Rapture Culture Left Behind In Evangelical America:

Rapture Culture Amy Johnson Frykholm, 2004-03-04 In the twinkling of an eye Jesus secretly returns to earth and gathers to him all believers As they are taken to heaven the world they leave behind is plunged into chaos Cars and airplanes crash and people search in vain for loved ones Plagues famine and suffering follow The antichrist emerges to rule the world and to destroy those who oppose him Finally Christ comes again in glory defeats the antichrist and reigns over the earth This apocalyptic scenario is anticipated by millions of Americans These millions have made the Left Behind series novels that depict the rapture and apocalypse perennial bestsellers with over 40 million copies now in print In Rapture Culture Amy Johnson Frykholm explores this remarkable phenomenon seeking to understand why American evangelicals find the idea of the rapture so compelling What is the secret behind the remarkable popularity of the apocalyptic genre One answer she argues is that the books provide a sense of identification and communal belonging that counters the social atomization that characterizes modern life This also helps explain why they appeal to female readers despite the deeply patriarchal worldview they promote Tracing the evolution of the genre of rapture fiction Frykholm notes that at one time such narratives expressed a sense of alienation from modern life and protest against the loss of tradition and the marginalization of conservative religious views Now however evangelicalism's renewed popular appeal has rendered such themes obsolete Left Behind evinces a new embrace of technology and consumer goods as tools for God's work while retaining a protest against modernity's transformation of traditional family life Drawing on extensive interviews with readers of the novels Rapture Culture sheds light on a mindset that is little understood and far more common than many of us suppose

The Afterlife in Popular Culture Kevin O'Neill, 2022-06-17 The Afterlife in Popular Culture Heaven Hell and the Underworld in the American Imagination gives students a fresh look at how Americans view the afterlife helping readers understand how it's depicted in popular culture What happens to us when we die The book seeks to explore how that question has been answered in American popular culture It begins with five framing essays that provide historical and intellectual background on ideas about the afterlife in Western culture These essays are followed by more than 100 entries each focusing on specific cultural products or authors that feature the afterlife front and center Entry topics include novels film television shows plays works of nonfiction graphic novels and more all of which address some aspect of what may await us after our passing This book is unique in marrying a historical overview of the afterlife with detailed analyses of particular cultural products such as films and novels In addition it covers these topics in nonspecialist language written with a student audience in mind The book provides historical context for contemporary depictions of the afterlife addressed in the entries which deal specifically with work produced in the 20th and 21st centuries

End of Days Karolyn Kinane, Michael A. More Desired than Our Own Salvation Robert O. Smith, 2013-06-06 Millions of American Christians see U S support for the State of Israel as a God ordained responsibility American sympathies for the State of Israel are consistently and often substantially higher than for Arab states or Palestinians More Desired than Our Own Salvation is a compelling historical look at how this consensus came to be In 2006 John Hagee founded Christians United for Israel Several high level policymakers both Christians and Jews rushed to endorse the effort Soon however questions arose about anti Catholic and anti Islamic ideas contained in Hagee s preaching and writing More Desired than Our Own Salvation shows that these ideas draw from a long heritage of Anglo American Protestant culture Contemporary Christian Zionism may say more about American culture than most Americans care to admit The roots of Christian Zionism in sixteenth and seventeenth century Protestant interpretations of scripture and history formed not only Anglo American theology but the foundations of American culture itself Black Protestant views show for instance how Christian Zionism is connected intimately with racial identity and American exceptionalism not just Christian beliefs Martin Luther and John Calvin s identification of the Pope and the Turk as the two heads of the Antichrist echoes in our world today Robert O Smith has identified an English Protestant tradition of Judeo centric prophecy interpretation that shaped Puritan commitment In New England this tradition informed the foundations of American identity From the Cartwright Petition in 1649 to the Blackstone Memorial in 1891 to the work of John Hagee today Christian Zionism has prepared the ground for Christians in the U S to see the modern State of Israel as a prophetic counterpart a modern nation state whose preservation may be more desired than our own salvation

Christotainment Shirley R. Steinberg, Joe L., Joe L. Kincheloe, 2018-04-17 For more than two thousand years Christian expansion and proselytizing was couched in terms of defending the faith Until recently in the United States much of that defense came in the form of reactions against the liberal influences channeled through big corporate media such as popular music Hollywood movies and network and cable television But the election of Ronald Reagan as a Hollywood President introduced Christian America to the tools of advertising and multimedia appeals to children and youth to win new believers to God s armies Christotainment examines how Christian fundamentalism has realigned its armies to combat threats against it by employing the forces it once considered its chief enemies the entertainment media including movies television music cartoons theme parks video games and books Invited contributors discuss the critical theoretical frameworks of top selling devices within Christian pop culture and the appeal to masses of American souls through the blessed marriage of corporatism and the quest for pleasure

