Culotta, 2020-06-22 In *Tracing the Visual Language of Raphael's Circle to 1527* Alexis Culotta examines how the Renaissance master's style one infused with borrowed visual quotations from other artists both past and present proved influential in his relationship with associate Baldassare Peruzzi and in the development of the artists within his thriving workshop Shedding new light on the important yet often overshadowed figures within this network this book calls upon key case studies to convincingly illustrate how this visual language and its recombination evolved during Raphael's Roman career and subsequently served as a springboard for artistic innovation for these close associates as they collaborated in the years following Raphael's death **The Architect and Building News**, 1927 **Space, Image, and Reform in Early Modern Art** Arthur J. DiFuria, Ian Verstegen, 2021-11-08 The essays in *Space Image and Reform in Early Modern Art* build on Marcia Hall's seminal contributions in several categories crucial for Renaissance studies especially the spatiality of the church interior the altarpiece's facture and affectivity the notion of artistic style and the controversy over images in the era of Counter Reform Accruing the advantage of critical engagement with a single paradigm this volume better assesses its applicability and range The book works cumulatively to provide blocks of theoretical and empirical research on issues spanning the function and role of images in their contexts over two centuries Relating Hall's investigations of Renaissance art to new fields *Space Image and Reform* expands the ideas at the center of her work further back in time further afield and deeper into familiar topics thus achieving a cohesion not usually seen in edited volumes honoring a single scholar *Avery Index to Architectural Periodicals* Avery Library, 1973 1977 to present Citations to articles from more than 1 000 periodicals in all Western languages including all major architectural journals published in the U S and Great Britain as well as most South American European and Japanese architecture related periodicals *Renaissance Papers 2022* James M.
