Jokey Horse-Jockey North-South Rapport Mhango, Nkwazi,2018-06-08 No doubt North-South relationship involving poor and rich countries is very convoluted, based and built on exploitative, unequal, and unfair equilibria. It is purely jockey-horse-like connubium that serves one party as it disserves the other. This is why deconstructing and

detoxifying this relationship is sine qua non The author argues that the parties in this relationship must revisit it to make sure it equally benefits both for the benefit of the whole world Importantly the major question posed is Why did the two global halves maintain and tolerate such toxic rapport while knowingly it is but colonial and unjust The question is answered in this academic treatise which asks the parties to hark back and thereby do justice to each other by viewing themselves as humans with shared needs and future whose lesson from the past may buttress them to be major thespians in realising world peace This is because their parasitic relationship has fueled many conflicts revolving around the struggle for controlling resources in the South in order to sell to the North
