Becoming American in Creole New Orleans, 1896-1949 Darryl Barthé, Jr.,2021-07-14 Extensive scholarship has emerged within the last twenty five years on the role of Louisiana Creoles in the eighteenth and early nineteenth centuries yet academic work on the history of Creoles in New Orleans after the Civil War and into the twentieth century remains sparse Darryl Barth Jr s Becoming American in Creole New Orleans moves the history of New Orleans Creole community forward documenting the process of becoming American through Creoles encounters with Anglo American modernism Barth

tracks this ethnic transformation through an interrogation of New Orleans's voluntary associations and social sodalities as well as its public and parochial schools where Creole linguistic distinctiveness faded over the twentieth century because of English only education and the establishment of Anglo American economic hegemony Barth argues that despite the existence of ethnic repression the transition from Creole to American identity was largely voluntary as Creoles embraced the economic opportunities afforded to them through learning English Becoming American entailed the adoption of a distinctly American language and a distinctly American racialized caste system Navigating that caste system was always tricky for Creoles who had existed in between French and Spanish color lines that recognized them as a group separate from Europeans Africans and Amerindians even though they often shared kinship ties with all of these groups Creoles responded to the pressures associated with the demands of the American caste system by passing as white people completely or situationally or more often redefining themselves as Blacks Becoming American in Creole New Orleans offers a critical comparative analysis of Creolization and Americanization social processes that often worked in opposition to each another during the nineteenth century and that would continue to frame the limits of Creole identity and cultural expression in New Orleans until the mid twentieth century As such it offers intersectional engagement with subjects that have historically fallen under the purview of sociology anthropology and critical theory including discourses on whiteness m tissage m tisaj and critical mixed race theory

We're Still Here Ya Bastards Roberta Brandes Gratz, 2015-06-09 The aftermath of Hurricane Katrina is one of the darkest chapters in American history The storm caused unprecedented destruction and a toxic combination of government neglect and socioeconomic inequality turned a crisis into a tragedy But among the rubble there is hope We re Still Here Ya Bastards presents an extraordinary panoramic look at New Orleans's revival in the years following the hurricane Award winning journalist Roberta Brandes Gratz shares the stories of people who returned to their homes and have taken the rebuilding of their city into their own hands She shows how the city from the Lower Ninth Ward to the storied French Quarter to Bayou Bienvenue is recovering despite flawed governmental policies that promote disaster capitalism rather than the public good While tracing positive trends Gratz also investigates the most fiercely debated issues and challenges facing the city a violent and corrupt prison system the tragic closing of Charity Hospital the future of public education and the rise of gentrification By telling stories that are often ignored by the mainstream media We re Still Here Ya Bastards shows the strength and resilience of a community that continues to work to rebuild New Orleans and reveals what Katrina couldn't destroy the vibrant culture epic history and unwavering pride of one of the greatest cities in America [A Creole Lexicon](#)

New Orleans and the Design Moment Jacob Wagner, Michael Frisch, 2014-06-11 Following the disaster of Hurricane Katrina in New Orleans people began to discuss and visualize the ways in which the urban structure of the city could be reorganized Rather than defining the disaster recovery process as simply a matter of rebuilding the existing city these voices called for a more radical rethinking of the city s physical social and environmental systems This idea of disaster as an opportunity for urban restructuring is a hallmark of a design moment Design moments are different from the incremental process of urban growth and development Instead of gradual growth and change design moments present the opportunity for a significant restructuring of urban form that can shape the city for decades to come As such a design moment presents a critical juncture in the historical growth and development of a city In this book we explore the question what does urban design have to do with a disaster like Hurricane Katrina Focused on New Orleans the authors explore different dimensions of the post disaster design moment including the politics of physical redevelopment the city s history and identity justice and the image of the city demolition and housing development and the environmental aspects of the recovery process This book was published as a special issue of the *Journal of Urban Design*

Sunset Limited Wendy A. Gaudin, 2025-03-18 Shaped by centuries of migration enslavement freedom colonization and cultural mixture Louisiana Creole identity is often simplified or misunderstood to fit into today's ideas about race and nationality In *Sunset Limited An Autobiography of Creole* Wendy A Gaudin fearlessly takes on the many meanings of Creole in a lyrical exploration of how this multilayered transnational bilingual and racially expansive history of New Orleans and Louisiana has manifested itself in her own diasporic Creole family When Gaudin's Creole grandparents boarded the Sunset Limited train in Jim Crow era New Orleans they imagined new lives for themselves in the city of Los Angeles The Sunset Limited produced a twentieth century Creole community on the West Coast whose members ate the traditional foods of south Louisiana gathered in one another's homes and churches spoke in the distinctive dialects of the Gulf Coast and taught their children to respect their unique blended ancestry and their centuries long history As an adult yearning to know more about her Creole background Gaudin returned to Louisiana There she began to trace her Creole ancestors back to the time before the Civil War confronting hard truths about the past her grandparents left behind Revisiting the lands of her ancestors diving into the archival record interviewing those who remained in New Orleans and remembering the stories told to her by her elders Gaudin sought answers to questions asked by many whose lives are shaped by migration Why did her people leave their ancestral home What did they lose in the leaving and what did they gain *Sunset Limited* explores the boundaries of what it means to be Creole how migration shaped Gaudin's family and her community and how this history is remembered and told Incorporating historical narrative oral history biomythography historiography cultural geography autoethnography and poetry *Sunset Limited* is as multidimensional and dynamic as Louisiana Creoles themselves Weaving together the stories of her mixed race elders the artifacts of her ancestors and memories of her California childhood Gaudin argues that history is not a cold linear record of the past Rather it is a deeply felt understanding of how we are shaped by the movements of our ancestors and of our rich and ever changing relationships with those who came before us
