## **Raising Black Children Questions And Answers For Parents And Teachers:**

**Raising Black Children** James P. Comer, 1975

**Raising Black Children** James P. Comer, Alvin F.

Poussaint, 1992-11-01 Two of America's most trusted and respected authorities on child care provide answers to nearly 1000 questions on the problem of raising African American children. Along with the traditional demands of parenthood today, parents must grapple with such daunting issues as drugs, AIDS, violence, and educational pressures. But black parents face an even more challenging task: they must actively combat negative messages of racism while teaching their children to succeed in a white-dominated culture. In this thorough guide to parenting, two noted child psychiatrists, both African American, focus on the special concerns of black parents. They offer comprehensive advice on nearly 1,000 common childrearing questions, paying particular attention to such problems as building self-esteem and helping black children cope with the often-unconscious racism and microaggressions of white society. Authoritative and comprehensive, *Raising Black Children* is an indispensable resource for every African American family and for teachers of all races who seek to gain sensitivity to the needs of their black pupils. A necessary addition to all parenting and parent-teacher collections. Linda Cullum, *Library Journal*

**Home, School, and Community Collaboration** Kathy B. Grant, Julie A. Ray, 2010 Using the culturally responsive family support model, this text prepares teachers to work effectively with the diverse families of their students. Filled with practical suggestions and reflective opportunities, *Home, School, and Community Collaboration* uses the culturally responsive family support model to prepare readers to work with children from diverse families. This text includes contributions from 24 experts in the field in addressing the issues in family involvement that today's teachers are likely to encounter. Key Features: Covers family systems theory, family involvement models, and the family support approach. Includes a wide range of practical strategies for use in today's schools, as well as activities that help readers make connections between the course content and their own experiences. Features case studies and vignettes that provide opportunities for reflection and help readers apply text information to real-life settings. Accompanied by Outstanding Ancillaries: Instructor Resources on CD offer valuable resources for qualified adopters, such as sample syllabi, teaching tips, PowerPoint presentations, and a comprehensive test bank. Sara Harkness, Charles M. Super, 1996-01-01 This illuminating new volume offers a multifaceted view of parenting cultural belief systems, their origins in culturally constructed parental experience, their expressions in parental practices, and their consequences for children's well-being and growth. Discussing issues with implications beyond the study of parenthood, the book shows how the analysis of child outcomes, which relate to parents' cultural belief systems or parental ethnotheories, can provide valuable insights into the nature and meaning of family and self in society and, in some cases, a basis for culturally sensitive therapeutic interventions. Illuminating the powerful influence of parents' cultural belief systems on the health and

development of children this volume will be welcomed by a broad audience Anthropologists and psychologists interested in cultural theory and the interface of self and society will find a rich source of ideas and information Parent educators family therapists pediatricians and others who deal with ethnically diverse populations will discover invaluable information on what makes parents think and act the way they do The book can be used as a primary text for courses in cognitive anthropology and cultural psychology and as an auxiliary text for culturally oriented courses in lifespan development education health and human services

**Understanding Diverse Families** Barbara F. Okun,1998-07-17 Today s mental health practitioners face a rapidly changing clientele Divorce remarriage multiracial marriages different types of adoption openly gay and lesbian relationships all have significantly altered the nature and composition of families An indispensable classroom text and an important resource for clinicians working in private practice managed care and other settings this book insightfully examines a range of healthy families with creative family structures

**Sharing Care** Robert Ziegler,Andrew Bush,2013-05-13 A clinician faces a multitude of considerations when assessing a child patient Foremost among these is that caring for the child entails caring for the family members involved with that child The therapist must balance the competing needs and feelings of the child parents and family as a whole By forming an alliance with all members of the family the therapist is in a position to strengthen and enhance the ties between child parents and family during all phases of assessment and treatment leading to a more effective therapeutic intervention Paving the Way for Children s Success offers a model that will help clinicians achieve this alliance The model presented in this book focuses on ways to integrate child assessment and treatment with that of their parents and families level of function It uses the authors unique concept of the Zones of Care to help clinicians assess this level of function In turn each of the four zones leads to a specific approach to treatment The authors present how these treatment approaches to current internalizing and externalizing disorders in children and adolescents allow clinicians to integrate a wide variety of techniques to address most DSM IV categories Their approach stresses both symptom reduction and the cultivation of coping skills It also integrates fiscal issues of treatment into the development of the alliance with the parents in resolving the presenting problem Dr Ziegler and Dr Bush present the reader with practical workable strategies for laying down strong diagnostic foundations for successful treatment making Paving the Way for Children s Success a valuable resource for any clinician working with children and adolescents

**Queen Bee Moms & Kingpin Dads** Rosalind Wiseman,Elizabeth Rapoport,2006-03-07 What happens to Queen Bees and Wannabes when they grow up Even the most well adjusted moms and dads can experience peer pressure and conflicts with other adults that make them act like they re back in seventh grade In Queen Bee Moms Kingpin Dads Rosalind Wiseman gives us the tools to handle difficult situations involving teachers and other parents with grace Reassuring funny and unfailingly honest Wiseman reveals Why PTA meetings and Back to School nights tap into parents deepest insecurities How to recognize the archetypal moms and dads from Caveman Dad to Hovercraft Mom How and when to step in

and step out of your child's conflicts with other children, parents, teachers, or coaches. How to interpret the code phrases other parents use to avoid or provoke confrontation. Why too many well-meaning dads sit on the sidelines and how vital it is that they step up to the plate. What to do and say when the playing field becomes an arena for people to bully and dominate other kids and adults. How to have respectful yet honest conversations with other parents about sex and drugs when your values are in conflict. How the way you handle parties, risky behavior, and academic performance affects your child. How unspoken assumptions about race, religion, and other hot-button subjects sabotage parents' ability to work together. *Queen Bee Moms Kingpin Dads* is filled with the kind of true stories that made Wiseman's New York Times bestselling book *Queen Bees Wannabes* impossible to put down. There are tales of hardworking parents with whom any of us can identify, along with tales of outrageously bad parents the kind we all have to reckon with. For instance, what do you do when parents donate a large sum of money to a school and their child is promptly transferred into the honors program while your son, with better grades, doesn't make the cut? What about the mother who helps her daughter compose poison pen e-mails to yours? And what do you say to the parent coach who screams at your child when the team is losing? Wiseman offers practical advice on avoiding the most common parenting land mines and useful scripts to help you navigate difficult but necessary conversations. *Queen Bee Moms Kingpin Dads* is essential reading for parents today. It offers us the tools to become wiser, more relaxed parents and the inspiration to speak out, act according to our values, show humility, and set the kind of example that will make a real difference in our children's lives. Also available as a Random House AudioBook and as an eBook.
