The book applies the concept of the civilizing mission to a number of issues in the colonial and postcolonial eras in South Asia: economic development, state building, pacification, nationalism, cultural improvement, gender and generational relations, caste and untouchability, religion and missionaries, class relations, urbanization, NGOs and civil society. The Brahmo Samaj and the Shaping of the Modern Indian Mind David Kopf, 2015-03-08. As the forerunners of Indian modernization, the community of Bengali intellectuals known as the Brahmo Samaj played a crucial role in the genesis and development of every major religious, social and political movement in India from 1820 to 1930. David Kopf launches a comprehensive generation to generation study of this group in order to understand the ideological foundations of the modern Indian mind. His book constitutes not only a biographical and a sociological study of the Brahmo Samaj but also an intellectual history of modern India that ranges from the Unitarian social gospel of Rammohun Roy to Rabindranath Tagore's universal humanism and Jessie Bose's scientism. From a variety of biographical sources, many of them in Bengali and never before used in research, the author makes available much valuable information. In his analysis of the interplay between the ideas, the consciousness and the lives of these early rebels against the Hindu tradition, Professor Kopf reveals the subtle and intricate problems and issues that gradually shaped contemporary Indian consciousness. What emerges from this group portrait is a legacy of innovation and reform that introduced a rationalist tradition of thought, liberal political consciousness and Indian nationalism, in addition to changing theology and ritual, marriage laws and customs and the status of women. Rabindranath Tagore's Ideational Challenges Bidyut Chakrabarty, 2022-12-30 Rabindranath Tagore's Ideational Challenges is an analytical attempt to show that Rabindranath Tagore in his own unique style raised some troublesome sociocultural issues that constrained the attainment of the politico ideological objectives that the nationalists espoused His creative texts were not merely literary articulation of the issues but were powerful responses to the prevalent conceptual parameters on which humanity rested Although the poet did not appear to have made such a claim his writings dealt with politico ideologically innovative ideas about human diversity that naturally flourished in the Indian subcontinent By approaching the pertinent sociocultural and politico ideological issues from a literary perspective the poet seemingly refashioned the dominant views on humanity The selected novels and short stories in this book represent a distinct voice explicit in the politico ideological message Keeping this in view each chapter is an articulation of the views that Rabindranath championed while contributing to ushering in a new vision based on his perception of well entrenched sociocultural values of the time

Being Hindu, Being Indian Vanya Vaidehi Bhargav, 2024-02-29 In popular imagination Lala Lajpat Rai is frequently associated with Bhagat Singh who by assassinating J P Saunders avenged Rai's death caused by a police lathi charge and was hanged for it Lajpat Rai is also remembered for his fervent opposition to British rule In recent decades however historians have converged with the Hindu Right in rediscovering Lajpat Rai as an ideological ancestor of Hindutva But what then explains Rai's wholehearted approval of Congress Muslim League cooperation and attempt to endow Hindus and Muslims with bonds of common belonging Why did he reinterpret India's medieval history to highlight peaceful coexistence between Hindus and Muslims Have our hasty conclusions about Lajpat Rai's nationalist thought concealed its complexities and distorted our understanding of nationalism in general Meticulously researched and eloquently written *Being Hindu Being Indian* offers the first comprehensive examination of Lajpat Rai's nationalist thought By revealing the

complexities of Rai's thinking it provokes us to think more deeply about broader questions relevant to present day politics. Are all expressions of Hindu nationalism the same as Hindutva? What are the similarities and differences between Hindu and Indian nationalism? Can communalism and secularism be expressed together? How should we understand fluidity in politics? This book invites readers to treat Lajpat Rai's ideas as a gateway to think more deeply about history, politics, religious identity and nationhood.