Inside Evangelicalism Mark Ward Sr.,2024-12-15 In Inside Evangelicalism Mark Ward Sr combines ethnographic autoethnographic and sociolinguistic research to identify and analyze white evangelicals distinctive culture and speech code from a perspective rooted deeply in both communication studies and the evangelical community The Bible emerges as evangelicalism s one dominant symbol that unifies all meaning and divides the world into a cosmic dualism between secular humanism and an all encompassing biblical worldview The associated language of literalism drives evangelical culture cognition and identity creating a system of ordered social relations enacted through patriarchy anti intellectualism authoritarianism and white Christian nationalism Ward s positionality as both an ethnographer of religious communication who has observed white evangelical culture for two decades and a self identified evangelical for four decades makes him uniquely qualified to cast an insider s critical yet balanced eye on conservative white Christian culture Inside Evangelicalism complements existing scholarship within anthropology and sociology where evangelicalism has been studied in conjunction with the rise of the Religious Right while contributing unique insights from religious communication studies The book is also a landmark in its own right a work that demonstrates the productive complementarity of ethnographic and autoethnographic research and the first study to describe evangelical culture through the ethnography of its communication

Reynolds III, 2011-11-16 Bennie H Reynolds analyzes of the language poetics of ancient Jewish historical apocalypses He investigates how the dramatis personae i e deities angels demons and humans are described in the Book of Daniel chapters 2 7 8 and 10 12 the Animal Apocalypse 1 Enoch 85 90 4QFourKingdoms a b ar the Book of the Words of Noah 1QapGen 5 29 18 the Apocryphon of Jeremiah C and 4QPseudo Daniel a b ar The primary methodologies for this study are linguistic and motif historical analysis and the theoretical framework is informed by a wide range of ancient and modern thinkers including Artemidorus of Daldis Ferdinand de Saussure Charles Peirce Leo Oppenheim Claude L vi Strauss and Umberto Eco The most basic contention of this study is that the data now available from the Dead Sea Scrolls significantly alter how one should conceive of the genre apocalypse in the Hellenistic Period This basic contention is borne out by five primary conclusions For example while some apocalypses employ symbolic language to describe the actors in their historical reviews others use non symbolic language Some texts especially from the Book of Daniel are mixed cases Among the apocalypses that use symbolic language a limited and stable repertoire of symbols obtain across the genre and bear witness to a series of conventional associations While several apocalypses do not use symbolic ciphers to encode their historical actors they often use cryptic language that may have functioned as a group specific language The language of apocalypses indicates that these texts were not the domain of only one social group or even one type or size of social group **Annual Review of the Sociology of Religion. Volume 6 (2015)** ,2015-09-17 While the churches are emptying other virtual religious places as the religious websites seem to be filling up The researcher focusing on religion and internet or digital religion as an object of study must seek answers to a number of questions Is computer mediated religious communication a particular communication process whose object is what we conventionally call religion Or is it a modern independent form of religious expressiveness that finds its new born status in the web and its particular language To examine the questions above and others the book collects more empirical data claiming that the Internet will have a specific or novel impact on how religious traditions are interpreted The blurring of previous boundaries offline online virtual local illegitimate legitimate religion is another theme common to all the contributions in this volume **Antisemitism and Philosemitism in the Twentieth and Twenty-first Centuries** Phyllis

Lassner, Lara Trubowitz, 2008 This book of essays provides a significant reappraisal of discussions of antisemitism and philosemitism The contributors demonstrate that analysis of philosemitic attitudes is as crucial to the history of representations of Jews and Jewish culture as are investigations of antisemitism **The "global War on Terror" and the Question of World Order** Hans Köchler, 2008 Global Faith, Worldly Power John Corrigan, Melani McAlister, Axel R. Schäfer, 2022-09-15 Assessing the grand American evangelical missionary venture to convert the world this international group of leading scholars reveals how theological imperatives have intersected with worldly imaginaries from the nineteenth century to the present Countering the stubborn notion that conservative Protestant groups have steadfastly maintained their distance from governmental and economic affairs these experts show how believers ambitious investments in missionizing and humanitarianism have connected with worldly matters of empire the Cold War foreign policy and neoliberalism They show too how evangelicals international activism redefined the content and the boundaries of the movement itself As evangelical voices from Africa Asia and Latin America became more vocal and assertive U S evangelicals took on more pluralistic multidirectional identities not only abroad but also back home Applying this international perspective to the history of American evangelicalism radically changes how we understand the development and influence of evangelicalism and of globalizing religion more broadly In addition to a critical introduction and essays by editors John Corrigan Melani McAlister and Axel R Schäfer are essays by Lydia Boyd Emily Conroy Krutz Christina Cecelia Davidson Helen Jin Kim David C Kirkpatrick Candace Lukasik Sarah Miller Davenport Dana L Robert Tom Smith Lauren F Turek and Gene Zubovich
