to paint a rare picture of how a small town in the West coped with disaster at the turn of the twentieth century **Moon Oregon** Elizabeth Morris, Mark Morris, Judy Jewell, W. Landscapes of Promise William G. Robbins,2009-11-23 Landscapes of Promise is the first comprehensive environmental history of the early years of a state that has long been associated with environmental protection Covering the period from early human habitation to the end of World War II William Robbins shows that the reality of Oregon s environmental history involves far more than a discussion of timber cutting and land use planning Robbins demonstrates that ecological change is not only a creation of modern industrial society Native Americans altered their environment in a number of ways including the planned annual burning of grasslands and light burning of understory forest debris Early Euro American settlers who thought they were taming a virgin wilderness were merely imposing a new set of alterations on an already modified landscape Beginning with the first 18th century traders on the Pacific Coast alterations to Oregon s landscape were closely linked to the interests of global market forces Robbins uses period speeches and publications to document the increasing commodification of the landscape and its products Environment melts before the man who is in earnest wrote one Oregon booster in 1905 reflecting prevailing ways of thinking In an impressive synthesis of primary sources and historical analysis Robbins traces the transformation of the Oregon landscape and the evolution of our attitudes toward the natural world **Statutes and Constitution Relating to Elections in the State of Oregon, 1913**

Oregon,1913 **Federal Lands and Families Protection Act** United States. Congress. Senate. Committee on Energy and Natural Resources. Subcommittee on Public Lands, National Parks, and Forests,1991 Statutes of the State of Oregon Relating to Elections ,1907 Statutes and Constitution Relating to Elections in the State of Oregon ,1913 *Imperialism and Expansionism in American History* Chris J. Magoc,David Bernstein,2015-12-14 This four volume encyclopedia chronicles the historical roots of the United States current military dominance documenting its growth from continental expansionism to hemispheric hegemony to global empire This groundbreaking four volume encyclopedia offers sweeping coverage of a subject central to American history and of urgent importance today as the nation wrestles with a global imperial posture and the long term viability of the largest military establishment in human history The work features more than 650 entries encompassing the full scope of American expansionism and imperialism from the colonial era through the 21st century War on Terror Readers will learn about U S Native American conflicts 19th century land laws early forays overseas for example the opening of Japan and America s imperial conflicts in Cuba and the Philippines U S interests in Latin America are explored

as are the often forgotten ambitions that lay behind the nation's involvement in the World Wars. The work also offers extensive coverage of the Cold War and today's ongoing conflicts in Iraq, Afghanistan, Africa, and the Middle East as they relate to U.S. national interests. Notable individuals including American statesmen, military commanders, influential public figures, and anti-imperialists are covered as well. The inclusion of cultural elements of American expansionism and imperialism, for example, Hollywood films and protest music, helps distinguish this set from other more limited works.

Mark O. Hatfield Richard W. Etulain, 2021-07-08 In a career in public office spanning five decades, Mark Odom Hatfield (1922-2011) never lost an election. First elected to the Oregon House of Representatives in 1950, he retired from political office in 1997 after serving as Oregon state senator, secretary of state, and governor, and as United States senator for five terms. He was arguably the state's most important politician, but his brand of liberal to moderate Republicanism has long since vanished from the political stage. Mark O. Hatfield: Oregon Statesman tells Hatfield's story as an Oregonian, a politician, and a man of practical vision, deep convictions, and far-reaching consequence in the civic life of the state and the nation. A lifelong evangelical Christian and Republican, per his mother's fondest wishes, and politically inclined from a young age, Hatfield came to office after studying and teaching political science and observing firsthand the ravages of war in the Pacific and the cruelty of segregation at home. Historian Richard W. Etulain portrays Hatfield as an energetic young Republican legislator in a state becoming increasingly Democratic. He pushed civil rights legislation, supported laborers as well as business interests, and struck a balance that would align him with moderates even as the party's conservative wing became ascendant. Elected in 1958 as Oregon's youngest ever governor, Hatfield went on to become the first in the twentieth century to hold that office for two terms, using his tenure to streamline the state's executive branch and promote Oregon as a prime destination for business and tourism efforts that quickly earned him a place on the national stage. Etulain focuses on Hatfield as a force in Oregon state politics but also examines his long tenure as a U.S. senator, garnering attention early for his stance against the Vietnam War and later for his antinuclear position. The private life, the public figure, the man of faith and family, of an older West and the new, this biography, while compact, captures Mark Hatfield in full as a major western politician of the twentieth century.
