Myers, 2025-01-27 **The State I'm In** Andrew James, 2004-08-17 Andrew James writes about the wretched life of an individual taxed too heavily by an abusive and excessive U S government The main character of the story Andrew Henry resides in rural upstate New York and in his diary he writes In a capitalistic society the government should create and enforce laws not redistribute the wealth To give to one person it must take from another and for average income earners and the working poor this burden is too great The U S government has become a socialist regime as opposed to a capitalistic state and its quest for control of America s money has elevated its involvement in the economy to a level that borders on communism Not only is the government s extreme redistribution of wealth unfair it should be illegal since the current collective tax rate of 59 1 percent infringes on the dreams ambitions and desires of working families and individuals see pp 12 14 Also the designed inequities of the American tax system discriminate against and persecute certain citizenry In the United States of America discrimination in any form should be illegal Later in the story America is attacked by a substantial multinational invasion force Henry finds shelter in an Ohio fallout shelter while his wife and daughter find shelter in an upstate New York fallout shelter The many countries harboring past grievances with the United States strike with surprising strategic planning and accuracy While in the shelter Henry is protected from the fallout generated from this limited nuclear attack Henry describes the shelter construction and protective qualities This book offers a scholarly insight to the culture of rural upstate New York and other American communities that feel overwhelmed by our current tax system It also lends insight to where we may be heading as a peace loving nation in a militarily volatile world **IT IS A MUST READ FOR Politicians Military Personnel Scholars Every U S Citizen** **Deification in Classical Greek Philosophy and the Bible**

James Bernard Murphy, 2024-06-27 The goal of human life according to Plato Aristotle and the Bible is to become as much like god as possible This book written in vivid and lucid English illuminates Greek philosophy by showing how it grows out of ancient Greek religion and how it compares to biblical religion The Human Being as Body and Soul in relation to the Cosmos Rudolf Steiner, 2025-05-19 That is the ideal towards which Ahriman is striving to destroy the individuality of human beings in order with the power of human thinking to transform the earth into a web of gigantic thought spiders but real spiders That is the ahrimanic goal from which we must escape by really imbuing ourselves with the spirit Word Not I but the Christ in me Rudolf Steiner These majestic lectures speak of the threefold human being of body head heart and hands soul thinking feeling and will and spirit waking dreaming and sleeping Such holistic concepts challenge the acute dangers of polarisation of twofoldness being bound to the earth through dead thought on the one hand the ahrimanic and taken up into states of fantasy on the other the luciferic The challenge says Rudolf Steiner is always to see the intermediary or balancing force the Christ being in every context Steiner refers to the conclusions of the Ecumenical Council of 869 AD that human beings consist only of body and soul Now he says we are entering a period where even the soul is denied in favour of the physical brain In contrast he presents a vision of evolving humanity in the broader context of a cosmos that reaches to realms of existence beyond even space and time This previously unpublished course of lectures released in tandem with the twin course in CW 206 features an introduction by William Forward notes and an index Thirteen lectures Stuttgart Bern June July 1921 GA 205 **You Are the Universe** Deepak Chopra, M.D., Menas C. Kafatos, Ph.D., 2018-09-04 NEW YORK TIMES BESTSELLER Deepak Chopra joins forces with leading physicist Menas Kafatos to explore some of the most important and baffling questions about our place in the world A riveting and absolutely fascinating adventure that will blow your mind wide open Dr Rudolph E Tanzi What happens when modern science reaches a crucial turning point that challenges everything we know about reality In this brilliant timely and practical work Chopra and Kafatos tell us that we've reached just such a point In the coming era the universe will be completely redefined as a human universe radically unlike the cold empty void where human life is barely a speck in the cosmos You Are the Universe literally means what it says each of us is a co creator of reality extending to the vastest reaches of time and space This seemingly impossible proposition follows from the current state of science where outside the public eye some key mysteries cannot be solved even though they are the very issues that define reality itself What Came Before the Big Bang Why Does the Universe Fit Together So Perfectly Where Did Time Come From What Is the Universe Made Of Is the Quantum World Linked to Everyday Life Do We Live in a Conscious Universe How Did Life First Begin The shift into a new paradigm is happening the authors write The answers offered in this book are not our invention or eccentric flights of fancy All of us live in a participatory universe Once you decide that you want to participate fully with mind body and soul the paradigm shift becomes personal The reality you inhabit will be yours either to embrace or to change What these two great minds offer is a bold new understanding of who we are and how we can
