Rape And Woman's Identity:

Rape and Woman's Identity William B. Sanders, 1980-07 Rape is an assault on a woman's identity reputation and sense of self according to the author Sanders originally intended to study the interaction of police and rape victims but found it necessary to widen the scope of his research to include the legal cultural and social context of rape its typical physical process the reasons for it and its effect on victims What emerges is a study of rape from every possible viewpoint one that leads the author to a discussion of sex role and self in society Altogether this book is eminently readable It is written in a simple comprehensive style very rare in works employing a dramaturgical ethnomethodological approach The chapters and sections are short and peppered *Rape, Rape and Feminism in Contemporary American Drama* Davida Bloom, 2015-11-13

This first ever study of rape in modern American drama examines portrayals of rape raped women and rapists in 36 plays written between 1970 and 2007 the period during which the feminist movement made rape a matter of public discourse These dramas reveal much about sexuality and masculine and feminine identity in the United States The author traces the impact of second wave feminism antifeminist backlash third wave feminism and postfeminism on the dramatic depiction of rape The prevalence of commonly accepted rape myths that women who dress provocatively invite sexual assault for example is well documented along with equally frequent examples which dispute these myths **Women, States and Nationalism**

Sita Ranchod-Nilsson, Mary Ann Tetreault, 2003-09-02 Women States and Nationalism counters this attitude and examines the many and contradictory ways in which women negotiate their places in the nation The volume includes theoretical essays that explore the multiple ways in which the very concept of nation is based upon notions of family sexuality and gender power which are often overlooked or downplayed by male stream scholarship It gathers together an outstanding panel of feminist scholars and area studies specialists who through a series of focused case studies analyse diverse issues which include gender and sectarian conflict in Northern Ireland the paradox of Israeli women soldiers women civic duty and the military in the USA the Hindu Right in India power agency and representation in Zimbabwe political identity and heterosexism This timely volume is a highly valuable resource for students and scholars of Nationalism Internationalism Studies and Women's Studies

Women in the Ancient World John Peradotto, J. P. Sullivan, 1987-04-15 One of the reasons for the study of the Greek and Roman classics is their perpetual relevance In no area can this position be more clearly defended than in the investigation of the feminine condition for it was here that basic attitudes derogatory to the sex were molded by legal and social systems by philosophers and poets and by the thinking of men long since gone Women in the Ancient World brings together essays that examine philosophy social history literature and art and that extend from the early Greek period through the Roman Empire Their wide range of critical perspectives throws new light on the personal political socio economic and cultural position of women

Foucault, Feminism, and Sex Crimes Chloë Taylor, 2018-10-08 This book brings together Foucault's writings on crime and delinquency on the one hand and sexuality on the other to argue for an anti carceral feminist Foucauldian approach to sex crimes The author expands on Foucault's writings through intersectional explorations of the critical race decolonial critical disability queer and critical trans studies literatures on the prison that have emerged since the publication of Discipline and Punish and The History of Sexuality Drawing on Foucault's insights from his genealogical period the book argues that those labeled as sex offenders will today be constructed to re offend twice over once in virtue of the delinquency with which they are inculcated through criminological discourses and in the criminal punishment system and second in virtue of the manners in which their sexual offense is taken up as an identity through psychological and sexological discourses The book includes a discussion of non retributive responses to crime including preventative redistributive restorative and transformative justice It concludes with

A History of Women and the Mind Doctors Lisa Appignanesi, 2009-08-31 A work of wit wisdom and richness A grand tour of derangement from matricide to anorexia John Leonard Harper s This fascinating history of mind doctors and their patients probes the ways in which madness badness and sadness have been understood over the last two centuries Lisa Appignanesi charts a story from the days when the mad were considered possessed to our own century when the official psychiatric manual lists some 350 mental disorders Women play a key role here both as patients among them Virginia Woolf Sylvia Plath and Marilyn Monroe and as therapists Controversially Appignanesi argues that women have significantly changed the nature of mind doctoring but in the process they have also inadvertently highlighted new patterns of illness **Haunting**

Violations Wendy Hesford, Wendy Kozol, 2000-11-30 Feminist critics place a premium on the real stories told by the victimized and the oppressed Haunting Violations offers a corrective to such uncritical acceptance of the real in confessional testimonial and ethnographic narratives Through close readings of a wide variety of texts contributors argue that depictions of the real are inherently performative crafted within the limits and in the interests of specific personal political or social projects Haunting Violations explores the inseparability of discourse and politics in quasi autobiographical works such as I Rigoberta Mench and When Heaven and Earth Changed Places Contributors consider how the Sri Lankan Mother s Front movement exploits the sanctity of the maternal and how multiple political purposes on both sides bleed through government documentary photographs of Japanese American concentration camp internees This volume also investigates how South Asian feminists use the authority of their personal experience to critique the film Mississippi Masala and how realist narratives such as Janet Campbell Hale s autobiographical Bloodlines Margie Strosser s documentary film Rape Stories and Shekur Kapur s film Bandit Queen reexamine how assumptions about power and trauma are embedded in the promise of the real **One Night** Cathy Winkler, 2002-05-07 One night anthropologist Cathy Winkler awoke from a deep sleep to discover a rapist standing by her bed For the rest of that night she lived a woman s worst nightmare as she was repeatedly raped and beaten by the stranger The event changed her life into something resembling a Kafka novel a justice system that bungled the case then blamed the victim a social service system that provided no services or comfort uneasy and awkward friends exploitative media and insensitive university administrators and colleagues The pain of those four hours was dwarfed by the frustration of her decade long fight to find the rapist and bring him to justice ultimately through one of the first successful uses of DNA evidence in a rape case Winkler a brilliant observer and ethnographer chronicles this struggle here including her own growing awareness of her power to stare down district attorneys to use the media to her own ends including segments on 48 Hours and Court TV and ultimately through her persistence to put the rapist behind bars for life As a story of

triumph over adversity One Night is an inspirational work And it provides a model of how researchers can turn the lens inward and incisively examine ourselves and our own world

Violence against Women under International Human Rights Law Alice Edwards,2010-12-23 Since the mid 1990s increasing international attention has been paid to the issue of violence against women However there is still no explicit international human rights treaty prohibition on violence against women and the issue remains poorly defined and understood under international human rights law Drawing on feminist theories of international law and human rights this critical examination of the United Nations legal approaches to violence against women analyses the merits of strategies which incorporate women s concerns of violence within existing human rights norms such as equality norms the right to life and the prohibition against torture Although feminist strategies of inclusion have been necessary as well as symbolically powerful for women the book argues that they also carry their own problems and limitations prevent a more radical transformation of the human rights system and ultimately reinforce the unequal position of women under international law

Conflict in Developing Countries Geoff Harris,2002-02-07 This comprehensive work examines ways in which developing countries may achieve economic political and social reconstruction in the wake of armed conflict International researchers discuss such issues as women and children in the recovery process refugees and the role of aid the reintegration of ex combatants and community led recovery Case studies focus upon Afghanistan Angola Cambodia Mozambique South Africa and Sri Lanka Justice for 1971 War Rapes Tureen Afroz,2022-07-11 The history of 1971 Bangladesh War of Liberation accords the mass rape of Bangladeshi women by the Pakistan Army and their local collaborators After about 40 years of the Liberation War the matter of rape of the Bangladeshi women was brought under litigation to a certain extent in the International Crimes Tribunal of Bangladesh ICT BD However the issue of justice for the rape victims of the 1971 Bangladesh War of Liberation still lacks comprehensive social and legal attention A question remained very much unexplored as to whether legal justice through trials essentially ensures social justice for the war rape victims of Bangladesh It thus remains an unspoken narrative in Bangladesh in respect of how the war rape victims actually perceive justice Another question that arises in this regard is whether complete justice is being done in the course of ensuring legal justice to war rape victims It may be mentioned that no systematic and or comprehensive research has been conducted so far on this subject This research would endeavor to get an account from 385 Bangladeshi war rape victims and their families about the socio legal aspects of the long awaited justice
